*Sam Smith's Great American Political Repair Manual* Sam Smith, 1997 Explores the independent journalist's views on the environment the economy education democracy American cities and the legal system      **Across the Great Divide** Wayne Karol, 2004-10-13 Praise for Wayne Karol's *The Sixties as Science Fiction* An Appreciation of Paul Kantner Easily the best thing I've ever seen written on him and his music and what it all means Jeff Tamarkin author of *Got A Revolution* The Turbulent Flight of Jefferson Airplane One of the finest pieces of writing about music and society that it's been my pleasure to read Bill Parry co editor *Holding Together The Sixties* were such a long time ago why can't America seem to stop re-fighting the battles we fought then Why are we still so bitterly divided Why does so much of what's happening now seem like weird repetitions of the past from the Monica Lewinsky scandal and Watergate to Iraq and Vietnam In *Across the Great Divide* Wayne Karol offers an original and insightful perspective on how we ended up in this mess and what we might be able to do about it It's his duty as a baby boomer to hope that it will change the world      *Breaking Through Power* Ralph Nader, 2016-09-12 Nader's assessment of how concentrated wealth and power undermine democracy is clear and compelling but it's his substantive vision of how we ought to respond that makes *Breaking Through Power* essential reading Written just before Donald Trump's Electoral College victory Nader's latest book reads with even greater urgency now Yes Magazine In *Breaking Through Power* Ralph Nader draws from a lifetime waging and often winning David vs Goliath battles against big corporations and the United States government In this succinct Tom Paine style wake up call the iconic consumer advocate highlights the success stories of fellow Americans who organize change and work together to derail the many ways in which wealth manipulates politics labor media the environment and the quality of national life today Nader makes an inspired case about how the nation can and must be democratically managed by communities guided by the United States Constitution not by the dictates of big businesses and the wealthy few This is classic Ralph Nader a crystallization of the core political beliefs and commitments that have driven his lifetime of advocacy for greater democracy Ralph Nader is the grand progressive of our time We overlook his words at our own peril This book is required reading Cornel West Ralph Nader's *Breaking Through Power* is a brilliant analysis of corporate power and the popular mechanisms that can be used to wrest back our democracy No one has been fighting corporate domination longer or understands it better than Nader who will go down in history not only as a prophet but an example of what it means to live the moral life We disregard his wisdom and his courage at our peril Chris Hedges Pulitzer Prize winner and author of *Wages of Rebellion* The Moral Imperative of Revolt Nader goes beyond delineating the problem and provides a critical prescription to battle the toxicity of unjust power one that every individual can and must embrace Nomi Prins author *All the Presidents Bankers* People are recognizing that our founding fundamental values of fairness justice and opportunity for all the very values that define our America are being shoved aside to create an un-America of plutocracy and autocracy Ralph Nader's new book *Breaking Through Power* provides progressive boat rockers

with inspiration and a plan for reclaiming America from the greedy Plutocrats and Fat Cats who think democracy is for sale to the highest bidder Jim Hightower I read Ralph Nader for the same reasons that I read Tom Paine He knows what he thinks says what he means and his courage is a lesson for us all Lewis Lapham Nader insists on speaking up for the little people and backs his arguments and decent sentiments with hard facts Publishers Weekly This book is short easy to read and deserves more than five stars Nader speaks for the average American and backs up his arguments with facts This is extremely highly recommended Paul Lappen Midwest Book Review About Ralph Nader Named by The Atlantic as one of the hundred most influential figures in American history and by Time and Life magazines as one of the most influential Americans of the twentieth century Ralph Nader has helped us drive safer cars eat healthier food breathe better air drink cleaner water and work in safer environments for more than four decades Nader s recent books include Animal Envy Unstoppable The Good Fight and the bestseller Seventeen Traditions Nader writes a syndicated column has his own radio show and gives lectures and interviews year round

**Civic Self-respect** Ralph Nader, 2025-04-15 An inspiring exploration of democracy that separates the concept of a citizen into various roles providing a clarifying mission to all who read this call to action and civic participation In this concise volume Ralph Nader our trusted voice on corporate power and civic resistance goes right to the most basic taproots of an aspiring democracy its people and their roles in creating and sustaining community These roles including citizen voter worker taxpayer consumer and parent contribute to civic self respect and one s own significance in society As federal judge Learned Hand said in 1944 during a famous brief speech at Central Park New York City neither the laws the courts or other related institutions can be saved without the underlying exercise of the democratic spirit by the people Civic Self Respect argues the importance to recognize the centrality in the development of a civic personality as distinguished from a private personality with the two co existing for a moral life participating in the common good As Nader s mother said when her friends would wonder how she could be raising four children and still have so much time for community engagements What s the difference One depends on each other the family and the community This book argues for how important it is for our educational system to teach the essentials of civic responsibility beyond its occupational or technical emphasis because the emergence of such a public minded personality is so essential for understanding the world and shaping civil societies
