Asian Popular Culture Anthony Y.H. Fung, 2013-05-29 This book examines different aspects of Asian popular culture including films TV music comedy folklore cultural icons the Internet and theme parks It raises important questions such as What are the implications of popularity of Asian popular culture for globalization Do regional forces impede the globalizing of cultures Or does the Asian popular culture flow act as a catalyst or conveying channel for cultural globalization Does the globalization of culture pose a threat to local culture It addresses two seemingly contradictory and yet parallel processes in the circulation of Asian popular culture the interconnectedness between Asian popular culture and western culture in an era

of cultural globalization that turns subjects such as Pok mon Hip Hop or Cosmopolitan into truly global phenomena and the local derivatives and versions of global culture that are necessarily disconnected from their origins in order to cater for the local market It thereby presents a collective argument that whilst local social formations and patterns of consumption and participation in Asia are still very much dependent on global cultural developments and the phenomena of modernity yet such dependence is often concretized reshaped and distorted by the local media to cater for the local market **Popular**

Culture in Taiwan Marc Moskowitz,2010-10-18 The growing field of popular culture studies in Taiwan can be divided into two distinct academic trends a different analytical framework is used to examine either locally oriented popular culture or transnational pop culture This volume combine these two academic trends firstly by revealing that localized popular culture in Taiwan is in many ways a merging of Chinese Japanese American and indigenous cultures and therefore is a form of hybridity that arose long before the term became popular Secondly the chapters show that the transnational character of Taiwan s pop culture is one of the more important ways that it distinguishes itself from mainland China In other words it is precisely Taiwan s transnational hybrid character that helps to define it as a distinctive local space The contributors explore how traditional Chinese influences modern localized lives in Taiwan localized identity culture and politics as a contested domain with Chinese and traditional Taiwanese identities and Taiwan s localization process as contesting Taiwan s gravitation towards globalized Western culture Including chapters on baseball poetry pop music puppets and Harry Potter Popular Culture in Taiwan is an accessible and stimulating read for those studying the culture and society of Taiwan and China as well as cultural studies more generally **POP** Moritz Baßler,Robin Curtis,Heinz Drügh,Nadja Geer,Thomas Hecken,Mascha Jacobs,Nicolas Pethes,Katja Sabisch,2014-06-15 POP Kultur und Kritik analysiert und kommentiert die wichtigsten Tendenzen der aktuellen Popkultur in den Bereichen von Musik und Mode Politik und Konomie Internet und Fernsehen Literatur und Kunst POP liefert feuilletonistische Artikel und Essays mit kritisch pointierten Zeitdiagnosen POP bietet wissenschaftliche Aufsätze die sich in berblicksdarstellungen zentralen Themen der zeitgenössischen Popkultur widmen Die Zeitschrift richtet sich sowohl an Wissenschaftler_innen und Studierende als auch an Journalisten und alle Leser_innen mit Interesse an der Pop und Gegenwartskultur Im dritten Heft geht es u a um die Bundestagswahl Pop Life Oberflächlichkeit und populäres Wissen **Routledge Handbook of East Asian Popular Culture** Koichi Iwabuchi,Eva Tsai,Chris

Berry,2016-12-01 Since the 1990s there has been a dramatic increase in cultural flows and connections between the countries in the East Asian region Nowhere is this more apparent than when looking at popular culture where uneven but multilateral exchanges of Japanese Korean Taiwanese Hong Kong and Chinese products have led to the construction of an East Asian Popular Culture This is both influenced by and in turn influences the national cultures and generates transnational co production and reinvention As East Asian popular culture becomes a global force it is increasingly important for us to understand the characteristics of contemporary East Asian popular culture and in particular its transnational nature

In this handbook the contributors theorize East Asian experiences and reconsider Western theories on cultural globalization to provide a cutting edge overview of this global phenomenon The Routledge Handbook of East Asian Popular Culture will be of great interest to students and scholars of a wide range of disciplines including Cultural Studies Media Studies Communication Studies Anthropology Sociology and Asian Studies in general **The Copenhagen Journal of Asian Studies** ,2002 **The Japanification of Children's Popular Culture** Mark I. West,2009 Godzilla stomped his way into American movie theaters in 1956 and ever since then Japanese trends and cultural products have had a major impact on children s popular culture in America This can be seen in the Hello Kitty paraphernalia phenomenon the popularity of anime television programs like Pokemon and Dragon Ball Z computer games and Hayao Miyazaki s award winning films such as Spirited Away and Princess Mononoke The Japanification of Children s Popular Culture brings together contributors from different backgrounds each exploring a particular aspect of this phenomenon from different angles from scholarly examinations to recounting personal experiences The book explains the interconnections among the various aspects of Japanese influence and discusses American responses to anime and other forms of Japanese popular culture Manga - die Faszination der Bilder Miriam Brunner,2009 4 Sekunden pro Seite mehr brauchen ge bte Manga Leser nicht Was passiert vor und was hinter ihren Augen Wieso und womit schlagen die gezeichneten Bildergeschichten sie so in ihren Bann Woher die weltweite Faszination und der riesige kommerzielle Erfolg dieses zumindest f r westliche Konsumenten noch jungen Mediums Manga Faszination der Bilder l dt dazu ein die Geheimnisse des Mediums zu entdecken und gibt Antworten auf diese und andere Fragen In einem umfangreichen Einf hrungsteil mit einem historischen berblick bietet das Buch auch allen Eltern Lehrern und anderen Nicht Manga Lesern einen orientierenden Einstieg **Japan aktuell** ,2007 The Oxford Handbook of Film and Media Studies Robert Kolker,2008-09-11 This handbook examines film and new media in the light of their convergence It draws on leading scholars in the field to discuss traditional areas of history and theory of film and digital media Its focus however is on the cycle of technologically driven arts Film was born of a number of experiments in reproducing motion all of which culminated in the nineteenth century projection of short films The creation of digital media resulted from experiments in alternative forms of representation in the early 1960s John Whitney began creating avant garde films from digital graphics around 1960 and some of his ideas and methods were incorporated by Stanley Kubrick in 2001 A Space Odyssey By the early 1990s commercial filmmakers began to employ digital effects in their work By the late nineties digital arts had come fully into their own both in the form of stand alone or interactive artworks and films created with and for the computer At the same time digital effects had completely overtaken optical printing and matte painting in film From special effects to creating realistic backgrounds and crowds the digital is infiltrating all aspects of filmmaking The infiltration is about to become a takeover as celluloid is replaced by high definition digital recording and projection processes Many aspects of film will change as this latest convergence takes place Already cultural response to film has changed as viewers

begin to teach themselves about film through supplementary material on DVDs and to make their own films on home computers But this handbook is not a technical history or manual Quite the contrary it is a scholarly work discussing the aesthetics economics and cultural results of these changes and convergences The book balances traditional scholarship and analysis with essays addressing technological change and the concurrent changes in cultural responses to these changes responses already acknowledged by the profession *Keio Communication Review* ,2010 *Past in Reverse* Betti-Sue Hertz,2004 *Past in Reverse* Contemporary Art of East Asia features 22 artists and artist groups from Mainland China Taiwan Hong Kong Japan and Korea As strategies for incorporating cultural and artistic genealogies in their work these practitioners variously access traditional materials and techniques established philosophical underpinnings and behaviors surrounding the production and use of material culture The region s cultural hybridization is asserted in their declaration that East and West are not separate and that the one is embedded in the other Art historical interdependencies within the region in relationship to current systems of global connectivity supply a dynamic framework for understanding these works of art *Asian Cinema* ,2007 Posthuman Visions in Postwar U.S. and Japanese Speculative Fiction Shigeru Suzuki,2008 **Media in the Age of Marketization** Graham Murdock,Janet Wasko,2007 This book explores the notion that the push toward marketization is the central force currently restructuring the communications landscape and examines the consequences of this development for the constitution of public culture The contributors analyze the core institutional processes of marketization and assess their impact on the structure and operations of media and communication systems around the world over the last two decades The chapters are organized over four key themes consolidation incorporation globalization and resistance
