James Baikie** Rev. James Baikie, 2010-02-20 A passage from the book *The resurrection of the prehistoric age of Greece and the disclosure of the astonishing standard of civilization which had been attained on the mainland and in the isles of the gean at a period at least 2 000 years earlier than that at which Greek history as hitherto understood begins may be reckoned as among the most interesting results of modern research into the relics of the life of past ages The present generation has witnessed remarkable discoveries in Mesopotamia and in Egypt but neither Niffur nor Abydos disclosed a world so entirely new and unexpected as that which has been revealed by the work of Schliemann and his successors at Troy Mycen and Tiryns and by that of Evans and the other explorers Italian British and American in Crete The Mesopotamian and Egyptian discoveries traced back a little farther streams which had already been followed far up their course those of Schliemann and Evans revealed the reality of one which so to speak had hitherto been believed to flow only through the dreamland of legend It was obvious that mighty men must have existed before Agamemnon but what manner of men they were and in what manner of world they lived were matters absolutely unknown and to all appearance likely to remain so **The Sea-Kings of Crete** James Baikie, 2019-12-02 In *The Sea Kings of Crete* James Baikie expertly weaves an enthralling narrative that delves into the rich tapestry of Minoan civilization exploring its maritime prowess and enigmatic culture Baikie s literary style combines meticulous scholarship with vivid storytelling*
