Same Bed, Different Dreams David M. Lampton, 2001 Publisher Fact Sheet An insider's view of the United States relationship with China over the last decade Die neuen amerikanisch-japanischen Leitlinien für Verteidigungskooperation Axel Berkofsky, 2005 **Handelspolitik im US-Kongress** Michael Kolkman, 2015-02-27 Die Verabschiedung des Gesetzes über die permanente Normalisierung der Handelsbeziehungen mit der VR China im Jahre 2000 kann als die kontroverseste handelspolitische Entscheidung des Kongresses seit den frühen 1990er Jahren gelten Michael Kolkman zeichnet den parlamentarischen Prozess in den beiden Kammern des US Kongresses nach und bezieht weitere Akteure wie den amerikanischen Präsidenten Wirtschaftsunternehmen und verbundene Gewerkschaften und Menschenrechtsgruppen mit ein Abschließend formuliert der Autor Kriterien die die Verabschiedung des PNTR Gesetzes begünstigt haben und auch in Zukunft handelspolitische Vorlagen im Kongress begünstigen könnten *Congressional Policymaking in Sino-U.S. Relations during the Post-Cold War Era* Joseph Gagliano, 2014-09-15 Conventional wisdom holds that the President enjoys the preponderance of foreign policy power however Congress has influenced China policymaking more than is generally recognized The legislature has demonstrated consistent interests in the realm of China policy and it has invariably pursued those interests through law making During the post Cold War period in particular the Sino U S relationship has evolved in a radically changing international environment marked by a power transition inherent in China's rise The development of official relations between Washington and Beijing during the Cold War occurred in the shadow of an assertive Soviet power when the United States and China were able to find common geopolitical ground in opposing Soviet expansion while overlooking longstanding political disagreements The dissolution of the Soviet empire however put the United States and China on a new geostrategic footing Political disagreements were no longer exempted in light of a counter Soviet strategy and the reduction in concern for the Soviet threat allowed policymakers in Washington to more aggressively pursue trade interests that conflicted with those of China Given this international context this book aims to discern how Congress reconciled competing Sino U S interests in a post Cold War era when external threats no longer dictated an apparent hierarchy that favored China over the Soviet Union This work will be of interest to students and scholars of US foreign policy China Studies and international relations in general *The Domestic Sources of China's Foreign Policy* Lai Hongyi, 2010-04-28 Offers a systemic analysis of the foreign policy of China This title demonstrates how domestic factors have profoundly shaped China's foreign policy from the late Mao's era to the reform era presenting its argument through an analysis of major cases of Chinese foreign policy **Chinas Außenpolitik** Gustav Kempf, 2017-11-07 Das Werk wirft einen Blick auf die Wurzeln chinesischer Außenpolitik auf ihre Traditionen und Konzeptionen Hufig in dialogischer Weise wird auch die Praxis chinesischer Außenpolitik analysiert und auf die Zukunft extrapoliert Der Autor und seine einheimischen Gesprächspartner stellen Überlegungen an welche Verhaltensweisen des Reichs der Mitte denkbar welche wahrscheinlich sind Die

Volksrepublik China und ihre Nachbarn Günter Schucher, 2003 Breaking the Engagement David Shambaugh, 2025-05-15

An internationally recognized scholar provides a powerful explanation of the Breaking the Engagement How China Won Lost America between the United States and China For over five decades following the 1972 rapprochement between the United States and China the two countries seemed to be steadily building a sound relationship even accounting for periodic setbacks like the Tiananmen Square massacre The last decade though has seen a sharp increase in tensions and a complete reorientation of American policies toward China from engagement to competition What happened In Breaking the Engagement How China Won Lost America esteemed scholar David Shambaugh examines the evolution expansion and disintegration of the American engagement strategy towards China Shambaugh attributes the recent sharp deterioration of relations to a combination of China's actions and American expectations Xi Jinping's increasingly assertive foreign policy and domestic repression has directly challenged American interests More deeply he argues that the real underlying cause is America's longstanding paternalistic approach to transform China into a liberal state and society which conforms with the US led global liberal order When China has generally evolved in this direction politically economically socially intellectually and internationally it corresponds with American aspirations and the two could cooperate But when Beijing pushes back against this transformative strategy which Beijing sees as subversion Americans become disillusioned and US policymakers see China as a malign regime which must be countered By focusing on the role of perceptions and US expectations in fueling the shift towards competition and rivalry in the last decade Shambaugh provides a unique new perspective on this critical global relationship
