Productivity Planner Compare:

Managing Service Productivity Ali Emrouznejad, Emilyn Cabanda, 2014-07-31 This volume describes how frontier efficiency methodologies such as Data Envelopment Analysis DEA and other techniques such as multi criteria decision making can help service industries to improve their performance by providing a ranking of best practice efficient service units and by identifying sources of inefficiency for each service unit It explains how they can be used to determine potential improvement targets for each of the inefficient service units to identify peers for each service organization and to provide a basis for continuous performance improvement Presenting applications in a variety of industries this book will be useful for the service management to improve service productivity profitability sustainability and quality and effectiveness of service deliveries A free trial version of the World s leading Data Envelopment Analysis Software PIM DEA is available for readers of this book

Productivity ,1995 **Translations on Communist China's Management, Trade and Finance** United States. Joint Publications Research Service, 1964-07 Applying the Best to Government! ,1987 **Bulletin of the United States Bureau of Labor Statistics** ,1958 *Management Challenges for Africa in the Twenty-First Century* Felix M. Edoho, 2000-12-30 Edoho and his contributors examine the management challenges facing African governments and businesses on the eve of a new millennium As the authors make clear Africa s future is defined by how Africa does in the 21st century For Africa a major challenge is how to effectively and efficiently manage its vast wealth Africa is not poor because it is poor it is poor because it cannot manage its development process The shortages of managerial knowledge skills and talents are pervasive Consequently the region lacks the ability to organize production and run operations effectively and efficiently The task of developing managerial manpower in Africa is not only imperative it is urgent After outlining theoretical and applied perspectives on management the volume examines the public and private sector planning and management It then explores the globalization of management technology provides case studies of African management dilemmas looks at management ethics and morality and concludes with an analysis of the role of management in African national development As the authors make clear abundant resources will not of themselves usher in an African economic renaissance Africa needs skills to identify and analyze its resources to undertake investment and to establish and run all kinds of organizations Until Africa develops its indigenous managerial talents development will continue to be elusive and the process traumatizing An important resource for scholars students and policy makers involved with African economic development
