**Sea Changes** Stephen Fender, 1992      *Nineteenth-Century Transatlantic Reprinting and the Embodied Book* Jessica DeSpain, 2016-05-06 Until the Chace Act in 1891 no international copyright law existed between Britain and the United States which meant publishers were free to edit text excerpt whole passages add new illustrations and substantially redesign a book s appearance In spite of this ongoing process of transatlantic transformation of texts the metaphor of the book as a physical embodiment of its author persisted Jessica DeSpain s study of this period of textual instability examines how the physical book acted as a major form of cultural exchange between Britain and the United States that called attention to volatile texts and the identities they manifested Focusing on four influential works Charles Dickens s *American Notes for General Circulation* Susan Warner s *The Wide Wide World* Fanny Kemble s *Journal of a Residence on a Georgian Plantation* and Walt Whitman s *Democratic Vistas* DeSpain shows that for authors readers and publishers struggling with the unpredictability of the textual body the physical book and the physical body became interchangeable metaphors of flux At the same time discourses of destabilized bodies inflected issues essential to transatlantic culture including class gender religion and slavery while the practice of reprinting challenged the concepts of individual identity personal property and national identity      British Emigration, 1603-1914 A. Murdoch, 2004-10-15 The idea of Britain has been understood largely in terms of sectarian conflict and state formation whereas emigration has most often been explored in terms of economic and social history This book explores the relationship between two subjects normally studied in isolation and includes emigration from Ireland as a social phenomenon which cannot be understood in isolation from modern British History as well as the impact of British emigration on the ethos and identity of the British Empire at its zenith at the turn of the Nineteenth and Twentieth centuries      *Puritanismus und Pioniergeist* Ulrike Brunotte, 2016-10-10 Mit der berfahrt der Mayflower 1620 begann die neuenglische Geschichte als ein puritanisches Gr ndungsexperiment inmitten der Wildnis Anhand von Selbstzeugnissen wird die bewegte Geschichte der religionspolitischen Anf nge Nordamerikas rekonstruiert      *Handbuch Brief* Marie Isabel Matthews-Schlinzig, Jörg Schuster, Gesa Steinbrink, Jochen Strobel, 2020-09-07 Das Handbuch stellt das gegenw rtige Wissen zur Textsorte Brief zur Verf gung und macht in seiner Vielzahl von Beitr gen aus allen kulturwissenschaftlichen Disziplinen die Dimension der von der Fr hen Neuzeit bis zur Gegenwart wirksamen Briefkulturen erstmals greifbar Das textuelle und kommunikative Ph nomen Brief wird in systematisch begriffsgeschichtlichen Artikeln sowie in quellenorientierten historischen Fallstudien umfassend analysiert Das Handbuch widmet sich unter angemessener rezeptions und literaturgeschichtlicher Ber cksichtigung der epistolographischen Tradition seit seinen Anf ngen schwerpunktm ig dem deutschsprachigen Brief Zahlreiche Bezugnahmen und Ausblicke auf den gesamteurop ischen Kontext sch rfen den Blick f r die teils sprachlich und kulturell bedingten Spezifika teils universale Ph nomenologie der Briefkultur en Auf berblicksartikel aus Sicht der Disziplinen folgen Artikel zu grundlegenden Fragen bzw zu Einzelaspekten der Briefkommunikation sowie eine

Abteilung zu unterschiedlichen Briefgenres Der umfangreiche historische Teil enthält vor allem Artikel zu wichtigen Briefschreibern innen und zur Brieftheorie besonderer Wert wird auf epistolare Zeitgenossenschaften gelegt *Leaving England* Charlotte Erickson, 2019-01-24 The British Isles provided more overseas settlers than any country in continental Europe during the nineteenth century but English emigrants to North America have remained largely invisible partly for lack of records about their departure or their experiences Here Charlotte Erickson uses new sources to understand this long neglected group and the nature of their lives in a new land **Domestic Fiction in Colonial Australia and New Zealand** Tamara S Wagner, 2015-10-06 Colonial domestic literature has been largely overlooked and is due for a reassessment This essay collection explores attitudes to colonialism imperialism and race as well as important developments in girlhood and the concept of the New Woman **Early American Literature**, 2008 **The American Tradition in Literature** George B. Perkins, Barbara Perkins, 1994 **Schriftenreihe der Charles-Sealsfield-Gesellschaft**, 2002 **American Studies**, 1993 Referatedienst zur Literaturwissenschaft, 1994 American Literary Scholarship - 1992 American Literary Scholarship, 1994-06 Narratives of America and the Frontier in Nineteenth-century German Literature Jerry Schuchalter, 2000 German literature about America has consistently occupied a marginal position in both German and American studies This study attempts an overall interpretation of such nineteenth century literature by charting its most significant narratives Narratives are thus shown to be embedded and generated in a bicultural or multicultural setting derived from historical givens as well as from the possibilities inherent in fabrication The result is the illumination of an area previously neglected in literature revealing not only intricate literary creations but also significant insights about culture canonicity and the construction of national identities *Transatlantic Romanticism* Lance Newman, Joel Pace, Chris Koenig-Woodyard, 2006 This anthology of Romantic literature features both central and new to the canon texts by American British and Canadian writers Thematic groupings and companion readings illuminate the major literary cultural and historical events of the transatlantic Romantic era Features thematically related readings are collected into Transatlantic Exchanges that frame key debates about revolutionary republicanism slavery and abolition women's rights and more contemporary responses accompany key selections showcasing their transatlantic influence lively section introductions and author headnotes further contextualize the literature **BOOK JACKET** American Literary Scholarship - 1993 American Literary Scholarship, 1995-06 *Teaching the Transatlantic Eighteenth Century* Jennifer Frangos, Cristobal Silva, 2010 The central axiom of *Teaching the Transatlantic Eighteenth Century* is that the classroom functions as a site for research and collaboration not only as a space that reflects the research of individual teacher scholars but as a generative site to put ideas theories and methodologies into play Whereas transatlanticism has transformed research practices over the last decade the present collection is concerned with exploring what this transformation looks like in the classroom and how the classroom continues to shape research practices in the field Contributors address issues such as how the traffic in ideas people and

commodities between Europe Africa and the New World are considered in classroom settings how inter and intra departmental collaborations reshape our approaches to teaching the eighteenth century how and why Transatlantic Studies can function as an introduction to college study and how it can help more advanced students to revise their notions of nation place and identity By now there are a number of anthologies available to help instructors determine what transatlantic material to teach but none that engage why and how to teach it or what teaching it can do for us our students and our profession Rather than simply providing reading lists or a collection of anecdotes about lesson plans Teaching the Transatlantic Eighteenth Century emphasizes theorizing critical engagements with interdisciplinary focus on and the transformative potential of Transatlantic Studies The primary market for Teaching the Transatlantic Eighteenth Century is university college and community college professors researchers and students with three specific subgroups 1 Teachers new to Transatlantic Studies Teachers coming to Transatlantic Studies for the first time will find both suggestions for materials or topical units to be integrated into existing courses e g a unit on transatlantic exchange that could figure in an eighteenth century literature survey course and ideas for developing new courses altogether 2 Teachers already teaching and or researching in the field of Transatlantic Studies Such scholars will find material to broaden their approach to familiar courses and subjects inter or cross disciplinary focus new texts successful clusterings of texts or themes or approaches and ideas for team teaching or linking courses with other faculty 3 Teachers involved in Transatlantic Studies programs especially those that focus on contemporary Post WWII context e g at the University of Dundee the University of North Carolina Chapel Hill and the University of Birmingham Teaching the Transatlantic Eighteenth Century will provide historical context for current geopolitical studies perspective on the dynamics and historical and political forces occurring in the eighteenth century and contributing to 19th 20th and 21st century politics nations and paradigms Reference Guide to American Literature Thomas Riggs,2000 Concise discussions of the lives and principal works of American writers thinkers and cultural figures written by subject experts **Reference Guide to American Literature** Jim Kamp,1994 Now in its 3rd edition the Reference Guide to American Literature focuses on the rich diversity of individuals that comprise an important group of American novelists poets dramatists and essayists Entries include expanded multi ethnic representation and profile more African Americans and for the first time Asian Hispanic and Native American writers and works as well as writers who concentrate on women s and gay and lesbian issues Turcica ,2007
