President Of Good And Evil The Ethics Of George W Bush

Julian Baggini, Peter S. Fosl

President Of Good And Evil The Ethics Of George W Bush:

Peter Singer Under Fire Jeffrey A. Schaler, 2011-09-30 One of the leading ethical thinkers of the modern age Peter Singer has repeatedly been embroiled in controversy Protesters in Germany closed down his lectures mistakenly thinking he was advocating Nazi views on eugenics Conservative publisher Steve Forbes withdrew generous donations to Princeton after Singer was appointed professor of bioethics His belief that infanticide is sometimes morally justified has appalled people from all walks of life Peter Singer Under Fire gives a platform to his critics on many contentious issues Leaders of the disability rights group Not Dead Yet attack Singer's views on disability and euthanasia Economists criticize the effectiveness of his ideas for solving global poverty Philosophers expose problems in Singer's theory of utilitarianism and ethicists refute his position on abortion Singer's engaging Intellectual Autobiography explains how he came by his controversial views while detailed replies to each critic reveal further surprising aspects of his unique outlook The President of Good and Evil Peter Singer, 2004 President Bush talks constantly about ethics and values They underpin all his public pronouncements whether he is declaring war on the axis of evil or announcing tax cuts This book is an attempt to hold his policies and actions as a president up to an ethical standard including his own The President of Good and Evil Peter Singer, 2004 This book is an attempt to hold the policies of George W Bush and his actions as president up to an ethical standard including his own But it goes beyond that it is also a study in a distinctively American ethic for there are many features of this ethic that are not widely held elsewhere in the developed world *The President of Good & Evil* Peter Singer, 2007 President George W Bush is the President of Good and Evil the man who more than any other United States president in living memory talks constantly about ethics about values about good and evil This book is an attempt to hold the policies of George W Bush and his actions as president up to an ethical standard including his own But it goes beyond that It is also a study in a distinctively American ethic for there are many features of his ethic that are not widely held elsewhere in the developed world There are also of course many Americans who do not share them Some will question whether Bush is sincere in his ethical pronouncements While Singer highlights some flagrant inconsistencies between what he has said and what he has done the book is not an exposé of the real Bush beneath the public pronouncements The President of Good Evil is Singer's attempt to hold the world's most prominent moralist accountable *The President of Good & Evil* Peter Singer, 2015-04-14 From the author of *Animal Liberation* an examination of the chasm between the words and actions of George W Bush who claimed the moral high ground more than any president in recent US history During his time in public office George W Bush framed a striking number of his major policies and initiatives with the concepts of good and evil From his christening of the axis of evil to the wars in the Middle East to his condemnation of stem cell research Bush consistently deployed moral language in discussions of the day's major issues But to what degree could his moral philosophy be considered coherent In *The President of Good Evil* Peter Singer offers an eye opening analysis of the ethical outlook of America's forty third president This ebook features an

illustrated biography of Peter Singer including rare photos from the author's personal collection

Perspectives on the Legacy of George W. Bush Ronald Eric Matthews, 2009

Opinions of the Presidency of George W. Bush and his perceived legacy seem to exist only at the extremes. From the contentious outcome of the 2000 election to the attacks on September 11 to the ongoing War in Iraq and Afghanistan to the efforts to transform major domestic policies and culminating with the financial crisis of 2008, it is little wonder that the name George W. Bush tends not to evoke lukewarm opinion. During his time in office, Bush obtained the highest approval ratings of any sitting president but also the lowest. Scholars and other observers of the Bush Presidency have been similarly divided. Across the board, the presidency of George W. Bush raises questions that invite challenges to political scientists' scholarly questions of significant general interest. The authors in this volume begin the process of addressing some of these questions with essays that cover an array of issues related to his presidency and the legacy it leaves. This collection of essays presented at the Mount Union College Symposium on the Legacy of George W. Bush seeks to provide some balance, offering some initial assessments of the consequences of this controversial president and his eventful tenure in office.

Der "gerechte Krieg" Georg Kreis, 2006

Der Begriff vom gerechten Krieg ist alt. Aktualität hat er bekommen, weil die von den USA in jüngster Zeit geführten Kriege damit gerechtfertigt werden sollen. Das Europa-Institut der Universität Basel hat dem Umgang mit der Vorstellung vom gerechten Krieg eine Vortragsreihe gewidmet, welche die verschiedenen Dimensionen und Hintergründe des komplexen Phänomens ausgeleuchtet hat. Dem interdisziplinären Charakter des Europa-Instituts entsprechend wurden Vertreterinnen und Vertreter verschiedener Disziplinen eingeladen, ihre Sichtweisen zum gemeinsamen Thema vorzubringen. Es bestand aber nicht die Erwartung, dass die Disziplinen gleichsam für sich selbst sprechen würden. Die Betrachtungsweise war stets eine doppelte: Sie war bestimmt durch die Denkschule der Disziplinen, aber nicht weniger auch durch die Persönlichkeiten ihrer Vertreterinnen und Vertreter. Herfried Münkler ging das Thema aus politikwissenschaftlicher, Anne Peters und Simone Peter aus rechtswissenschaftlicher, Wolfgang Palaver aus theologischer Sicht, an Andreas Zumach aus der Perspektive des politischen Publizisten, Thomas Scheffler aus dem Blickwinkel des Islamwissenschaftlers, Orlando Budelacci

vom philosophischen Standpunkt aus und Georg Kreis der Veranstalter und Herausgeber aus historischer Sicht Gemeinsam ist ihnen dass sie allesamt der Funktion wissenschaftlicher Analyse entsprechend eine kritische Betrachtung des Umgangs mit dem Begriff vom gerechten Krieg vornehmen Von Seiten des Publikums wurde mehrfach der Wunsch geussert auch eine schriftliche Version des Vorgetragenen verfügbar zu haben Die Publikation entspricht nun diesem Bedürfnis und geht davon aus dass die leicht bearbeiteten Beiträge es tatsächlich verdienen über den Tag hinaus einem grösseren Publikum zugänglich zu sein
