Examining California's formative years this innovative study seeks to discover the origins of the California dream and the social psychological and symbolic impact it has had not only on Californians but also on the rest of the country

Endangered Dreams Kevin Starr,1996 History of California in the 1930s discussing topics that include the depression Upton Sinclair's campaign for governor Harry Bridges and the San Francisco general strike and the public and private relief programs for the more than one million emigrants from the dust bowl The Colorado River Barbara Cooley,Chris Swan,1986 The Last Great Dream Dennis McNally,2025-05-13 McNally masterfully combines many disparate lineages of political social art and pop history into one singular sweeping portrait The result is a stunning vision of a broad and powerful idealism that gripped the world for more than two decades Publishers Weekly starred review From the New York Times bestselling author of *A Long Strange Trip* and the publicist of the Grateful Dead a riveting social history of everything that led up to the 1960s counterculture movement Few cities represent the countercultural movement of the 1960s more than San Francisco By that decade the Haight Ashbury neighborhood was home to self-branded freaks dubbed hippies by the media who created the world's first psychedelic neighborhood an alchemical chamber for social transformation They rejected a large part of the traditional American identity passing over American exceptionalism consumerism misogyny and militarism in favor of creativity mind body connection peace and love of all things The Last Great Dream is a history of everything that led to the 1960s counterculture when long simmering resistance to American mainstream values birthed the hippie It begins with the San Francisco Poetry Renaissance peaks with the Human Be In in Golden Gate Park and ends with the Monterey Pop Festival that introduced Jimi Hendrix and Janis Joplin to the world It tells of several micro histories including beat poetry visual arts underground publishing electronic contemporary compositional music experimental theater psychedelics and more Fascinating and definitive The Last Great Dream is the ultimate guide to a generation defining countercultural movement an Underground 101 course for newcomers and aficionados alike **Congressional Record** United States Congress,1974 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **The Golden Dream, Or, Adventures in the Far West** Robert Michael Ballantyne,1883 **Locomotive Engineers Journal**,1876 City of the Dream Richard F. Pourade,1977 Describes the efforts of the residents of San Diego to control and guide the development of their city

Inventing the Dream Kevin Starr,1985 This second volume in Kevin Starr's passionate and ambitious cultural history of the Golden State focuses on the turn of the century years and the emergence of Southern California as a regional culture in

its own right How hauntingly beautiful how replete with lost possibilities seems that Southern California of two and three generations ago now that a dramatically different society has emerged in its place writes Starr As he recreates the lost California Starr examines the rich variety of elements that figured in the growth of the Southern California way of life the Spanish Mexican roots the fertile land the Mediterranean like climate the special styles in architecture the rise of Hollywood He gives us a broad array of engaging and often eccentric characters from Harrison Gray Otis to Helen Hunt Jackson to Cecil B DeMille Whether discussing the growth of winemaking or the burgeoning of reform movements Starr keeps his central theme in sharp focus how Californians defined their identity to themselves and to the nation A delightful and extremely thorough chronicle of a state that is almost a mythical kingdom St Louis Post Dispatch An excellent book vividly written thoroughly researched rich in details and alive with interesting and sometimes incredible people Los Angeles Times

California Municipalities ,1912 *Poetical Quotations* Thomas William Herringshaw,1892 **The Dream City**

George Robert Sparks,1923 **A Dream of Conquest** Lloyd Bryce,1889 **Children of the Dream** Audrey Edwards,Craig K. Polite,1992 In Martin Luther King's now legendary I Have a Dream speech he hoped for a time when little children will not be judged by the color of their skin but by the content of their character It is these children now come of age in the post civil rights era shaped by the belief that the key to their success would be in assimilating into the very culture that has for so long denied them opportunity and equality who are the Children of the Dream The authors define black success in the last thirty years as the realization of an American promise access to equal opportunity Using both an economic and an occupational framework to assess the phenomenon of achievement on a generation of blacks who grew up in an era defined by the concept of integration they have focused on black baby boomers who grew up possessing something no generation of blacks has ever before experienced a sense of entitlement For more than two years they traveled the country seeking out those black men and women who have achieved positions of power and influence in the American workplace The thoughts and insights of this generation help illuminate just what it takes to be a successful black living in white America Whatever their personal behavioral styles the one common trait that emerged from all of the interviews presented here is that successful blacks are first and foremost affirmed and empowered by a positive sense of racial identity They fully understand that as blacks they will encounter obstacles prejudices and inequities but they never view their race as the liability or cause of the problem They understand it is the perverse reactions of others to the black race that create the problem Surprising and often controversial Children of the Dream stands as vivid testimony to the increasingly complex world in which black Americans strive to succeed **The Pharmaceutical Era** ,1899 **Oecology Issue** ,1970 **The Glory and the Dream** ,1974 **Dream House** Barbara C. Bean,2001 In these nine brilliant stories love and marriage are examined and reexamined from a variety of perspectives all provocative all troubling A teacher falls in love with her student a sister dances naked for her brother a wife loves her husband's mistress a widow learns the close relationship between love and death a

trilogy explores the course of a marriage shot through with secrets and the irrationality and mystery of love are discovered over and over again The dream house of the title story is the one beneath the surface the private house where love opens up new avenues of intimacy new ways of knowing another person In Barbara Bean s debut collection we are introduced to a striking new voice in contemporary fiction a voice at once sexy funny wise and unforgettable *New Realities* ,1987-07
