Monthly Catalog of United States Government Publications , 1993 *Monthly Catalogue, United States Public Documents* , 1993 The Complete Book of U.S. Presidents William A. DeGregorio, 1993 A ready reference guide to the presidents of the United States from George Washington through Bill Clinton **The American Catalogue** , 1891

Rating the Presidents William J. Ridings, Stuart B. McIver, 2000-10 A solid primer and reference about the many men who have held the highest office in the US from George Washington to Bill Clinton Based on a poll of 719 historians political scientists this book ranks all the presidents in order of their influence importance From the best rated president Lincoln to the worst rated Harding the authors analyse the high low points of each Chief Executive s term Of course external factors influence a presidency as well the authors supply a detailed overview of each administration to provide an in depth perspective Rating America's Presidents Robert Spencer, 2020-08-25 Most historians of the American presidency walking in lockstep with today s hard Left academic establishment favor presidents who were big government statist and globalists They dislike presidents who lowered taxes protected American workers and avoided getting the United States entangled in foreign conflicts that had nothing to do with protecting the American people It is through that prism that they see all of American history It s time for a change Nowadays with socialism massively discredited and internationalism facing more opposition than it has since before World War II it s time to reevaluate what the Leftist historians have told us Donald Trump was elected president pledging to put America First as any nation s leader should put his or her own people first There needs to be an America First reevaluation of him and his predecessors This book therefore rates the presidents not on the basis of criteria developed by socialist internationalist historians but on their fidelity to the United States Constitution and to the powers and limits to those powers of the president as delineated by the Founding Fathers America s presidents are rated on the extent to which they put America First not in the sense of a narrow isolationism but whether they really advanced the interests of the American people This upends the conventional wisdom about a great deal of American history and present day reality and is intended to do so This book offers what should be the only criteria for rating the occupants of the White House were they good for America *The American Presidency* Fenton S. Martin, Robert Goehlert, 1987 **Official History of the United States by the Presidents** , 1900 **Our Country's Presidents** Ann Bausum, 2009 Comprehensive profiles of the Presidents timelines of their eras and features on important aspects of the presidency **Catalogue of the Library of the Peabody Institute of the City of Baltimore ...** George Peabody Library, 1889 **A Compilation of the Messages and Papers of the Presidents** United States. President, 1897 *Inventing the American Presidency* Thomas E. Cronin, 1989 In fourteen essays supplemented by relevant sections of and amendments to the Constitution and five Federalist

essays by Hamilton provides the reader with the essential historical and political analyses of who and what shaped the presidency *Dwight D. Eisenhower* Dwight D.
