Personalization and Digital Social Markets Tahir M. Nisar, 2025-01-09 Tahir Nisar presents a cogent compelling account of recent developments and disruptions within the digital economy and particularly within the industrial and service sectors Through an original overarching framework rooted in the concept of personalization and its antecedents Nisar identifies radically new forms of relationships both economic and social among firms and customers These new relationships are driving major changes in commercial and industrial firms policies and practices and in turn in the entire market economy E commerce trading user generated content virtual communities co creation influencer movements FinTech and sharing economies have strengthened the hands of consumers and have encouraged developments in cognitive technologies such as AI automation which in turn create new ways of working and disruptions to traditional capital labour relations Ultimately what emerges from this study is a picture of how digital technologies unleash forces of change that are creating new forms of social and economic sharing arrangements and new forms of social organization For its empirical depth and and theoretical rigor this book is essential reading for researchers and students interested in emerging alternative forms of economics business and management and particularly those interested in the digital economy and the state and future of capitalist markets

The Log in Your Eye Sam Ukala, 1986 Box Office , 1963 Composition and Grammar ENC1101 Editorial Board, 2022-06-15 We live in a world of words The way we interact with our fellow humans is very often based on the language that always surrounds us whether it be the messages we send the news we read or the assignments we complete in classes that give us the education intended to lead us to success What might be the best way to navigate the complexity of language especially in a first year composition course This book addresses these issues by presenting lessons examples and student samples through an approach that is friendly conversational and realistic Created by actual instructors of composition at HCC this book includes many resources to guide composition students of different skill levels In depth overviews of reading writing and revising Engaging exercises that anticipate and address the most common errors of writers Actual student samples that provide the basis of class discussions and analysis With guidance that includes both theory and practice Composition and Grammar for HCC by HCC provides students with the skills they need for their educational goals their careers and their lives
