**The Running Journey** Ali Mazhin, 2022-11-07 Ali Mazhin wrote The Running Journey to help others find more purpose in their running and health. He is forty-three years old and called it The Running Journey because he describes his experience in racing, working two jobs, and how other people can learn, improve, and participate in various running events. He gives examples through his own experience and enjoyment in marathons, his pace challenges, motivation to succeed, growing up as a kid, racing stories, and health advice, and it's mostly a chronological story. Ali made it a journey and focused on what he felt and discovered with each long-distance event he ran, and it portrays his interactions with volunteers, race crew, race directors, and even spectators. He has a passion for running and he continues to learn, succeed, and wrote a story about it. He wanted to show the readers that they can learn and appreciate running wherever they are in life. He acknowledges people who work and gives the readers a path to succeed with their goals. The book sets itself apart from the normal running book and entices readers to move beyond their everyday running goals. Ali portrays his running journey to be visually informative and exciting. Ali paints his experiences in various marathons and events and motivates others to run and make sense of their own running. He illustrates his story in color and is purposeful, constructive, and uses honorable words that show him as a happy and experienced long-distance runner. The story includes Ali's visions that portray a successful and imaginative running journey. Ali portrays a role model who is worthy of praise and recognition that influences people to go in the right direction. His use of collaboration of words to show his running style to appeal to anyone who runs, works, exercises, or wants to improve themselves. Ali is a runner that goes through a journey of navigating through various challenges to learn, succeed, and complete races. His journey is encouraging and appeals to all types of people, including beginner, intermediate, and professional runners. Ali is professional and worthy of respect to most readers. He shows himself running on his own, in groups of people, and in races as an athletic elite and educated man. The book markets to most people, including those who exercise, run in school, and others who read various newspapers and magazines. Ali illustrates his own idea of motivation, perseverance, and resilience and shows people that they can succeed through running and that life challenges are not typically easy but can be overcome. He shows viewpoints from the many sides to illustrate his success.

**Walking around the world** Manolo Frediani Lima, 2021-09-21 Manolo Frediani Lima is a businessman from southern Brazil. The hobbies he has are quite interesting: traveling and climbing mountains. The book Walking Around the World tells the story about his most exotic tourist adventures. The last one was in 2020 when he made the so-coveted Three Passes trail in the Himalayas, the highest mountain range in the world. He just didn't imagine that after 140 km of hiking, most of it on beautiful snowy paths, his trip would end up becoming a distressing lockdown. He spent 21 days of tension and uncertainty in Lukla and Kathmandu, Nepal's capital, between March and April, a time when several countries closed their borders due to the coronavirus pandemic. Manolo, however, was not there by accident. He had planned the trip since the previous year. So even on the other side of the
