

Recalled To Life

Grinding of motors and the thudding of bolts vibrate throughout the docking bay. Men in overalls, stained head to toe, are breaking a sweat running the operation. Officials with clipboards and stogies bark and point. Despite the loud roar of the ventilation, the air reeks of smoke and grime.

A man with a tie and megaphone spits out instructions for the ship-hands to follow. The tone of the commands reveals urgency and curiosity. The bay hasn't had such an exciting emergency beacon salvage in what could constitute forever... ergo perhaps less than a few days.

Workers rush to crowd around the stationed salvage vessel. The control panel is manipulated to unload and decouple the oblong rescue 'dinghy'. All sorts of personnel haul themselves down to the bay after hearing the announcement over communications. A technician wrestles with the air-tight seal. A triage nurse grinds her teeth in anticipation. Security controls the crowd, questioning whether who, or what, on board could be, friend or foe?

The servos of the emergency hypersleep pod click and whirr...

White light.

Their screams could not be forgotten. Something that a man would have to remember forever. A soldier understands his purpose. Even if afraid, he is resolute.

Those screams betrayed their nature. Primordial, like an infant. As if their tower to Heaven had crumbled down. Man was no longer in control.

There was only one other time in his life where screams like that affected him.

Recalled To Life:

The Satapatha-brâhmana according to the text of the Mâdhyandina school Julius Eggeling,1882 **The Kindertransport** Jennifer Craig-Norton,2019-06-25 A timely study of the effects of family separation on child refugees using newly discovered archival sources from the WWII era Highly recommended Choice The Kindertransport an organized effort to extract children living under the threat of Nazism lives in the popular memory as well as in literature as a straightforward act of rescue and salvation but these celebratory accounts leave little room for a deeper more complex analysis This volume reveals that in fact many children experienced difficulties with settlement they were treated inconsistently by refugee agencies their parents had complicated reasons for giving them up and their caregivers had a variety of motives for taking them in Against the grain of many other narratives Jennifer Craig Norton emphasizes the use of newly discovered archival sources which include the correspondence of refugee agencies carers Kinder and their parents and juxtaposes this material with testimonial accounts to show readers a more nuanced and complete picture of the Kindertransport In an era in which the family separation of refugees has commanded considerable attention this book is a timely exploration of the effects of family separation as it was experienced by child refugees in the age of fascism The Australian Edition of the Selected Works of Marcus Clarke, Together with a Biography and Monograph of the Deceased Author Marcus Andrew Hislop Clarke,1890 Nuttall's Standard Dictionary of the English Language P.
