Sitkin, Laura B. Cardinal, Katinka M. Bijlsma-Frankema, 2010-09-16 Organization scholars have long acknowledged that control processes are integral to the way in which organizations function While control theory research spans many decades and draws on several rich traditions theoretical limitations have kept it from generating consistent and interpretable empirical findings and from reaching consensus concerning the nature of key relationships This book reveals how we can overcome such problems by synthesising diverse yet complementary streams of control research into a theoretical framework and empirical tests that more fully describe how types of control mechanisms e g the use of rules norms direct supervision or monitoring aimed at particular control targets e g input behavior output are applied within particular types of control systems i e market clan bureaucracy integrative Written by a team of distinguished scholars this book not only sheds light on the long neglected phenomenon of organizational control it also provides important directions for future research ***The Future of Policing*** Jennifer Brown, 2013-10-08 The police service in England and Wales is facing major challenges in its financing political oversight and reorganisation of its structures Current economic conditions have created a wholly new environment whereby cost saving is permitting hitherto unthinkable changes in the style and means of delivery of policing services In the context of these proposed changes Lord Stevens formerly Commissioner of the Metropolitan Police Service was asked to chair an Independent Commission looking into the future of policing The Commission has a wide ranging remit and the papers in this book offer up to date analysis of contemporary problems from the novel perspective of developing a reform agenda to assist the Commission Bringing together contributions from both key academic thinkers and police professionals this book

discusses new policing paradigms lays out a case for an evidence based practice approach and draws attention to developing areas such as terrorism public order and hate crime Policing is too important to be left to politicians as the health of a democracy may be judged by the relationship between the police and the public The aim of this book is to question and present analyses of problems offer new ideas and propose realistically achievable solutions without being so timid as to preserve the status quo It will be of interest to both academics and students in the fields of criminology and policing studies as well as professionals in the policing service NGOs and local authority organisations
