EDITED BY MICHAEL FREEDEN

Reassessing Political Ideologies The Durability Of Dissent

Michael Freeden

Reassessing Political Ideologies The Durability Of Dissent:

Reassessing Political Ideologies Michael Freeden, 2004-08-02 This book is a high level examination of each of the major ideologies that have shaped political thinking action and conflict Each chapter provides a critical overview of the current state of the major ideologies and a retrospective assessment of the strengths weaknesses developments and transformations of these ideologies over the past century The volume poses a strong challenge to those who have loudly proclaimed the end of ideology by demonstrating that it is impossible to understand current political developments without an appreciation of their ideological context It features internationally respected contributors who are authorities in their fields and will be an invaluable resource for both students and specialists in areas including Politics and International Relations

Die Hüter der Begriffe Martina Steber, 2017-09-11 Was meint konservativ Diese Frage trieb Intellektuelle Politiker und Parteien nach 1945 in Gro britannien wie der Bundesrepublik Deutschland um W hrend der Begriff in Gro britannien ein akzeptierter Bestandteil des politischen Vokabulars war geh rte er in der Bundesrepublik zu den schwierigen Begriffen der jungen Demokratie beladen mit antidemokratischem Ballast Von den Debatten um das Konservative besonders betroffen waren jene Parteien die sich auch als konservativ etikettierten die Conservative Party und die CDU CSU Als in den 1960er und 1970er Jahren die Konservativen ihre sprachliche Deutungshoheit an die Linke verloren glaubten wurden die politischen Sprachen des Konservativen neu formuliert In Gro britannien konzentrierte sich die Debatte auf die Conservative Party und f hrte zu erbitterten Fl gelk mpfen aus denen die Thatcherites als Gewinner hervorgingen In der Bundesrepublik dagegen kristallisierten sich in einem verzweigten intellektuellen Diskurs eine liberale und eine neurechte Variante des Begriffs heraus F r die Unionsparteien wurde dies zu einer fulminanten Herausforderung Zugleich wurde der Bedeutungskampf um das Konservative auf europ ischer Ebene ausgetragen Diese nationalen wie transnationalen Auseinandersetzungen um die Begriffe hatten weitreichende politische Folgen bis heute

Analyse und Vergleich politischer Mythen Dennis Bastian Rudolf, 2020-04-06 Ziel dieses Buches von Dennis Bastian Rudolf ist es einen systematischen Theorie und Analyserahmen des politischen Mythos f r Demokratien und Autokratien zu entwickeln Der Autor widmet sich zun chst den zentralen Merkmalen dieses Ph nomens und richtet diese auf die Anforderungen einer vergleichenden Analyse aus um davon ausgehend eine theoretisch konzeptionelle Einordnung des politischen Mythos in zentrale Theorien und Konzepte der Vergleichenden Politikwissenschaft zu vollziehen Potentiale hinsichtlich der Anschlussf higkeit und des Mehrwerts einer solchen Herangehensweise werden abschlie end im Sinne einer machtsensiblen Perspektive politischer Kulturforschung im Kontext von Deutungsmacht geb ndelt und explorativ f r unterschiedliche politische Regimetypen systematisiert

The Feminist Challenge to the Socialist State in Yugoslavia Zsófia Lóránd, 2018-09-27 This book tells the story of new Yugoslav feminism in the 1970s and 1980s reassessing the effects of state socialism on women s emancipation through the lens of the feminist critique This volume explores the history of the ideas defining a social

movement analysing the major debates and arguments this milieu engaged in from the perspective of the history of political thought intellectual history and cultural history Twenty five years after the end of the Cold War societies in and scholars of East Central Europe still struggle to sort out the effects of state socialism on gender relations in the region What could tell us more about the subject than the ideas set out by the only organised and explicitly feminist opposition in the region who as academics artists writers and activists criticised the regime and demanded change *The Routledge Handbook of Religion, Politics and Ideology* Jeffrey Haynes, 2021-08-14 This comprehensive handbook examines relationships between religion politics and ideology with a focus on several world religions Christianity Islam Buddhism Hinduism and Judaism in a variety of contexts regions and countries Relationships between religion politics and ideology help mould people's attitudes about the way that political systems both domestically and internationally are organised and operate While conceptually separate religion politics and ideology often become intertwined and as a result their relationships evolve over time This volume brings together a number of expert contributors who explore a wide range of topical and controversial issues including gender nationalism communism fascism populism and Islamism Such topics inform the overall aim of the handbook to provide a comprehensive summary of the relationships between religion politics and ideology including basic issues and new approaches This handbook is a major research resource for students researchers and professionals from various disciplinary backgrounds including religious studies political science international relations and sociology *US Approaches to the Arab Uprisings* Amentahru Wahrlab, Michael J. McNeal, 2017-12-11 From nonviolent protests in Cairo and Manama to the ousting of Libya's Gaddafi and the beginning of the Syrian Civil War the series of uprisings which swept through the Middle East and North Africa from late 2010 have been burdened with the collective hopes and expectations of the world Western supporters quickly identified these uprisings as a collective awakening a move towards democracy but the continued unrest in these regions defies many of these more optimistic contemporary predictions As the region remains unstable the US and their Western allies are faced with the challenging task of modifying their strategic foreign policy goals to suit the currently mercurial Arab World The Arab Spring and its failure exposed a new set of questions What motivates American democracy promotion Does the US really want self-determination in the Middle East and North Africa Where did the expectations of the protestors fit into this narrative *U.S. Approaches to the Arab Uprisings* provides a comprehensive assessment of Western foreign policy towards the Arab World today With analysis on subjects as diverse as social media and Islamic centrism and drawing from examples throughout the MENA region the book deals with the perception of Arabs and Arab culture in the American psyche and its effect on East-West relations By analyzing both Western responses to uprisings and the reactions of the protestors themselves the contributors expose theoretical and practical inconsistencies that suggest a rising tension between those that promote democracy and those who practice it ***The Guardians of Concepts*** Martina Steber, 2023-01-13 Since 1945 what conservative means has troubled intellectuals politicians and parties in the United

Kingdom and West Germany In Britain conservatism was an accepted term of the political vocabulary denoting a particular tradition of political thought and practice In West Germany by contrast conservatism was a difficult concept for the young democracy to swallow It carried a heavy antiliberal and antidemocratic burden and led people to question whether there was a place for conservatism within democratic culture after all The Guardians of Concepts scrutinizes the debates about conservatism in the UK and the Federal Republic of Germany from the late 1940s to the early 1980s Informed by historical semantics it conceives of conservatism as a flexible linguistic structure and shows the importance of language for the self understanding of many conservatives who not by chance have regarded themselves as the guardians of concepts The intense national and transnational debates about the meaning of conservatism had far reaching consequences and continue to influence politics today *Governance, Democracy and Sustainable Development* James Meadowcroft, Oluf Lanhelle, Audun Rudd, 2012-01-01 The editors of this volume bring together an impressive cast of scholars on the critical relationship of democracy and governance in sustainable development It offers an outstanding and timely contribution to the literatures in sustainability political science and comparative environmental politics Daniel J Fiorino American University US This very timely and important collection draws together some of the world's leading thinkers on environment and development to debate one of the most important issues of our time sustainable development They very usefully remind us all that in order to be politically sustainable the sustainability transition will have to find a way to maximise policy synergies in a democratically legitimate manner Andy Jordan University of East Anglia UK This insightful book deals with governance of the environment and sustainable development The contributors explore the difficulties developed countries are experiencing in coming to terms with environmental limits and the resultant challenges to the democratic polity They engage with different dimensions of the governance challenge including norms public attitudes citizen engagement political conflict policy design and implementation with a range of environmental problems such as climate change biodiversity nature protection and water management The book concludes with an essay by William Lafferty that explores the flawed character of the contemporary democratic polity and offers his reflections on possible pathways to reform This book will interest researchers academics and graduate students in environmental politics and public policy It is ideal for use as supplementary reading in a wide range of university courses while NGOs and policymakers will also find it of considerable value *Political Ideologies* Andrew Heywood, 2012-04-15 A clear and accessible introduction to the political creeds and doctrines that have dominated and shaped world politics The fifth edition has been thoroughly updated throughout and now has more on the influence of globalization on ideology and a new look page design to aid student learning *Culture and Welfare State* Wim van Oorschot, Michael Opielka, Birgit Pfau-Effinger, 2008 Culture and Welfare State provides comparative studies on the interplay between cultural factors and welfare policies Starting with an analysis of the historical and cultural foundations of Western European welfare states reflected in the competing ideologies of liberalism conservatism and socialism the book goes on to

compare the Western European welfare model to those in North America Asia and Central and Eastern Europe Comprehensive and engaging this volume examines not only the relationships between cultural change and welfare restructuring taking empirical evidence from policy reforms in contemporary Europe but also the popular legitimacy of welfare focusing particularly on the underlying values beliefs and attitudes of people in European countries This book will be of great interest to sociologists and political scientists as well as social policy experts interested in a cultural perspective on the welfare state

The Quest for Civil Order Chor-yung Cheung, 2007 Examines four notable thinkers in the field of modern social and political theory with a view to determining how far it is possible to create and maintain a non coercive but sustainable political order under conditions of diversity in contemporary Western democracies

Modernisation of Chinese Culture Jana S. Rošker, Nataša Vampelj Suhadolnik, 2013 The editors are grateful to the Chiang Ching kuo Foundation for its generous support of their research work which enabled them to publish the present book The present book carefully maps the Chinese modernisation discourse highlighting its relationship to other similar discourses and situating it within historical and theoretical contexts In contrast to the majority of recent discussions of a Chinese development model that tend to focus more on institutional than cultural factors and are more narrowly concerned with economic matters than overall social development the book offers several important focal points for many presently overlooked issues and dilemmas The multifaceted perspectives contained in this anthology are not limited to economic social and ecological issues but also include political and social functions of ideologies and cultural conditioned values representing the axial epistemological grounds of modern Chinese society 2011 was the 100th anniversary of the Xinhai Revolution The centennial is relevant not only in terms of state ideology but also plays a significant role within academic research into Chinese society and culture This historic turning point likewise represents the symbolic and concrete linkages and tensions between tradition and modernity progress and conservatism traditional values and the demands for adjustment to contemporary societies The book shows that Chinese transition from tradition to modernity cannot be understood in a framework of a unified general model of society but rather through a more complex insight into the interrelations among elements of physical environment social structure philosophy history and culture

Not A Normal Country Geoff Andrews, 2005-07-20 Not a Normal Country explores Italian politics and culture in the era of Silvio Berlusconi Italy's richest man and one of its longest serving prime ministers Geoff Andrews argues that the Berlusconi phenomenon was a populist response to widespread cynicism towards politics Berlusconi posed as an anti politician and based his appeal on his virtues as a salesman rather than a statesman The second part of the book discusses the varied opposition to Berlusconi This ranges from the anti global demonstrations in Genoa in 2001 to unconventional protests such as the Girotondo movement led by the film director Nanni Moretti According to Andrews this new associationism has helped rebuild Italian politics Finally Andrews looks to the future and through the examples of anti mafia protests in Sicily as well as opposition to the Americanisation of Italian culture considers the prospects for the new
