Rebellion And Realignment Arkansas Road To Secession

James M. Woods

Rebellion And Realignment Arkansas Road To Secession:

Rebellion and Realignment James M. Woods, 1983 **A History of the Ozarks, Volume 2** Brooks Blevins, 2019-09-30

The Ozarks of the mid 1800s was a land of divisions. The uplands and its people inhabited a geographic and cultural borderland straddling Midwest and West North and South frontier and civilization and secessionist and Unionist. As civil war raged across the region neighbor turned against neighbor unleashing a generation of animus and violence that lasted long after 1865. The second volume of Brooks Blevins's history begins with the region's distinctive relationship to slavery. Largely unsuitable for plantation farming, the Ozarks used enslaved persons on a smaller scale or in some places not at all. Blevins moves on to the devastating Civil War years where the dehumanizing personal nature of Ozark conflict was made uglier by the predations of marching armies and criminal gangs. Blending personal stories with a wide narrative scope, he examines how civilians and soldiers alike experienced the war from brutal partisan warfare to ill-advised refugee policies to women's struggles to safeguard farms and stay alive in an atmosphere of constant danger. The war stunted the region's growth, delaying the development of Ozarks society and the processes of physical, economic, and social reconstruction. More and more, striving uplanders dedicated to modernization fought an image of the Ozarks as a land of mountaineers and hillbillies hostile to the idea of progress. Yet the dawn of the twentieth century saw the uplands emerge as an increasingly uniform culture, forged for better and worse in the tumult of a conflicted era.

Historical Dictionary of the Civil War and Reconstruction William L. Richter, 2011-12-01. The importance of the Civil War and Reconstruction in the history of the United States cannot be overstated. Many historians regard the Civil War as the defining event in American history. At stake was not only freedom for 3.5 million slaves but also survival of the relatively new American experiment in self-government. A very real possibility existed that the union could have been severed, but a collection of determined leaders and soldiers proved their willingness to fight for the survival of what Abraham Lincoln called the last best hope on earth. The second edition of this highly readable one-volume *Historical Dictionary of the Civil War and Reconstruction* looks to place the war in its historical context. The more than 800 entries encompassing the years 1844-1877 cover the significant events, persons, politics, and economic and social themes of the Civil War and Reconstruction. An extensive chronology, introductory essay, and comprehensive bibliography supplement the cross-referenced dictionary entries to guide the reader through the military and non-military actions of one of the most pivotal events in American history. The dictionary concludes with a selection of primary documents. This book is an excellent access point for students, researchers, and anyone wanting to know more about the Civil War and Reconstruction.

Caught in the Maelstrom Clint Crowe, 2017-07-19. Incredibly detailed and well-documented. San Francisco Book Review. A revelatory history of the actions of five Indian Nations during the Civil War. The sad plight of the Five Civilized Tribes: the Cherokee, Choctaw, Creek, Muscogee, and Seminole during America's Civil War is both fascinating and often overlooked in the literature. From 1861-1865, the Indians fought their own bloody civil war on lands

surrounded by the Kansas Territory Arkansas and Texas Clint Crowe's *magisterial Caught in the Maelstrom The Indian Nations in the Civil War* reveals the complexity and the importance of this war within a war and explains how it affected the surrounding states in the Trans Mississippi West and the course of the broader war engulfing the country The onset of the Civil War exacerbated the divergent politics of the five tribes and resulted in the Choctaw and Chickasaw contributing men for the Confederacy and the Seminoles contributing men for the Union The Creeks were divided between the Union and the Confederacy while the internal war split apart the Cherokee nation mostly between those who followed Stand Watie a brigadier general in the Confederate Army and John Ross who threw his majority support behind the Union cause Throughout Union and Confederate authorities played on divisions within the tribes to further their own strategic goals by enlisting men signing treaties encouraging bloodshed and even using the hard hand of war to turn a profit Crowe's study is grounded upon a plethora of archival resources newspapers diaries letter collections and other accounts Caught in the Maelstrom examines every facet of this complex and fascinating story in a manner sure to please the most demanding reader

The Road to Disunion: Secessionists triumphant, 1854-1861 William W. Freehling, 1990 Vol 1 is a sweeping political and social history of the antebellum South from 1776 to 1854 **Poor Whites of the Antebellum South** Charles C. Bolton, 1994 In *Poor Whites of the Antebellum South* Charles C Bolton gives a distinct voice to one of the most elusive groups in the society of the Old South Bolton's detailed examination reveals much about the lives of these landless white tenants and laborers and their relationship to yeoman farmers black slaves free blacks and elite whites Providing a provocative analysis of the failure of the Jeffersonian yeoman ideal of democracy in white majority areas this book also shows how poor whites represented a more significant presence on the political economic and social landscape than previously had been thought Looking at two specific regions the settled central piedmont of North Carolina and the frontier of northeast Mississippi Bolton describes how poor whites played an important though circumscribed role in the local economy Dependent on temporary employment they represented a troubling presence in a society based on the principles of white independence and black slavery Although perceived by southern leaders as a threat poor whites Bolton argues did not form a political alliance with either free or enslaved blacks because of numerous factors including white racism kinship ties religion education and mobility A concluding discussion of the crisis of 1860-61 examines the rejection of secession by significant numbers of poor whites as well as the implications for their future as the Old South turned toward the new Poor Whites of the Antebellum South sheds light on a group often neglected in southern history It is an important contribution that will be of interest to all students and historians of the American South **Stonewall of the West** Craig L. Symonds, 1997 This text offers a critical biography of Patrick Cleburne It explores the sources of Cleburne's commitment to the Southern cause his growth as a combat leader from Shiloh to Chickamauga and his emergence as one of the Confederacy's most effective field commanders **The Arkansas Historical Quarterly**, 1998 List of charter members v 1 p 8 *The Black Abolitionist*

Papers: The United States, 1859-1865, 1985 **The Encyclopedia of the Irish in America** Michael Glazier, 1999

Distinguished scholars from American Ireland Canada and Britain have contributed major articles about important events themes and people of the Irish saga in American from colonial times to today **Guide to Departments of History**, 1983

America, History and Life, 1990 Article abstracts and citations of reviews and dissertations covering the United States and Canada **With Charity for All** William Charles Harris, 1997 The first comprehensive examination of wartime Reconstruction this book offers a bold new interpretation of Lincoln's efforts to restore the seceded Union while the Civil War raged *Doctoral Dissertations in History*, 1981 **The Southern Influence on Midwestern Political Culture** Nicole Etcheson, 1991 **Becoming Republican** Julianne Louise Wood, 1994 **Southwestern Historical Quarterly**, 1989

The Fall of the House of Dixie Bruce Levine, 2013-01-08 In this major new history of the Civil War Bruce Levine tells the riveting story of how that conflict upended the economic political and social life of the old South utterly destroying the Confederacy and the society it represented and defended Told through the words of the people who lived it *The Fall of the House of Dixie* illuminates the way a war undertaken to preserve the status quo became a second American Revolution whose impact on the country was as strong and lasting as that of our first In 1860 the American South was a vast wealthy imposing region where a small minority had amassed great political power and enormous fortunes through a system of forced labor The South's large population of slaveless whites almost universally supported the basic interests of plantation owners despite the huge wealth gap that separated them By the end of 1865 these structures of wealth and power had been shattered Millions of black people had gained their freedom many poorer whites had ceased following their wealthy neighbors and plantation owners were brought to their knees losing not only their slaves but their political power their worldview their very way of life This sea change was felt nationwide as the balance of power in Congress the judiciary and the presidency shifted dramatically and lastingly toward the North and the country embarked on a course toward equal rights Levine captures the many sided human drama of this story using a huge trove of diaries letters newspaper articles government documents and more In *The Fall of the House of Dixie* the true stakes of the Civil War become clearer than ever before as slaves battle for their freedom in the face of brutal reprisals Abraham Lincoln and his party turn what began as a limited war for the Union into a crusade against slavery by issuing the Emancipation Proclamation poor southern whites grow increasingly disillusioned with fighting what they have come to see as the plantation owners war and the slave owners grow ever more desperate as their beloved social order is destroyed not just by the Union Army but also from within When the smoke clears not only Dixie but all of American society is changed forever Brilliantly argued and engrossing *The Fall of the House of Dixie* is a sweeping account of the destruction of the old South during the Civil War offering a fresh perspective on the most colossal struggle in our history and the new world it brought into being Praise for *The Fall of the House of Dixie* This is the Civil War as it is seldom seen A portrait of a country in transition as vivid as any that has been written *The Boston Globe* An

absorbing social history For readers whose Civil War bibliography runs to standard works by Bruce Catton and James McPherson Bruce Levine s book offers fresh insights The Wall Street Journal More poignantly than any book before The Fall of the House of Dixie shows how deeply intertwined the Confederacy was with slavery and how the destruction of both made possible a second American revolution as far reaching as the first David W Blight author of American Oracle Splendidly colorful Levine recounts this tale of Southern institutional rot with the ease and authority born of decades of study Kirkus Reviews starred review A deep rich and complex analysis of the period surrounding and including the American Civil War Publishers Weekly starred review *Rebellion and Realignment* James M. Woods,1987 The North Carolina Historical Review ,1988
