## **Samuel Beckett's Hidden Drives:**

Samuel Beckett's Hidden Drives James Donald O'Hara, 1997 Culminates with the closest most detailed and systematic reading of Beckett's most important novel *Molloy* yet produced No other work in Beckett studies has attempted to deal with these works in this much detail with this strong a thesis and most important with this much success A masterwork It will completely revise how we think of Beckett's creative process and how we read *Molloy* S E Gontarski Florida State University While much has been written on the subject of Joyce's uses of sources and models little has been written about Samuel Beckett's similar preference for using formal systems of thought as scaffolding for his own work In the most comprehensive study of his use of source material J D O'Hara examines specifically Beckett's almost obsessive concern with psychological sources and themes and his use of Freudian and Jungian narrative structures Beginning with Beckett's early monograph *Proust* O'Hara traces Beckett's preference for Schopenhauer's philosophy as the system of thought most appropriate for thinking and writing about *Proust* O'Hara then examines Beckett's shift from philosophical to psychological models specifically to Freudian and Jungian texts Beckett used these as O'Hara demonstrates for characterization and plot in his early writings Beckett's use of depth psychology however in no way allows the reader to hang either a Freudian or Jungian tag on Beckett O'Hara cautions his readers against inferring truth value from what is more properly understood as scaffolding a temporary arrangement used during the construction of his own absolutely unique art form O'Hara analyzes this scaffolding in the novel *Murphy* the story collection *More Pricks Than Kicks* the short works *First Love* and *From an Abandoned Work* and the radio play *All That Fall* He concludes with the most comprehensive and detailed reading of *Molloy* available anywhere No serious reader of Beckett will want to be without this book *Beckett's Dantes* Daniela Caselli, 2013-07-19 Beckett's *Dantes* Intertextuality in the Fiction and Criticism is the first study in English on the literary relation between Beckett and Dante It is an innovative reading of Samuel Beckett and Dante's works and a critical engagement with contemporary theories of intertextuality It is an informative intertextual reading of Beckett's work detecting previously unknown quotations allusions to and parodies of Dante in Beckett's fiction and criticism The volume interprets Dante in the original Italian as it appears in Beckett translating into English all Italian quotations It benefits from a multilingual approach based on Beckett's published works in English and French and on manuscripts which use English French German and Italian Through a close reading of Beckett's fiction and criticism the book will argue that Dante is both assumed as an external source of literary and cultural authority in Beckett's work and also participates in Beckett's texts sceptical undermining of authority Moreover the book demonstrates that the many references to various Dantes produce Mr Beckett as the figure of the author responsible for such a remarkably interconnected oeuvre The book is aimed at the scholarly communities interested in literatures in English literary and critical theory comparative literature and theory French literature and theory and Italian studies Its jargon free style will also attract third year or advanced undergraduate

students and postgraduate students as well as those readers interested in the unusual relationship between one of the greatest writers of the twentieth century and the medieval author who stands for the very idea of the Western canon     **A Beckett Canon** Ruby Cohn,2005-12 An indispensable guide to the oeuvre of Samuel Beckett spanning sixty years     **Samuel Beckett** Peter Brockmeier,2001     **Samuel Beckett** Friedhelm Rathjen,2006     **The Grove Companion to Samuel Beckett** Chris Ackerley,S. E. Gontarski,2004 From A to Z this is an indispensable guide to the works life and thought of one of the most important writers of our time The Nobel Prize winning author Samuel Beckett was a literary treasure and this work represents the only comprehensive reference to the concepts characters and biographical details mentioned by or related to Beckett Painstakingly and lovingly compiled by acclaimed Beckett scholars C J Ackerley and S E Gontarski it is alphabetical cross referenced and laid out in a very user friendly format The Grove Companion to Samuel Beckett provides an organized trove of information for students and scholars alike and is a must for any serious reader of Beckett     **Psychoanalyse in der modernen Literatur** Thomas Anz,Christine Kanz,1999     **The Politics and Aesthetics of Refusal** Caroline Hamilton,2007 The Politics and Aesthetics of Refusal is an eclectic collection of essays from emerging academics who engage with the notion of oerefusal both as the embodiment of a resistance to conventional boundaries between academic disciplines and as a concept with an underlying negative or reactive force that can be widely interpreted and applied The applications of oerefusal outlined in this volume ranging from activism and the politics of cultural production through to problems of identity and knowledge classification raise questions about often elided relationships of agency and complicity in routine experience The sense of oerefusal that emerges from this book is perhaps most easily classified by what it is not namely a prescriptive conclusive or unified account of what it is to reject react or work against any particular instance of theory or practice in any given domain The value of a thematically oriented collection like this is its ability to work across disciplines media and philosophical frameworks rather than limiting its focus to a narrow territory According to Herbert Marcuse refusal must not only be the guiding principle for all artistic creation it must also be a manifestation of artistic creation itself With this volume we have attempted to compose a collection which is not only theoretically guided by refusal but practically informed by it as well The collection in itself constitutes we hope a constructive rejection of the usual constrictions of discipline and approach placed upon new scholars This rich collection of essays on the political aesthetic and ethical dimensions of that form of social action called refusal is an important contribution to our understanding of the tensions and contradictions of contemporary culture John Frow Professor of English Literary Studies at the University of Melbourne     **Journal of Beckett Studies** ,2006     **The Beckett Circle** ,1995     **Change All the Names** Jeremy Parrott,2004     **Twentieth Century Literary Criticism** Linda Pavlovski,2004 Presents literary criticism on the works of twentieth century writers of all genres nations and cultures Critical essays are selected from leading sources including published journals magazines books reviews diaries interviews radio and television transcripts pamphlets and scholarly papers     **Knowledge, Learning and Migration** Caroline Rooney,1997
