## **Rebuilding The Democratic Party From The Grassroots The Ultimate Guidebook For Democrats:**

**Rebuilding the Democratic Party from the Grassroots** Shawn M. O'Donnell, Drucilla Badurina, 2005 Following the presidential election of 2004 many believed the Democratic Party had reached the lowest point in its history Rebuilding the Democratic Party from the Grassroots offers a definitive blueprint for reversing that course and returning the Democratic Party to its roots and its core values Authors Drucilla Badurina and Shawn O'Donnell seek to restore the Democratic Party to the party for the average American and the traditional party for a new century With its candid flowing style Rebuilding the Democratic Party from the Grassroots explains how John Kerry the last Democratic presidential candidate lost the national election It also illustrates campaign realities with in depth examples of what actually happened proposes solutions for bottom up election reform and offers a specific plan to reinvent and reinvigorate the Democratic Party Rebuilding the Democratic Party from the Grassroots is the ultimate guidebook for taking the Democratic Party back to its future back to its values and back to the people The Democratic Party needs a vibrant forward thinking long term presence in every single state and we must be willing to contest every race at every level We will only win when we show up and fight for the issues important to all of us Governor Howard Dean M D Announcement for Democratic National Committee Chair [From the Primaries to the Polls](#) Thomas Gangale, 2007-12-30 America's presidential nominating process is inherently unfair and exclusive yielding undue weight and privilege to the states that vote in the earliest rounds More and more states are beating down the door to vote earlier trying to redress the inequity on a state by state basis In the ensuing free for all the presidential primary schedule has become so front loaded that the anointed front runner with the biggest war chest in each of the major parties is the de facto nominee The primaries are becoming mere noise and pageantry as the national conventions have been for several decades From the Primaries to the Polls describes the problem and proposes the solution The American Plan is designed to begin with contests in small population states where candidates do not need millions of dollars to compete and a wide field of presidential hopefuls can be competitive in the early going A minor candidate's surprise success in early rounds based on merit rather than money tends to attract money from larger numbers of small contributors for the campaign to spend in later rounds of primaries Keeping more candidates in the race longer to challenge to the front runners prevents a rush to judgment and permits more voters across the country to select from a diverse field As the campaign proceeds over ten two week intervals of primaries and caucuses on a semi randomized schedule the aggregate value of contested states becomes successively larger requiring the expenditure of larger amounts of money in order to campaign effectively A more gradual weeding out process occurs allowing a clear winner to emerge only after the full spectrum of candidates has been in play nationally *Rebuilding the Democratic Party* Penn Kemble, 1979 *Rebuilding America* John Haseitel, John And Gabriel Haseitel, 2006-05-01 This book was written with the purpose of clarifying the objectives set forth by the National Democratic Party on how to rebuild America The authors of this book have spent thousands of research hours finding clear

democratic views principals and solutions to issues which are of prime concern in these times The research was primarily derived from Democratic speeches interviews debates media coverage and historical events which clearly demonstrate where we stand as Democrats and where we are going as a Nation Harvest the Vote Jane Kleeb,2020-01-21 From Democratic Party rising star Jane Kleeb an urgent and stirring road map showing how the Democratic Party can and should engage rural America The Democratic Party has lost an entire generation of rural voters By focusing the majority of their message and resources on urban and coastal voters Democrats have sacrificed entire regions of the country where there is more common ground and shared values than what appears on the surface In Harvest the Vote Jane Kleeb chair of Nebraska s Democratic Party and founder of Bold Nebraska brings us a lively and sweeping argument for why the Democrats shouldn t turn away from rural America As a party leader and longtime activist Kleeb speaks from experience She s been fighting the national party for more resources and building a grassroots movement to flex the power of a voting bloc that has long been ignored and forgotten Kleeb persuasively argues that the hottest issues of the day can be solved hand in hand with rural people On climate change Kleeb shows that the vast spaces of rural America can be used to enact clean energy innovations And issues of eminent domain and corporate overreach will galvanize unlikely alliances of family farmers ranchers small business owners progressives and tribal leaders much as they did when she helped fight the Keystone XL pipeline The hot button issues of guns and abortion that the Republican Party uses to wedge voters against one another can be bridged by putting a megaphone next to issues critical to rural communities Written with a fiery voice and commonsense solutions Harvest the Vote is both a call to action and a much needed balm for a highly divided nation **The Democrats Must Lead** James MacGregor Burns,William J Crotty,Lois Lovelace Duke,Lawrence D Longley,2019-07-11 All over the world political parties are being born and political pluralism is being fostered Ironically here in the United States the parties are blurring together ideologically and the political process is suffering One of the messages of this book is that a vital two party system is essential to America s political health The last thing this country needs the authors argue is two Republican parties At this critical moment in history the Democratic party has the opportunity to offer the nation a real political choice a sense of direction and a program to address the needs of Americans in a changing world It is time they say for a change a change that only the Democrats can provide As recounted here a generation of Republican administrations have had their chance The results have not been happy deepening social divisions heightened inequalities in income distribution a decaying educational system environmental exploitation an insensitivity to the concerns of the less powerful the largest public debt in history and a foreign policy based on force Recurring constitutional crises have also erupted as epitomized by the Iran Contra affair The record is a sorry one Alternatives exist and the best ones rest with the Democratic party The Democrats must lead It is their responsibility to offer a new vision of the future and the means for achieving it to provide a program that is compassionate just and inclusive of all The politics of greed exploitation self promotion and militarism must be put behind us Such are the

themes of this extraordinary book Leading academicians each an expert in his or her area emphasize the need for new leadership propose contributions that a progressive Democratic party could make and suggest what this party should stand for as well as how it can win in 1992 They urge the Democrats to be both brave and principled brave in defying the conventional wisdom that Democrats must be moderate to win and principled in sticking to progressive ideals The book provides analysis of such areas as the political impact of an issue oriented liberal party the campaign and media choices required to get a progressive message across the role and concerns of women blacks Hispanics and other 262 underrepresented groups electoral and legislative strategies for success and the substance of what a progressive policy agenda should contain Challenging and thought provoking these essays will help reshape political thinking during this critical period in the nation s history Their objective is creation of a society that represents and responds to human needs and the authors indicate the way to achieve these goals through an invigorated forward looking Democratic party

**Herding Donkeys** Ari Berman, 2005-09-23 After the 2004 election the Republican Party held the White House both houses of Congress twenty eight governorships and a majority of state legislatures One party rule it seemed was here to stay Herding Donkeys tells the improbable tale of the grassroots resurgence that transformed the Democratic Party from a lonely minority to a sizable majority It chronicles the inside story of Howard Dean s visionary yet deeply controversial fifty state strategy charting his unpredictable journey from insurgent presidential candidate to front running flameout to chairman and conscience of the Democratic Party in an unexpected third act Ari Berman reveals how the Obama campaign built upon Dean s strategy when others ridiculed it expanding the ranks of the party and ultimately laying the groundwork for Obama s historic electoral victory but also sowing the seeds of dissent that would lead to legislative stalemate and intraparty strife Revelatory and entertaining in the vein of Timothy Crouse s The Boys on the Bus and Rick Perlstein s Nixonland Herding Donkeys combines fresh reportage with a rich and colorful cast of characters It captures the untold stories of the people and places that reshaped the electoral map painting a vivid portrait of a shifting country while dissecting the possibility and peril of a new era in American politics

**The Argument** Matt Bai, 2007 While pundits obsess over who s up and who s down on Capitol Hill the real action in Democratic politics is happening among the grass roots where an emerging progressive movement the first popular movement of the Internet age is seizing power from the party s weakened Washington establishment Bai gets deep inside this movement penetrating a secret club of wealthy donors and following a group of other progressive power brokers Howard Dean the blogger Markos Moulitsas the union chief Andy Stern the leaders of MoveOn.org as they vie with party leaders for control of a vastly changed Democratic landscape What does it mean to be a Democrat seventy five years after the New Deal in a society transformed by the suburb the Internet and the mutual fund
