Seamus Heaney Poet And Critic Irish Studies Vol 3:

Seamus Heaney Arthur E. McGuinness,1994 Seamus Heaney has had a distinguished career as a poet and a critic His eighth volume of poetry Seeing Things appeared in 1991 Other major volumes of poetry have included Death of a Naturalist North Field Work and Station Island His critical writings have been collected in Preoccupations The Government of the Tongue and The Place of Writing Heaney seems to be a poet in mid career moving away from an earth centered poetry confident of its connections to a more problematic region where the poet becomes an uncertain pilgrim As a critic Heaney has high expectations for his own poetry and for that of other poets he admires such as Lowell Auden Plath Kavanagh and Larkin For Heaney the most significant poets are those who have constantly challenged themselves to write ethical lyrics His own poetry responds to a similar challenge

Seamus Heaney J. Hall,A. Crowder,2007-04-25 This volume of twelve essays aims to comprehensively represent the abundance and variety of both Heaney s writing and scholarship on Heaney s writing Attention is given not only to his poetry but also to his translations and his prose The essays foreground his internationalism and the complementary international interest in his writing

Austerity and Irish Women's Writing and Culture, 1980-2020 Deirdre Flynn,Ciara L. Murphy,2022-07-18 Austerity and Irish Women s Writing and Culture 1980 2020 focuses on the under represented relationship between austerity and Irish women s writing across the last four decades Taking a wide focus across cultural mediums this collection of essays from leading scholars in Irish studies considers how economic policies impacted on and are represented in Irish women s writing during critical junctures in recent Irish history Through an investigation of cultural production north and south of the border this collection analyses women s writing using a multimedial approach through four distinct lenses austerity feminism and conflict arts and austerity race and austerity and spaces of austerity This collection asks two questions what sort of cultural output does austerity produce And if the effects of austerity are gendered then what are the gender specific responses to financial insecurity both national and domestic By investigating how austerity is treated in women s writing and culture from 1980 to 2020 this collection provides a much needed analysis of the gendered experience of economic crisis and specifically of Ireland s consistent relationship with cycles of boom and bust Thirteen chapters which focus on fiction drama poetry women s life writing and women s cultural contributions examine these questions This volume takes the reader on a journey across decades and forms as a means of interrogating the growth of the economic divide between the rich and the poor since the 1980s through the voices of Irish women

Haunted Heaney Ian Hickey,2021-07-29 Haunted Heaney Spectres and the Poetry looks at the ghosts and spectres present within the poetry of the Nobel Prize winning poet Seamus Heaney Covering Heaney s work from his first collection Death of a Naturalist to his final collection Human Chain this volume analyses Heaney s poetry through the lens of hauntology as presented by Jacques Derrida in Specters of Marx This book presents spectres and ghosts not in the conventional sense as purely supernatural physical manifestations haunting a place but instead as having a non physical

presence In this sense past cultures societies texts poets and memories are examined as having a spectral influence on Heaney s writing His work is indebted to hauntedness as the past in all its forms sutures itself within the present of his thinking and writing and our reading of the poetry Topics for discussion include the Norse spectres in the early poetry British colonialism and its haunting influence on the poet a renewed look at the bog poems as being influenced by the spectral the classical influence of Virgil and Dante and a reading of Route 110 that incorporates the major instances of Heaney s career into a singular poem The book also incorporates Heaney s prose work and interviews into the discussion and uses these works as a metacommentary to the poetry offering a deeper insight into the mind of one of Ireland s greatest writers The Art of the Caveman John Mc Donagh,2016-09-23 The first monograph on the poetry of Paul Durcan this book deals thematically with the dominant concerns evident from his first solo collection O Westport in the Light of Asia Minor published in 1975 up to and including The Days of Surprise published in 2015 His work is marked by an unnerving emotional honesty and a recurring desire to undermine the pomposity of an Ireland struggling under the weight of inherited inconsistencies One of the central arguments here is that Durcan has captured more than any other poet of his generation the complexities and contradictions inherent in Ireland s emergence from the early difficult decades of independence The complex relationship between the public and private in his poetry is also explored as well as the poet s unflinching examination of his deepest personal relationships

reflected in the histories of peoples and lands elsewhere even while claiming the historical uniqueness of the Irish experience Present in a wide range of Irish nationalist political cultural and historical utterances were assertions of past and or present affinities with other peoples and lands

Paul Muldoon in America Alex Alonso,2021-09-09 Paul Muldoon was looking west long before he left Ireland for the United States in 1987 and his Transatlantic departure would prove to be a turning point in his life and work In America Muldoon s creative repertoire has extended into song writing libretti and literary criticism while his poetry collections have extended to outlandish proportions typified in recent years by a level of formal intensity that is unique in modern poetry To leave Northern Ireland though is not necessarily to leave it behind Muldoon has spoken of his sense of belonging to several places at once and in the United States he has found another creative gear new modes of performance facilitated by his Irish migr status Focusing on the protean work of his American period this book explores Muldoon s expansive structural imagination his investment in Eros and errors the nimbleness of his allusive practice as both a reader and writer and the mobility of his Transatlantic position It raises questions about the Irish poet as a westward voyager about Irish American cultural exchange and how departures for Muldoon seem to be a precondition for return indeed returns of many different kinds It also draws on archival research to produce provocative new readings of Muldoon s later works Exploring the poetic and literary critical long forms that are now his hallmark this volume places the most significant works of Muldoon s American period under the microscope and opens up the intricate formal schemes of a poet Mick Imlah credits as having reinvented the possibilities of rhyme for our time

Irish Poetry and the Construction of Modern Identity Stan Smith,2005 Second generation of Irish Modernists has reconstructed not only the grand narratives of Irishness but the language in which an Irish identity has been rehearsed In subverting and relativising these discourses the postmodernist poetry imagines a new and contemporary Ireland open to the cross currents of European and international semiotics
