Solutions for a Small Planet Pepper Lewis,2010-06-01 A fascinating exploration of one hundred forms of crystals describing specific uses and their purpose from the spiritual to the cellular as agents of change It clarifies the role of crystals in our awakening Crystals are ensouled Those souls of the mineral kingdom want to work with you and Earth to help you reach your full potential now as evolution accelerates Each crystal makes its own unique contribution as a teacher From the regal amethyst and friendly boji stone to the multitalented quartz and powerful emerald the mineral world can open doors to experiences that change your life Crystals are masters of using light They can help you get in touch with your roots in the Earth as well as your higher self and other spiritual beings Learn to work with crystals This book contains newly channeled information to teach you how to become partners with your mineral guides They can show you how to use light for healing enlightenment and transformation to create a better life *The Heiress of the Season* Sir William Magnay,1899 **API Series** ,1961 *The Boston Massacre* Serena Zabin,2020-02-18 Historical accuracy and human understanding require coming down from the high ground and seeing people in all their complexity Serena Zabin s rich and highly enjoyable book does just that Kathleen DuVal Wall Street Journal A dramatic untold people s history of the storied event that helped trigger the American Revolution The story of the Boston Massacre when on a late winter evening in 1770 British soldiers shot five local men to death is familiar to generations But from the very beginning many accounts have obscured a fascinating truth the Massacre arose from conflicts that were as personal as they were political Professor Serena Zabin draws on original sources and lively stories to follow British troops as they are dispatched from Ireland to Boston in 1768 to subdue the increasingly rebellious colonists And she reveals a forgotten world hidden in plain sight the many regimental wives and children who accompanied these armies We see these families jostling with Bostonians for living space finding common cause in the search for a lost child trading barbs and sharing baptisms Becoming in other words neighbors When soldiers shot

unarmed citizens in the street it was these intensely human now broken bonds that fueled what quickly became a bitterly fought American Revolution Serena Zabin's *The Boston Massacre* delivers an indelible new slant on iconic American Revolutionary history

Youth-Led Social Movements and Peacebuilding in Africa Ibrahim Bangura, 2022-05-23 This book critically examines and analyses the active role played by youth led social movements in pushing for change and promoting peacebuilding in Africa and their long term impacts on society Africa's history is characterised by youth movements The continent's youth populations played pivotal roles in the campaign against colonialism and ever since independence Africa's youth have been at the center of social mobilisation Most recently social media has contributed significantly to a further rise in youth led social movements However the impact of youth voices is often marginalised by patriarchal and gerontocratic approaches to governance denying them the place voice and recognition that they deserve Drawing on empirical evidence from across the continent this book analyses the drivers and long term impacts of youth led social movements on politics in African societies especially in the area of peacebuilding The book draws attention to the innovative ways in which young people continue to seek to re-engineer social space and challenge contexts that deny them their voice place recognition and identity This book will be of interest to researchers across the fields of social movement studies youth studies peace and conflict studies history political sciences social justice and African studies The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Collective Mobilisations in Africa / Mobilisations collectives en Afrique, 2015-06-02 This book uses empirical research to bring together a broad range of protest contexts in twelve chapters From the formation of Maroon societies in the early colonial period to female mobilisation in authoritarian contexts via urban youth culture women or mineworkers in trade unionism as well as pro and anti gay rights activists the protagonists here all insist upon their rights to protest in a variety of ways Sometimes popular protest is expressed through religion often and sometimes violently by young people exasperated by their long wait for social achievement Electoral wars and the formation of militias reveal a geography of violence in urban areas which in some sectarian excesses can be displaced to rural areas as described in the study on Boko Haram Cet ouvrage regroupe un ventail comprenant douze contextes de contestation De la formation de communautés marronnes au début de la colonisation aux mobilisations féminines en contexte autoritaire en passant par les cultures urbaines les cultures syndicales des femmes et des travailleurs dans les mines les contestations pro ou contre la liberté des homosexuels tous font pr valoir leur pouvoir de contestation de manière plurielle La voie religieuse est un domaine où s'exerce parfois de manière violente les protestations de populations souvent jeunes en attente de mobilité sociale Les guerreslectorales et la constitution de milices dessinent une géographie de la violence en milieu urbain violence qui trouve ses débuts en milieu rural dans certaines dérives sectaires comme en témoigne l'étude sur Boko Haram Contributors are Remy Bazenguissa Ganga Raphaël Botiveau Christophe Broqua Michel Cahen Thomas Fouquet Adam Hizagi
