

“Reception Theory”

Reception Theory

Parviz Owsia

Reception Theory:

Reception Theory Robert C. Holub, 2013-06-19 First published in 2002 Modes and categories inherited from the past no longer seem to fit the reality experienced by a new generation *New Accents* is intended as a positive response to the initiative offered by such a situation Each volume in the series will seek to encourage rather than resist the process of change to stretch rather than reinforce the boundaries that currently define literature and its academic study Reception theory is a term that is likely to sound strange to speakers of English who have not encountered it previously In the largest sense it is a reaction to social intellectual and literary developments in West Germany during the late 1960s *Reception Study* James L. Machor, Philip Goldstein, 2001 First Published in 2001 Routledge is an imprint of Taylor Francis an informa company

Media Studies: Content, audiences, and production Pieter Jacobus Fourie, 2001 This book includes theoretical approaches as well as a production section that focuses on basic techniques and introductory applications of media studies

Modern Critical Theory and Classical Literature Irene J. F. De Jong, J. John Patrick Sullivan, 1994 In recent decades the study of literature in Europe and the Americas has been profoundly influenced by modern critical theory in its various forms whether Structuralism or Deconstructionism Hermeneutics Reader Response Theory or Rezeptionsästhetik Semiotics or Narratology Marxist feminist neo historical psychoanalytical or other perspectives Whilst the value and validity of such approaches to literature is still a matter of some dispute not least among classical scholars they have had a substantial impact on the study both of classical literatures and of the mentalité of Greece and Rome In an attempt to clarify issues in the debate the eleven contributors to this volume were asked to produce a representative collection of essays to illustrate the applicability of some of the new approaches to Greek and Latin authors or literary forms and problems The scope of the volume was deliberately limited to literary investigation broadly construed of Greek and Roman authors Broader areas of the history and culture of the ancient world impinge in the essays but are not their central focus The volume also contains a separate bibliography offering for the first time a complete bibliography of classical studies which incorporate modern critical theory **The Reception Theory of Hans Robert Jauss** Paul Hunter Rockhill, 1996 *A Companion to Classical*

Receptions Lorna Hardwick, Christopher Stray, 2011-04-12 Examining the profusion of ways in which the arts culture and thought of Greece and Rome have been transmitted interpreted adapted and used *A Companion to Classical Receptions* explores the impact of this phenomenon on both ancient and later societies Provides a comprehensive introduction and overview of classical reception the interpretation of classical art culture and thought in later centuries and the fastest growing area in classics Brings together 34 essays by an international group of contributors focused on ancient and modern reception concepts and practices Combines close readings of key receptions with wider contextualization and discussion Explores the impact of Greek and Roman culture worldwide including crucial new areas in Arabic literature South African drama the history of photography and contemporary ethics *Reception Theory: a Critical Introduction* Robert C.

Holub,1984 **Theatre Semiotics** Fernando de Toro,Mario Vald's,1995-01-01 Theatre Semiotics provides a thorough argument for the place and the necessity of semiotics within the interpretive process of theatre **Global TV** Denise D Bielby,C. Lee Harrington,2008-08-17 A reporter for the Los Angeles Times once noted that I Love Lucy is said to be on the air somewhere in the world 24 hours a day That Lucy s madcap antics can be watched anywhere at any time is thanks to television syndication a booming global marketplace that imports and exports TV shows Programs from different countries are packaged bought and sold all over the world under the watch of an industry that is extraordinarily lucrative for major studios and production companies In Global TV Denise D Bielb and C Lee Harrington seek to understand the machinery of this marketplace its origins and history its inner workings and its product management In so doing they are led to explore the cultural significance of this global trade and to ask how it is so remarkably successful despite the inherent cultural differences between shows and local audiences How do culture specific genres like American soap operas and Latin telenovelas so easily cross borders and adapt to new cultural surroundings Why is The Nanny whose gum chewing star is from Queens New York a smash in Italy Importantly Bielby and Harrington also ask which kinds of shows fail What is lost in translation Considering such factors as censorship and other such state specific policies what are the inevitable constraints of crossing over Highly experienced in the field Bielby and Harrington provide a unique and richly textured look at global television through a cultural lens one that has an undeniable and complex effect on what shows succeed and which do not on an international scale Crossing Borders Robert C. Holub,1992 Crossing Borders explores the question of what happens to theory when it literally crosses borders from one culture to another The author investigates the histories of reception theory poststructuralism and deconstruction in postwar Germany and the United States He looks at how imported theories assume a place in the political discourse of a country and how indigenous intellectual traditions and prejudices affect modify or even distort foreign theories **Traditio latinitatis** Peter Lebrecht Schmidt,Joachim Fugmann,Martin Hose,Bernhard Zimmermann,2000 Der vorliegende Band eine Auswahl aus den wissenschaftlichen Arbeiten des Konstanzer Latinisten Peter Lebrecht Schmidt konzentriert sich auf drei inhaltliche Schwerpunkte die Textkritik und Überlieferungsgeschichte die Rezeptionsgeschichte sowie das Mittel und Neulatein Die 24 Beiträge umfassende Auswahl vermittelt eine moderne Konzeption der Latinistik die als ihr Fachgebiet die gesamte in lateinischer Sprache verfaate Literatur ansieht von Livius Andronicus bis zum Humanismus und die die philologischen Methoden mit modernen literaturwissenschaftlichen Fragestellungen verbindet Eine derart ausgerichtete Latinistik wie sie P L Schmidt vertritt wird nicht nur ein Kernfach der altertumswissenschaftlichen Disziplinen bleiben sondern in gleicher Weise eine wichtige Rolle im Verband der literaturwissenschaftlichen Fächer einnehmen Die Traditio Latinitatis bietet einen riesigen Fundus an Informationen über die Rezeption der Antike in späteren Epochen und kann für die Schule bei geschickter Auswertung durchaus fruchtbar sein Gymnasium Franz Steiner 2000 **Reception Theory and Biblical Hermeneutics** David Paul Parris,2009-01-01

Traditional methods employed in biblical interpretation involve a two way dialogue between the text and the reader Reception theory expands this into a three way dialogue with the third partner being the history of the text's interpretation and application Most contemporary biblical interpreters have ignored this third partner although recently the need to include the history of interpretation has gained some attention This book explores the hermeneutical resources that reception theory provides for engaging the history of biblical interpretation as a third dialogue partner in biblical hermeneutics The first third of this work explores the philosophical background and hermeneutical framework that Hans Georg Gadamer provides for reception theory The center of this study examines how this hermeneutical approach is fleshed out by Hans Robert Jauss Jauss not only builds upon Gadamer's work but his literary hermeneutic provides a model applicable to the biblical text and its tradition of interpretation The focus for the final third of the book shifts toward three studies that seek to demonstrate the applicability of various aspects of reception theory to biblical interpretation

Classics and the Uses of Reception

Charles Martindale, Richard F. Thomas, 2008-04-15 This landmark collection presents a wide variety of viewpoints on the value and role of reception theory within the modern discipline of classics A pioneering collection looking at the role reception theory plays or could play within the modern discipline of classics Emphasizes theoretical aspects of reception Written by a wide range of contributors from young scholars to established figures from Europe the UK and the USA Draws on material from many different fields from translation studies to the visual arts and from politics to performance Sets the agenda for classics in the future

Richardson and Fielding Allen Michie, 1999-09 Richardson and Fielding *The Dynamics of a Critical Rivalry* is the first book length study of one of literature's most persistent and influential rivalries Using an adaptation of Hans Jauss's reception theory it surveys the recurring dichotomies projected onto Richardson and Fielding by all types of eighteenth nineteenth and twentieth century readers Even when the rival is not mentioned directly readers usually make it pointedly clear that one author is being privileged at the other's expense Even apart from its serious implications for literary history the story of the Richardson Fielding rivalry is a fascinating source of critical passions prejudices scholarly irresponsibility wit and often surprising interrelations between the literary tastes and cultural environments of the day

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Media Reception Studies Janet Staiger, 2005-07 A broad survey on how audiences make meaning out of mass media

Media Reception Studies broadly surveys the past century of scholarship on the ways in which audiences make meaning out of mass media It synthesizes in plain language social scientific linguistic and cultural studies approaches to film and television as communication media Janet Staiger traverses a broad terrain covering the Chicago School early psychological approaches Soviet theory the Frankfurt School mass communication research and critical theory linguistics and semiotic theory social psychoanalytical research cognitive psychology and cultural studies She offers these theories as a set of tools for understanding the complex relationships between films and their audiences TV shows and their viewers She explains such

questions as the behavior of fans the implications of gender sexuality and race ethnicity with regard to the media the effect of violence horror and sexually explicit images on viewers and the place of memory in spectatorship Providing an organized and lucid introduction to a staggering amount of work Media Reception Studies is an indispensable resource for anyone interested in understanding the effects of mass media

A Reader's Guide to Contemporary Literary Theory Raman Selden, Peter Widdowson, 1993 Following the death of Raman Selden Widdowson has substantially revised this text New material has been added on key areas of literary theory and there are now chapters on New Criticism and Postmodernist and Postcolonialist theories The chapter on feminist theories has been expanded

Theatre Audiences Susan Bennett, 1997 First Published in 1997 Routledge is an imprint of Taylor Francis an informa company

Formation of Contract:
Comparative Study Under English, French, Islamic, and Iranian Law Parviz Owsia, 1994-02-07 This major reference work compares the formation of contract in the legal systems of England France Iran and other Islamic systems The Preliminary Part gives a historical sketch and describes the sources of law of the four legal systems It then describes the development and general theory of contract law in the four systems Part One then analyses in detail the basic notions of formation of contract including the range of psychological elements and their means of expression The author then goes on to describe and compare the function and determination of offer and acceptance in the four legal systems Part Two analyses the mechanism of formation and import of a contract in respect of both offer and acceptance The book has been extensively researched and includes references to Roman law and other modern legal systems The work has been meticulously indexed and cross referenced
