African American Urban History since World War II Kenneth L. Kusmer, Joe W. Trotter, 2009-08-01 Historians have devoted surprisingly little attention to African American urban history of the postwar period especially compared with earlier decades Correcting this imbalance African American Urban History since World War II features an exciting mix of seasoned scholars and fresh new voices whose combined efforts provide the first comprehensive assessment of this important subject The first of this volume's five groundbreaking sections focuses on black migration and Latino immigration examining tensions and alliances that emerged between African Americans and other groups Exploring the challenges of residential segregation and deindustrialization later sections tackle such topics as the real estate industry's discriminatory practices the movement of middle class blacks to the suburbs and the influence of black urban activists on national employment and social welfare policies Another group of contributors examines these themes through the lens of gender chronicling deindustrialization's disproportionate impact on women and women's leading roles in movements for social change Concluding with a set of essays on black culture and consumption this volume fully realizes its goal of linking local transformations with the national and global processes that affect urban class and race relations     *Union County Black Americans* Ethel M. Washington, 2004 *Union County Black Americans* is a first time glimpse into the struggles and triumphs of local Blacks from the first days of English rule to contemporary times Using a wide array of images and concisely written original text the book juxtaposes Black historical figures events and places with mainstream recordings of local state and national history     Plainfield's African-American Leonard Bethel, Frederick Aaron Johnson, 1998 Through oral history and participant observation this book attempts to unfold the story of what really occurred in the development of northeastern American towns and cities through the events that took place in Plainfield New Jersey     **Terror and its Representations** Larry Portis, Joseph Zitomersky, 2022-03-25 What are the origins and nature of terror and terrorism in the United States and beyond This book of essays about the history and contemporary reality of terror reveals little known aspects of a compelling subject Since the American and French Revolutions     **The Georgia of the North** Hettie V. Williams, 2024-07-12 *The Georgia of the North* is a compelling narrative about the little known struggles that African American women and their community faced when they arrived in the Garden State by way of the Great Migration to 1954 as they laid the foundations of the American civil rights movement in the North in the process     **Black New Jersey** Graham Russell Hodges, 2019 *Black New Jersey* brings to life generations of courageous men and women who fought for freedom during slavery days and later battled racial discrimination Extensively researched it shines a light on New Jersey's unique African American history and reveals how the state's black citizens helped to shape the nation     Plainfield's African-American Leonard Bethel, Frederick Aaron Johnson, 2016-09-15 Through oral history and participant observation this book attempts to unfold the story of what really occurred in the development of northeastern American towns and cities through the events that took place in Plainfield New

Jersey **Let the Church Sing!** Thérèse Smith, 2004 An examination of worldviews religious belief and ritual as seen through the musical performances of one Afro American Baptist church in a small black community in rural Mississippi Let the Church Sing Music and Worship in a Black Mississippi Community is based on years of fieldwork by an Irish ethnomusicologist who examines in more detail than ever before how various facets of the Clear Creek citizens worldview find expression through religious ritual and music Thérèse Smith though originally very much an outsider gradually found herself welcomed into Clear Creek by members and officials of the Clear Creek Missionary Baptist Church She was permitted to record many hours worth of sermons and singing and engaged in community events as a participant observer In addition she conducted plentiful interviews not just at Clear Creek but for comparison at Main St Baptist Church in Lexington Kentucky All of this enables her to analyze in detail how music is interwoven in the worship service how people feel about the music that they make and hear and more generally how the religious views so vividly expressed help the Church's members think about the relationship between themselves their community and the larger world Music and prayer enable the members and leaders of the Church to bring the realm of the spiritual into intersection with the material world in a particularly active way The book is enriched by extensive musical transcriptions and an accompanying CD of recordings from actual church services and these are examined in detail in the book itself Thérèse Smith is in the Music Department University College Dublin **African American Review**, 2001 Who's Who Among African Americans Gale Group, 2002-07 This critically acclaimed reference provides biographical and career details on notable African Americans including leaders from sports the arts business religion and more **American Book Publishing Record Cumulative 1998** R R Bowker Publishing, 1999-03 Directory of American Scholars: Philosophy, religion and law, 1999 **Forgotten Patriots** Eric Grundset, 2008 By offering a documented listing of names of African Americans and Native Americans who supported the cause of the American Revolution we hope to inspire the interest of descendants in the efforts of their ancestors and in the work of the National Society of the Daughters of the American Revolution **Current Contents** Institute for Scientific Information (Philadelphia), 1999 Choice, 1998 *Acquisitions List, African-American Collection* University of Pittsburgh.
