\$7 Million in Fifteen Months—and  
Here's How You Can, Too**

# Rule The Freakin Markets

**Michael Parness, Kirstin Peterson**

## **Rule The Freakin Markets:**

Rule the Freakin' Markets Michael Parness, Kirstin Peterson, 2004-09-09 In 1988 Michael Parness followed a stockbroker's advice and lost nearly all of his nest egg of 150 000 In 1999 he opened an online brokerage account and set out to get his money back In fifteen months he turned 33 000 into 7 million started the online trading Web site Trend Fund and developed a trading strategy that delivers profits in both bull and bear markets In Rule the Freakin Markets Parness uses visual aids and practice exercises to show online traders and investors how to Practice responsible trading techniques that maximize reward and limit risk Avoid the Seven Deadly Sins Plus Fear that block success in the market Protect investments no matter what the market does Understand how market technology drives daily and cyclical market moves Avoid the pitfalls of trading in cyberspace Recover and learn from significant losses Strategize and anticipate rather than overreact or freeze when change occurs And finally live full and satisfying lives as traders With its lively tone and refreshing approach to trading and investing Rule the Freakin Markets is an essential guide to profiting from today's turbulent market **Rule the Freakin'**

**Markets** Michael Parness, 2002-03-21 An investor nearly ruined by a stockbroker's advice in 1998 now presents a proven accessible easy to implement investment strategy that turned about 33 000 into over 7 million The Art of Trend Trading Michael Parness, 2015-11-04 Look inward for the missing piece to your trading strategy The Art of Trend Trading bucks the trend of technicality to show readers how instinct and strategy can unite to bring about consistent investment success Rather than diving ever deeper into the overdone world of complicated modeling and forecasting techniques trader CEO and bestselling author Michael Parness explains how making intuition a part of your investment strategy tends to result in more long term profit Using animal spirits as a metaphor and tool Parness helps readers understand how their natural tendencies may run counter to their strategy and how this dichotomy may be the shackle holding them back from true market success Readers will learn how this perspective lifted Parness from homelessness to making millions in both Bull and Bear markets and will start developing their own market instinct as they refine and tune into their own natural intuition Everyone's looking for the ultimate system a way to game the market and uncover the secret to successful investing Over the years Parness has observed that the best traders those who consistently make money are the ones that use instinct and intuition as well as strategy This book shows you how to identify the natural trader within and use your gut to inform an ever evolving investment plan Follow the author's journey from homelessness to millionaire Identify and understand your own strengths and weaknesses Develop your instinct alongside your strategy Take a lesson from traders making consistent money There's no substitute for good strategy but it's no secret that some strategies seem to be more profitable than others The Art of Trend Trading helps you find that missing piece and turn it into more consistent investment success **How to write a Rule Based Trading Plan as a Beginner Trader** Shadow Trader, After reading this entire book you will have increased your knowledge of the financial markets and trading industry so you can make more knowledgeable decisions in the future

The idea is to keep your process and rule based plan simple so you can understand what you are doing and can make educated decisions if you keep it simple it will be You will evolve as an investor and trader as you continue to learn and uncover your strengths and weaknesses The information I have to give you in How to write a Rule Based Trading Plan as a Beginner Trader will give you some basics of what you need to be successful in making money by investing and trading in any of today s financial markets This business gives you the chance to make money every single trading day no matter where you are in the world as long as there is Wi Fi or internet there you can make money if you trade with a rule based plan Isn t that the kind of business you would like to be in Use How to write a Rule Based Trading Plan as a Beginner Trader as an overview or a guide if you will for what to include in your rule based trading plan to become consistently profitable from trading I give you concise information as to what you could include in your trading plan although it will need to be your own plan for whatever you are trading and only you can decide what to ultimately include in the trading plan I tell you only the most critical things to include because those are absolutely the most important and the ones that will make you money right away How to write a Rule Based Trading Plan as a Beginner Trader provides straightforward easy to understand and easy to apply advice tips and techniques that can be the backbone of any trader s success in the financial markets no matter what market you re working in

Cash Cow J.R. Calcaterra, Speculating in the financial markets as a self directed beginner is not as hard as one would think as long as you have done the proper education and training from day one The markets only work on supply and demand and using it as your trading method is smart if you wish to become filthy rich from investing and trading Any and all liquid markets work on supply and demand so doesn t it make logical sense then to use that as your trading method Cash cow is a beginner s book that takes a self directed beginner with zero experience in the markets through the very basics of what needs to be learned and mastered to become a consistently profitable self directed trader in today s competitive financial markets Remember everyone but you in the live markets is your competition and is looking to take all of your money from you and transfer it from your account to theirs are you going to just sit back and let that happen When you have completed reading Cash Cow you will know the very first basic beginners information you need to get you investing and trading in the live markets and begin making money right away There are also some tips as to how to beat the live market trading jitters as a self directed beginner and also how you can become consistently profitable faster and begin making an unlimited income from investing and trading any markets you wish to work in Listen it s not rocket science going on in there its supply and demand and it has been that way since the beginning of time and it is how it will always be until the end of days It is mostly common sense and money management and if you learn it the right way from day one you can money from day one will you

*Der grosse Eichborn* Reinhart von Eichborn,1999 The Set it & Forget it Trading Method J.R. Calcaterra, The Set it Forget it Trading Method describes a method of trading that is used by all professionals in the financial market who are money makers It is really nothing special and is the way the markets have worked since the beginning of

time when there were markets and trading Doesn't it make complete sense to you to learn a method of trading that the actual price of the market you want to work in is based on To me it's a no brainer however most brand new traders make it very hard on themselves and their accounts in the beginning by learning all the wrong information from day one If you are completely new to trading and investing and are looking for a way to make unlimited money from working in the financial markets The Set it Forget it Trading Method is for you You don't have to have any experience to understand what this book is about because it tells you everything you need to know to become a highly profitable day trader swing trader or position trader This trading method works on any asset class and on any time frame so you can swing trade position trade or even trade intraday if that is what you wish to do This book describes how to trade in a way that can give you all the free time you are looking for from your brand new trading business and then some If you are willing to put forth the effort and learn how to trade with a set it and forget it mindset you can have a very nice life from trading the financial markets and become very rich depending on how much capital you are using to invest and trade with The amount of money you can make from doing this business is unlimited isn't that the type of business you'd like to be in Once you take the steps to become a consistently profitable trader by doing the proper education and training for set it and forget it type investing and trading you will have a lifelong skill that will enable you to make unlimited amounts money from anywhere you chose to be in the world day or night as long as there is WIFI There is nothing wrong with hanging out at the beach on a beautiful sunny day or kicking back on your boat at the marina and making money while you are doing it is there
