Rugs And Flatweaves Of The Transcaucasus:

Rugs and Flatweaves of the Transcaucasus Richard E. Wright,1980 Qarajeh to Quba Raoul E. Tschbull,2019-07-19

This book features the collector author's well informed views about a careful selection of mainly 19th century knotted pile carpets and flatwoven covers in various techniques from his own extensive collection which has been built up over a period of more than five decades. Many of the rugs which are all of the highest graphic and artistic quality have been acquired without recourse to the open market and are therefore previously unseen and unpublished. Raoul Mike Tschbull's long experience in the genre allows insights that go beyond the conventional wisdom of the traditional antique oriental carpet bazaar. His collecting career began under the aegis of one of the great US collectors of a previous generation Joseph V McMullan. This beautifully illustrated book will include a general introduction to the region which straddles the present day border between north western Iran and the Republic of Azerbaijan setting the context for the focused presentation of some 70 examples each with the author's comments about design structure technique and attribution providing a matrix within which dating can be considered. In country field experience colours some of his views and extracts from his field notes and accompanying images will be included in the book.
