Seafaring And The Jews:

Seafaring and the Jews Nadav Kashtan, 2013-04-03 This collection studies Jewish involvement in seafaring from Biblical through Greco Roman Medieval and Early Modern periods to the present This broad historical perspective allows a closer look at various attitudes of Jews to maritime activities especially as shipowners and traders in the Mediterranean regions

"They Took to the Sea" : Jewish History and Culture in Maritime Perspective(s) Björn Siegel, Joachim Schlör, Kobi Cohen-Hattab, Franziska Weinmann, Dalia Wassner, Michael Studemund-Halévy, Frank Jacob,, Allison Schachter, Sebastian Schirrmeister, Caroline Jessen, Elias S. Jungheim, Saskia Fischer, Jessica Cooperman, Caroline Emig, Shai Ginsburg, 2023-03-22 The sea and maritime spaces have long been neglected in the field of Jewish studies despite their relevance in the context of Jewish religious texts and historical narratives The images of Noah s arche king Salomon s maritime activities or the miracle of the parting of the Red Sea immediately come into mind however only illustrate a few aspects of Jewish maritime activities Consequently the relations of Jews and the sea has to be seen in a much broader spatial and temporal framework in order to understand the overall importance of maritime spaces in Jewish history and culture Almost sixty years after Samuel Tolkowsky s pivotal study on maritime Jewish history and culture and the publication of his book *They Took to the Sea* in 1964 this volume of PaRDeS seeks to follow these ideas revisit Jewish history and culture from different maritime perspectives and shed new light on current research in the field which brings together Jewish and maritime studies The articles in this volume therefore reflect a wide range of topics and illustrate how maritime perspectives can enrich our understanding of Jewish history and culture and its entanglement with the sea especially in modern times They study different spaces and examine their embedded narratives and functions They follow in one way or another the discussions which evolved in the last decades focused on the importance of spatial dimensions and opened up possibilities for studying the production and construction of spaces their influences on cultural practices and ideas as well as structures and changes of social processes By taking these debates into account the articles offer new insights into Jewish history and culture by taking us out to sea and inviting us to revisit Jewish history and culture from different maritime perspectives Jahrbuch für europäische Geschichte , 2006 **Writing Travel** John Zilcosky, 2008-01-01 Examining a broad range of texts and travellers from across the world the contributors discuss canonical authors such as Homer Goethe and Baudelaire alongside lesser known writers such as Theodor Herzl Hans Erich Nossack and William Gibson This theoretically rich volume draws connections between travel and narrative and provides powerful insights into the relationship between travel and the spoken act of storytelling as well as the more ambivalent act of story writing **The Children of Noah** Raphael Patai, 1999-12-05 The late Raphael Patai recreates the fascinating world of Jewish seafaring from Noah s voyage through the Diaspora of late antiquity Patai weaves together Biblical stories Talmudic lore and Midrash literature to bring alive the world of these ancient mariners Illustrations **Jews and the Sea** Shlomo Bardin, 1943 **Neues Testament und hellenistisch-jüdische**
