Digital Virtues and Memes Alistair Davidson,2014-11-04 Digital Virtues and Memes focuses upon the consequences of being involved with the Internet in many ways Increasingly marketers are using the Internet to test and craft creative ways of extracting money from your pocketbook Companies are building profiles of you and your activities And cybercriminals are breaking into companies and finding out too much about you Yet the Internet and mobile devices like smart phones are increasingly useful This is the first book to address best practices in defending yourself on the Internet avoiding spending too much money and regaining control of your life **Meme** Aaron Starmer,2020-09-08 A tense psychological thriller for the

must-read gripping new book about New Zealand's hostile underworld of extremists Byron Clark,2023-02-15 This must read new book maps New Zealand s alt right underworld and unearths the roots of the occupation that ended in a violent protest on the grounds of Parliament Speaking after the chaos of the protest that stopped the nation Prime Minister Jacinda Ardern told a press conference One day it will be our job to try and understand how a group of people could succumb to such wild and dangerous mis and disinformation That day isn t in the future Mis and disinformation had been identified as a problem before the convoy to parliament had even been suggested While that protest looked like something that couldn t happen here things that supposedly couldn t happen here seemed to be happening with alarming frequency Three years prior an armed gunman had entered two mosques in Christchurch and taken the lives of 51 worshipers an event that shocked a country where mass shootings are almost unheard of A few months later a New Zealand Defence Force soldier who had founded a far right group was arrested and is awaiting court martial accused of espionage We are no longer living in ordinary times where political violence is unimaginable and conspiracy theorists are marginal figures whose ideas can be laughed at How did things get to this point Fear New Zealand s Hostile Underworld of Extremists helps make sense of the tributaries feeding the river of alt right activism identifies the main perpetrators and looks at why New Zealand is susceptible to misinformation conspiracy theory and fear mongering *Repère* ,2011 **American Journalism Review** ,2011 **UN**
