## **Rebel Ice A Stardoc Novel:**

Rebel Ice S. L. Viehl, 2006-01-03 Two years ago Dr Cherijo Torin's ship crash landed on the ice covered world of Akkabarr. Struggling to survive in the hostile landscape she has no memory of her past. Now her husband Duncan Reeve has finally located her and he will stop at nothing to bring Cherijo home. But Akkabarr is a world in conflict. Slaves forced to live on the planet's surface are rebelling against their masters the Windlords who rule from sub orbital cities far above the harsh climate. And on this war torn world Duncan Reeve will discover that his greatest obstacle to reuniting with Cherijo may be Cherijo herself. **Rebel Ice** S. L. Viehl, 2006 *Plague of Memory* S. L. Viehl, 2007-01-02 Dr Cherijo Torin is not herself. With no memory of her past or even of the man she loved she sees herself as a different person and has no desire to remember who she once was. But Cherijo must remember if she's to develop a cure for the Hsktskt plague before their race becomes extinct.

*Dream Called Time* S. L. Viehl, 2010-08-03 From the national bestselling author of the Crystal Healer. The newest book in the thrilling Stardoc series. Dispatched to investigate an unidentified ship that has emerged from a mysterious rift in space, Cherijo discovers technology far more advanced than anything she's ever seen. Before she can unravel the alien ship's mystery, Cherijo's own ship is sucked into the rift and transported through time. Unless she can find a way to reopen the rift, they will remain trapped in another time. And Cherijo will never see her family which she's only just been reunited with again.

*Omega Games* S. L. Viehl, 2008-08-05 After regaining her memories and saving the reptilian Hsktskt from a devastating plague, Dr Cherijo Torin faces a different kind of epidemic: a mysterious black crystal spreading like cancer throughout the galaxy. A mercenary claiming to have information on the crystal's origins leads Cherijo and her husband Duncan Reeve to the planet Trellus and maroons them there. Trellus is a world under quarantine. Its colonists exhibit excessive paranoia and anger, taking out their frustrations in the Omega Dome in simulated combat against battle drones. But someone or something is killing victims outside the arena, leaving only their skins behind. Cherijo believes the black crystal infection is responsible for this horror and that someone deliberately triggered the outbreak. *The Publishers Weekly*, 2005 [The Rise and Fall of American Science Fiction, from the 1920s to the 1960s](#) Gary Westfahl, 2019-10-04 By examining important aspects of science fiction in the twentieth century, this book explains how the genre evolved to its current state. Close critical attention is given to topics including the art that has accompanied science fiction, the subgenres of space opera and hard science fiction, the rise of SF anthologies, and the burgeoning impact of the marketplace on authors. Included are in-depth studies of key texts that contributed to science fiction's growth, including Philip Francis Nowlan's first Buck Rogers story, the first published stories of A. E. van Vogt, and the early juveniles of Isaac Asimov, Arthur C. Clarke, and Robert Heinlein. [Stardoc: Rebel Ice](#) S. L. Viehl, 2006 **American Book Publishing Record**, 2005 **The Rebel** Jack Dann, 2009-03-17 With *The Rebel*, acclaimed award-winning author Jack Dann pulls James Dean from the twisted wreckage and offers him a second chance to make an indelible mark on his art, his culture, and his time in an era of profound change and devastating social upheaval.

Surviving the horrific crash that leaves him permanently scarred both physically and emotionally the haunted brooding and complex young star finds himself charged with a feeling of responsibility to do something wonderful and important Yet for Jimmy Dean the glory road will be winding and broken littered with the detritus of exploded dreams and destroyed love as it passes through the holiest cultural sites of postwar twentieth century America the genius and drug pumped world of the Beats the protected inner sanctum of Graceland the darkest shadows of Camelot The lives and futures of Kerouac Sinatra Elvis and the Kennedys will all be touched by him yet perhaps none so deeply as the fragile sex goddess who will always be his greatest burden and true soul mate a dazzling and tragically lost phenomenon named Marilyn as he moves toward an astonishing destiny that will reconfigure the world Ingeniously blending historical fact with brilliant invention The Rebel is a hip fast and mesmerizing ride through the fifties and sixties an unforgettable road trip across a nation with an American legend at the wheel
