Reason and God John Edwin Smith, 2003-01-01 **Reason and God** John E. Smith, 1967 *Philosophy of Religion in the Classical American Tradition* J. Caleb Clanton, 2024-01-12 Always clear and lucid there are moments in the text that read like intellectual history and other moments that read like technical analytic philosophy of religion Yet and this is truly impressive these different moments do not conflict with each other Instead they contribute to a seamless whole that is as argumentatively compelling as it is relatable J Aaron Simmons author of *God and the Other Ethics and Politics after the Theological Turn* The years between the end of the Civil War and the beginning of World War II are often seen as a golden age of philosophical thought in the United States thanks in part to the early development of pragmatism Together the pragmatists and other classical American philosophers of the time period addressed many of the issues still under debate in philosophy today and their influence is still evident Yet many of their contributions to philosophy of religion have not yet received the critical analysis they deserve In *Philosophy of Religion in the Classical American Tradition* J Caleb Clanton reconstructs evaluates and extends a variety of views in philosophy of religion drawn from inspired by or developed in response to the classical American philosophical tradition Problem based and argument driven each chapter explores a salient issue in philosophy of religion by engaging with such thinkers as C S Peirce William James Josiah Royce George Santayana John Dewey and Edward Scribner Ames as well as two prominent contemporary inheritors of the classical American philosophical tradition Cornel West and Richard Rorty Clanton addresses a wide variety of topics including the reality of God the veridicality of mystical experience the problem of evil the efficacy of petitionary prayer religious naturalism and the role of religion in the democratic public square For scholars and teachers of philosophy and religious studies *Philosophy of Religion in the Classical American Tradition* will serve as a valuable resource for engaging with the history of philosophy of religion in the United States J CALEB CLANTON is professor of philosophy and University Research Professor at Lipscomb University in Nashville He is the author or editor of several books including *The Classical American Pragmatists and Religion* and *The Philosophy of Religion of Alexander Campbell* winner of the Lester McAllister Prize

Philosophy and Theology of Humanisation in India Mervin Shinoj Boas,2007 *Philosophical Religions from Plato to Spinoza* Carlos Fraenkel,2012-11-22 This groundbreaking account of the concept of a philosophical religion traces its history from antiquity to the Enlightenment Emil Brunner's Integration of Faith and Reason Dong In Baek,2024-05-06 In the philosophical purview of our intellectual endeavors Emil Brunner's sojourn through the theological corridors reveals a tapestry of rigorous mental exercises and paradigmatic shifts Commencing his exploration harmonized with the liberal theological currents Brunner found himself adrift embroiled in the tumultuous seas of Karl Barth's unequivocal No to the paradigms of natural theology etching an indelible ideological chasm Traversing three profound metamorphic epochs initiating within the precincts of consciousness theology an echo chamber of Schleiermacher's musings segueing into the gravitational pull of dialectical theological realms and reaching zenith in his unparalleled emphasis on the Truth as Encounter Brunner's spiritual and intellectual topography is an odyssey of profound depths This literary endeavor plumbs the profundities of Brunner's philosophical theological metamorphosis A journey delineating his intricate dance with Bergson's intuitive paradigm his symbolic lexicon of faith an eventual critique of dialectical theology's embrace culminates in an intricate interpretation of sin and the imago Dei Of paramount significance is Brunner's theological bifurcation from Barth on the quintessential essence of human divine dynamics While both theological maestros recognize sin's pervasive imprint on the human soul Brunner postulates the tantalizing possibility of personal divine rendezvous In this erudite exposition on Brunner's theology we embark on an intellectual odyssey elucidating the subtle shades and profound resonances of his cognitive evolution An evolution wherein juxtaposed against theological titans he architects an idiosyncratic theological timbre echoing through the annals of time

Heidegger's Concept of Philosophical Method Vincent Blok,2019-10-08 This book provides new interpretations of Heidegger's philosophical method in light of 20th century postmodernism and 21st century speculative realism In doing so it raises important questions about philosophical method in the age of global warming and climate change Vincent Blok addresses topics that have yet to be extensively discussed in Heidegger scholarship including Heidegger's method of questioning the religious character of Heidegger's philosophical method and Heidegger's conceptualization of philosophical method as explorative confrontation He is also critical of Heidegger's conceptuality and develops a post Heideggerian concept of philosophical method which provides a new perspective on the role of willing poetry and earth interest in contemporary philosophy This earth interest turns out to be particularly important to consider and leads to critical reflections on Heidegger's concept of Earth the necessity of Earth interest in contemporary philosophy and a post Heideggerian concept of the Earth Heidegger's Concept of Philosophical Method will be of interest primarily to Heidegger scholars and graduate students but its discussion of philosophical method and environmental philosophy will also appeal to scholars in other disciplines and areas of philosophy

Literaturgeschichte Heiner Schmidt,1998 **Reason and Revelation before Historicism** Sharon Jo Portnoff,2012-01-30

Can contemporary religion and particularly Judaism exist without being informed by history This question was debated in 1940s New York by two German refugees who later rose to prominence Leo Strauss one of the twentieth century s most significant political philosophers and Emil L Fackenheim an important post Holocaust Jewish theologian There has been little consensus however on the definitive meaning of their work Reason and Revelation before Historicism the first full length comparison of Strauss and Fackenheim places the informal teacher and student in conversation alongside sections of their analyses of notable thinkers Sharon Portnoff suggests that both saw historicism as the nexus of the intersection and tension between philosophy and religion and raised the possibility of the persistence of the permanent in the modern world Portnoff illuminates our understanding of Strauss s relationship with Judaism Fackenheim s oft overshadowed great philosophical depth and the function and character of Jewish thought in a secular post Holocaust world **The Christian Century** ,1962
