Rebuilding Mostar Urban Reconstruction In A War Zone:

Rebuilding Mostar John R. Yarwood, Andreas Seebacher, Niels Strufe, Hedwig Wolfram, 1999-01-01 Dr Yarwood and his collaborators describe reconstruction of the city of Mostar in Bosnia from a general technical standpoint The book shows what was done how it was done and considers the problems issues failures and successes *Bosnia and the Destruction of Cultural Heritage* Helen Walasek, contributions by Richard Carlton, Amra Hadžimuhamedović, Valery Perry, Tina Wik, 2016-03-03 The massive intentional destruction of cultural heritage during the 1992 1995 Bosnian War targeting a historically diverse identity provoked global condemnation and became a seminal marker in the discourse on cultural heritage It prompted an urgent reassessment of how cultural property could be protected in times of conflict and led to a more definitive recognition in international humanitarian law that destruction of a people s cultural heritage is an aspect of genocide Yet surprisingly little has been published on the subject This wide ranging book provides the first comprehensive overview and critical analysis of the destruction of Bosnia Herzegovina s cultural heritage and its far reaching impact Scrutinizing the responses of the international community during the war including bodies like UNESCO and the Council of Europe the volume also analyses how after the conflict ended external agendas impinged on heritage reconstruction to the detriment of the broader peace process and refugee return It assesses implementation of Annex 8 of the Dayton Peace Agreement a unique attempt to address the devastation to Bosnia s cultural heritage and examines the treatment of war crimes involving cultural property at the International Criminal Tribunal for the former Yugoslavia ICTY With numerous case studies and plentiful illustrations this important volume considers questions which have moved to the foreground with the inclusion of cultural heritage preservation in discussions of the right to culture in human rights discourse and as a vital element of post conflict and development aid *Papers in ITJEMAST 11(12) 2020* , International Transaction Journal of Engineering Management Applied Sciences Technologies publishes a wide spectrum of research and technical articles as well as reviews experiments experiences modelings simulations designs and innovations from engineering sciences life sciences and related disciplines as well as interdisciplinary cross disciplinary multidisciplinary subjects Original work is required Article submitted must not be under consideration of other publishers for publications *Jugoslawien. Geschichte und Legende* Martin Maria Reinkowski, 2021-07-09 Nicht zufällig sind es die reichen Regionen die es in die Unabhängigkeit zieht Slowenien und Kroatien schufen 1991 ihre neuen Nationalstaaten ohne Rücksicht auf die Folgen der Zerfall Jugoslawiens und ein grausamer Bürgerkrieg Die Schuldigen waren schnell ausgemacht nicht die Slowenen und Kroaten die ihr Geld in Sicherheit brachten sondern die Serben welche das Land zusammenhalten wollten aber angeblich für ein Großserbien kämpften Eine Legende welche schwere Kriegsverbrechen der Serben dann scheinbar bestätigten Drei Jahrzehnte später lohnt es sich auf die Nationalismen aller Ethnien zu schauen die Jugoslawien tatsächlich sprengten **State Succession in Cultural Property** Andrzej Jakubowski, 2015-06-04 The demise and rebirth of states brings with it a set of very

complicated legal issues among which is the question of how to deal with that state's cultural heritage whether within its boundaries or not Through a historical analysis of state dissolution and succession and its impact on cultural heritage from 1815 to present day the work will identify guiding principles to facilitate the conclusion of agreements on the status of cultural property following the succession of states Studying primary materials and evidence of state practice that has not been available before the work will propose a novel approach to state succession from the perspective of the emerging interest of the international community to safeguard cultural heritage State succession is one of the most obscure areas of international law since its rules are characterized either by their absence or their inconsistency This book explores to what extent the principles and practice of state succession correspond to the evolution of the concept of cultural heritage in international law It provides an extensive analysis of the alternations of the international practice and legal doctrine of state succession to tangible cultural heritage since the formation of the European nation states in the nineteenth century through the experience of decolonization to the post Cold War dissolution of multinational states The book has been awarded Prize of the Professor Manfred Lachs Foundation and Kozminski University in Warsaw for the best monograph in public international law published by a Polish author in 2015 in the category of debuts On 24 November 2016 the book *State Succession in Cultural Property* by Andrzej Jakubowski was awarded the Prize of the Professor Manfred Lachs Foundation and Kozminski University in Warsaw for the best monograph in public international law published by a Polish author in 2015 in the category of debuts
