Dr. Marshall Goldsmith, Thinkers50's 1st Executive Coach and New York Times bestselling author of *The Earned Life*, *Triggers*, and *What Got You Here Won't Get You There*, is a brilliant and timely guide. The EENDEED Project sets a new standard for understanding and driving employee engagement in the modern era. Richard Spector, best-selling leadership and personal development author of *Ambition Redefined* (Kathryn Sollmann, 2018-10-11), says it's time to acknowledge that not all working women are interested in climbing the corporate ladder or securing the corner office. Most want and need flexible, less life-consuming work to accommodate their real lives, and it's not weak, lacking ambition, or letting down the sisterhood to pursue professional fulfillment and financial security through less lofty or headline-making ways. Eye-opening and practical, *Ambition Redefined* is a welcome alternative to women's business books. Sollmann calls it like it is: everyday women want and need flexible work that allows them to unapologetically pursue their own brand of ambition and success. She shows them how without sacrificing themselves, their careers, or their families. Armed with practical insights and tools, readers will be empowered to go after opportunities beyond traditional definitions of work, career, and success. They will learn why they should never leave the workforce, how to make a case for flexibility in a current full-time job, how to find flexible employers, industries, and job functions, and how to return to work after time away raising children or caring for
