## Presence Of Pessoa:

*From Lisbon to the World* George Monteiro, 2018-09-04 Fernando Pessoa is one of the greatest poets of the 20th century. Until some years ago known in the English speaking world only among a minority of connoisseurs, his work is finally becoming available in English translations and more are in the process of reaching the literary public. Born in Lisbon in 1888, Pessoa was only forty-seven when he died, but he left behind a staggering number of unpublished manuscripts that are still being screened and brought to light. George Steiner heralded the day Pessoa discovered his major Portuguese heteronyms for no country had ever seen the birth of four great poets in a single day. That was a reference to the personae Pessoa created: the famous heteronyms Alberto Caeiro, Álvaro de Campos, and Ricardo Reis, besides the man himself, all poets in their own right with their biographies and even critical exchanges among themselves. Today well over a hundred Pessoa heteronyms are known, including notably the semi-heteronym Bernardo Soares, author of *The Book of Disquiet*, presently available in two English translations. Lately another Pessoa is emerging: an English writer as well as a thinker. Indeed, having been educated in Durban, South Africa, where his stepfather was the consul of Portugal, the poet had a strong English education that shaped his life and thought. George Monteiro has been in the forefront of the uncovering of this side of Pessoa. Author among many other works of *The Presence of Pessoa: English, American, and Southern African Literary Responses* and *Fernando Pessoa and Nineteenth Century Anglo-American Literature*, in this volume Monteiro continues to explore and interpret the world of Pessoa to English-speaking readers. *Fernando Pessoa's Modernity Without Frontiers* Mariana Gray de Castro, 2013 Eighteen short essays by the most distinguished international scholars examine Pessoa's influences, his dialogues with other writers and artistic movements, and the responses his work has generated worldwide. Portuguese writer Fernando Pessoa claimed that he did not evolve but rather travelled. This book provides a state-of-the-art panorama of Pessoa's literary travels, particularly in the English-speaking world. Its eighteen short, jargon-free essays were written by the most distinguished Pessoa scholars across the globe. They explore the influence on Pessoa's thinking of such writers as Whitman and Shakespeare, as well as his creative dialogues with figures ranging from decadent poets to the dark magician Aleister Crowley, and finally some of the ways in which he in turn has influenced others. They examine many different aspects of Pessoa's work, ranging from the poetry of the heteronyms to the haunting prose of *The Book of Disquiet*, from esoteric writings to personal letters, from reading notes to unpublished texts. Fernando Pessoa's *Modernity Without Frontiers* is a valuable introduction to this multifaceted modern master, intended for both students of modern literature and general readers interested in one of its major figures. [The Presence of Pessoa](#) George Monteiro, 2021-12-14 Fernando Pessoa (1888-1935) is perhaps the most engaging of the great Western modernists of this century. Born in Portugal but raised and educated in southern Africa, Pessoa wrote poetry, fiction, and nonfiction. George Monteiro provides refreshingly new interpretations of Pessoa's *Mensagem* (Message) and the modernist novella *O Banqueiro Anarquista* (The Anarchist Banker). But he is primarily interested in tracing

Pessoa's influence on a wide range of contemporary writers. Among those Monteiro finds putting Pessoa's work to their own surprising and sometimes comic uses are Joyce, Carol Oates, Allen Ginsberg, John Wain, Lawrence Ferlinghetti and earlier poets including Thomas Merton, Edouard Roditi and Roy Campbell. In addition, the complete text of Campbell's pioneering biocritical study of Pessoa is published here for the first time.

**Immersed in Media** Matthew Lombard, Frank Biocca, Jonathan Freeman, Wijnand IJsselsteijn, Rachel J. Schaevitz, 2015-06-18 Highlights key research currently being undertaken within the field of telepresence providing the most detailed account of the field to date, advancing our understanding of a fundamental property of all media: the illusion of presence, the sense of being there inside a virtual environment with actual or virtual others. This collection has been put together by leading international scholars from America, Europe and Asia. Together they describe the state of the art in presence theory, research and technology design for an advanced academic audience. *Immersed in Media* provides research that can help designers optimize presence for users of advanced media technologies such as virtual and augmented reality, collaborative social media, robotics and artificial intelligence and lead us to better understand human cognition, emotion and behaviour.

**Entgegenkommen**, 2021-11-01 This volume presents the first collection of critical essays on the work of the contemporary poet Barbara K hler. b 1959 K hler's first collection *Deutsches Roulette* attracted wide critical acclaim on its publication in 1991 when its poetic articulation of a last days consciousness of the German Democratic Republic hit a nerve with the German reading public. The radicalisation of her poetics in her subsequent mainstream publications *Blue Box* 1995 and *Wittgensteins Nichte* 1999 together with her interest in pursuing work at the periphery of the publishing scene perhaps explains the relative lack of critical attention accorded her work up until now. The seven critical essays in the volume provide an overview of the various aspects of her work to date: poetry, essays, text installation in the public sphere as well as debating from different theoretical perspectives including feminist and media theory, the reconceptualisation of the subject and of intersubjective relations that lies at the heart of her poetological project. The volume also includes texts by K hler from the late 1990s, two poems from her 1998 artbook publication *cor responde* and her extended reflection on gender relations in the German language *Tango Ein Distanz*, a conversation between the author and Georgina Paul and as a coda an essay on translating K hler that presents versions of one of her best known poems *Rondeau Allemagne*.

**Portuguese Studies Review**, 2003 *Will and Grace* Hune Margulies, 2017-11-13 This book is a poetic reading of the dialogical philosophy of Martin Buber. My reading of Martin Buber takes me to this principal insight: God is not in heaven nor on earth; God is not above nor below, not within and not without, not in the soul or in the flesh; God is not an entity anywhere; God is the between of an I and a Thou. These pages are not an academic study in the strict sense; my meditations in this book are not a literal description of Buber's philosophy for Buber would never have approved of taking his words in any way other than in dialogue. Buber wrote in dialogue with the reader and I read Buber in the poetic philosophy of his words. In other words, we can say that the essential thinking in Martin Buber's

philosophy is that the presence of god in us is always enacted as the presence of god between us god like love like poetry is a deed we do the god deed is actualized not in rituals or temples but in the practices of the sacraments of the neighbor for there is nothing we can predicate of god but we can still meet god in the embrace of the neighbor we meet god as we meet with one another in genuine relationship god is not in the relationship god is the relationship god is no thing but there is nothing that isn't god in the between of an i and a thou **Southfields** Raymond Friel, David P.
