## Reborn Love:

The Conjuror Returns Michael S Ball, 2025-11-21 This book ventures into the modern day use of inspiration by the inclusion of internet shorts requiring a limited space to reply relating to others simply in admiration or requesting a title for inspiration I'd write a reply or form a poem suggesting a title not all are shown here though they're given as inspiration later to complete poems all done from Internet shorts The subjects here are mainly love related with a little of nature interspersed here and there It's surprising how other trains of thought can inspire before hello's soon become goodbyes As is the case with all that correspondence I hope some of you will seek inspiration from others unknowingly giving suggestions for themes of life love and needs of the heart enough to write it down or simply admire another's ability to express in a poetic way

Eliot Even among our women poets there are three Empresses Dickinson Moore and Plath who beguile countless eager academic courtiers to their thrones Sadly it was Plath's early death by suicide that won her great devotion But it is no more odd than the fact that their

prestige has kept the great achievements of our mainstream lyrical women poets unrecognized stifled and hidden from readers eyes Even the few women lyricists who remain in print such as Millay H D and Bogan appear in demeaning printed versions with everything they wrote being stuffed between two covers with no regard for assessing the poems quality and no help from sympathetic editors Conversely in selections of their poetry only the most academic verses are chosen to represent their poetry Covering the period from Emily Dickinson to the present day this anthology collects all our classic women poets in one volume for the first time It proposes that their best poems have a value different from but equal to the writings of the most admired poets With a few exceptions the eighteen poets included are represented by coherent sequences of poems that develop lines of thought and display the poets stylistic brilliance Part Four consists of critical biographical essays on these women These incorporate extensive bibliographies which enhance the book s value as a reference tool Though many of these poets volumes are out of print and most of them are unknown even to the most literate readers these women belong at the center of American literature masters of their art who contributed unique insights into the human experience Contents
