

TRIBUNA

## *El siglo XXI empezó en Seattle*

EDGAR MORIN  
30 DIC 1999

Por fin un debate, por fin un comienzo. Una polémica contumaz oponía hasta noviembre a los soberanistas integrales y a los mundialistas tecno-económico-mercantiles. El nuevo debate se sitúa más allá de esta estereotipada oposición. En Seattle ha surgido una toma de conciencia de que el control de la mundialización sólo puede realizarse a escala mundial. Por lo tanto, conlleva un tipo de mundialización diferente a la del mercado. Incorpora el soberanismo, pero superándolo. A menudo me había extrañado que no quedase nada de la tradición internacionalista del socialismo, acartonada en el europeísmo por los socialdemócratas o convertida en repliegue nacionalista en la fase moribunda del comunismo.

Había embriones de ciudadanía terrestre a raíz de la toma de conciencia de los peligros a los que estaba expuesta la biosfera, a raíz de movimientos como Médicos Sin Fronteras, Amnistía Internacional, Greenpeace, Survival International e innumerables ONG.

Había una contracofensiva, ya mundializadora, articulada en torno al impuesto Tobin, llevada a cabo por los grupos Attac. Había resistencias, locales y dispersas, a los alimentos transgénicos, a la industrialización excesiva de la agricultura, a la avalancha de la malnutrición. Había múltiples resistencias a la homogeneización mental y cultural, pero sólo se efectuaban a través de un repliegue hacia lo local o lo nacional.

Había una conciencia cada vez mayor de que el mercado mundial necesitaba controles y regulaciones y de que su propagación se debía a un nuevo desembarco del capitalismo en el mundo. Había también, aquí y allá, todavía vivo en un pequeño número de intelectuales, un espíritu universalista y humanista que empezaba a arraigar y a concretarse en una conciencia propiamente planetaria o terrestre.

Y, todo esto, que estaba disperso, de repente se encontró reunido. El encuentro entre un bigotudo aldeano francés, considerado con acierto la reencarnación de Astérix, y la conferencia mundial de Seattle fue el elemento catalizador. De modo casi espontáneo, a partir de asociaciones, de ONG, de experiencias locales, se constituyó una internacional civil fuera de los partidos políticos.

Es cierto que el movimiento fue rápidamente parasitado por trotskistas, libertarios, comunistas y, como de costumbre, hay el peligro de que futuros conflictos e infiltraciones entre estos sectarios lo deformen y destruyan. Pero ya, espontáneamente, ha encontrado y proclamado una sentencia admirable que expresa del modo más conciso el núcleo del debate: "El mundo no es una mercancía". La fórmula no revela más que la verdad de la profecía de Marx que denunciaba la mercantilización progresiva de todas las cosas, incluidos los seres vivos y los humanos. Denuncia implícitamente la lógica del cálculo que gobierna las mentes de los tecnócratas y econócratas, y es ciega ante los seres, las pasiones, las desgracias y las alegrías humanas. Proclama, por último, que hay que responsabilizarse del mundo.
