processes for major public works spending many of them requiring quite rigorous and detailed computational methodologies can result in plans that underserve large portions of the population are inequitable and fail to efficiently preserve public property Beginning with some of the commonly offered explanations for the slow pace of investment and repair in a supposedly prosperous society facing serious environmental challenges the book then explores media's role in shaping the public at large's understanding of the situation and the unimaginative solutions put forward by politicians It continues with some case studies of infrastructure investment or lack thereof including an exploration of competing uses for government funds It concludes with some suggestions It is aimed at a large readership of professionals students and policy makers in political science urban planning and civil engineering

PRACTICAL MONEY ADVICE FOR YOUNG MEN 2.0 Malik McCotter-Jordan, 2021-12-25 I'm not suggesting that you fire your boss i.e. quit your job In fact I advise you to keep your job in this book I have a job That's called having more than one stream of income and I talk about that in this book This is definitely not a BS Tony Robbins personal finance book with over 680 pages about compound interest him shamelessly promoting financial firms that he has an ownership stake in and saving 10% to 20% of your income This is a raw and real book written by a guy who is only a few steps ahead of you That's it I'm not a guru This is not a scam I put my heart and soul into making this I wrote this book as if it was for the 18 year old me Anyone who leaves a review saying that this book lacks realistic actionable advice is just plain wrong I even did what most of these personal finance authors don't have the guts to do I talk about my personal life and the mistakes I made that cost me thousands of dollars That's why this genre is called personal finance right I get really personal Some might say it's too personal If you're a young man who is tired of being broke living paycheck to paycheck not owning any assets being clueless about taxes and not being able to get ahead in the United States then this is the book for you I started off as a poor black boy in a small town in Alabama on section 8 I currently have a 6 figure net worth If I can do it you can too Buy this book today

Malaise dans la civilisation numérique Jean-Paul

Lafrance,2021-09-22 partir d'une réflexion philosophique et économique l'auteur s'interroge sur les avantages et inconvénients de la révolution numérique Le numérique est-il un humanisme Ou mène-t-il au capitalisme de surveillance savoir une société du marché des comportements individuels Les données personnelles sont le trésor de guerre des grandes entreprises du web et constituent la principale ressource de l'économie numérique En parallèle des industries matérielles se développent les entreprises de services qui utilisent des plateformes de distribution numérique telles Uber et Airbnb et contribuent au phénomène de macdonaldisation du travail et d'appauvrissement de la classe moyenne Le numérique peut alors se révéler toxique Que faire pour éviter le changement engendré par la robotisation du travail Quelles pistes envisager pour transformer la civilisation numérique en un humanisme Cet ouvrage propose de reformer le capitalisme de ralentir notre croissance d'amorcer une conversion personnelle en prenant exemple sur les philosophies antiques Existentialismen Thure Stenström,1966
