Sea Quest; Global Blue-water Adventuring in Small Craft Charles A. Borden,1967 *Sea Quest; Global Blue-Water Adventuring in Small Craft* Charles A. Borden,1972-04-01 Ancient Ocean Crossings Stephen C. Jett,2017-06-06 Paints a compelling picture of impressive pre Columbian cultures and Old World civilizations that contrary to many prevailing notions were not isolated from one another In Ancient Ocean Crossings Reconsidering the Case for Contacts with the Pre Columbian Americas Stephen Jett encourages readers to reevaluate the common belief that there was no significant interchange between the chiefdoms and civilizations of Eurasia and Africa and peoples who occupied the alleged terra incognita beyond the great oceans More than a hundred centuries separate the time that Ice Age hunters are conventionally thought to have crossed a land bridge from Asia into North America and the arrival of Columbus in the Bahamas in 1492 Traditional belief has long held that earth s two hemispheres were essentially cut off from one another as a result of the post Pleistocene meltwater fed rising oceans that covered that bridge The oceans along with arctic climates and daunting terrestrial distances formed impermeable barriers to interhemispheric communication This viewpoint implies that the cultures of the Old World and those of the Americas developed independently Drawing on abundant and concrete evidence to support his theory for significant pre Columbian contacts Jett suggests that many ancient peoples had both the seafaring capabilities and the motives to cross the oceans and in fact did so repeatedly and with great impact His deep and broad work synthesizes information and ideas from archaeology geography linguistics climatology oceanography ethnobotany genetics medicine and the history of navigation and seafaring making an innovative and persuasive multidisciplinary case for a new understanding of human societies and their diffuse but interconnected development Contact And Exchange in the Ancient World Victor H. Mair,2006-01-01 Presents empirical evidence on a wide range of cultural phenomena in history and thereby demonstrating the processes whereby cultural traits are acquired and modified the dynamics of transmission and transformation This book pays attention to biological organisms on the one hand and to developments spanning an entire continent on the other Richard Halliburton and the Voyage of the Sea Dragon Gerald Max,2023-08-18 Richard Halliburton 1900 1939 considered the world s first celebrity travel writer swam the length of the Panama Canal recreated Ulysses voyages in the Mediterranean crossed the Alps on an elephant flew around the world in a biplane and descended into the Mayan Well of Death all the while chronicling his own adventures Several books treat his life and travels yet no book has addressed in detail Halliburton s most ambitious expedition an attempt to sail across the Pacific Ocean in a Chinese junk Set against the backdrop of a China devastated by invading Japanese armies and the storm clouds of world war gathering in Europe Halliburton and a crew of fourteen set out to build and sail the Sea Dragon a junk or ancient sailing ship from Hong Kong to San Francisco for the Golden Gate International Exposition After battling through crew conflicts and frequent delays the Sea Dragon set sail on March 4 1939 Three weeks after embarking the ship encountered a typhoon and disappeared

without a trace Richly enhanced with historic photographs Richard Halliburton and the Voyage of the Sea Dragon follows the dramatic arc of this ill fated expedition in fine detail Gerry Max artfully unpacks the tensions between Halliburton and his captain John Wenlock Welch owing much to Welch s homophobia and Halliburton s unconcealed homosexuality And while Max naturally explores the trials and tribulations of preparing constructing and finally launching the Sea Dragon he also punctuates the story with the invasion of China by the Japanese as Halliburton and his letters home reveal an excellent wartime reporter Max mines these documents many of which have only recently come to light as well as additional letters from Halliburton and his crew to family and friends photographs films and tape recordings to paint an intricate portrait of Halliburton s final expedition from inception to tragic end **MotorBoating** ,1974-02 MotorBoating ,1973-12
