Jobs with Inequality John Peters, 2022-06-29 Income inequality has skyrocketed in Canada over the past few decades The rich have become richer while the average household income has deteriorated and job quality has plummeted Common explanations for these trends point to globalization technology or other forces largely beyond our control But as Jobs with Inequality shows there is nothing inevitable about inequality Rather runaway inequality is the result of politics and policies what governments have done to aid the rich and boost finance and what they have not done to uphold the interests of workers Drawing on new tax and income data John Peters tells the story of how inequality is unfolding in Canada today by examining post democracy financialization and labour market deregulation Timely and novel Jobs with Inequality explains how and why business and government have rewritten the rules of the economy to the advantage of the few and considers why progressive efforts to reverse these trends have so regularly run aground

Joining Empire Jerome Klassen, 2014-01-01 A fresh assessment of the neoliberal political economy behind Canadian foreign policy from Afghanistan to Haiti Joining Empire establishes Jerome Klassen as one of the most astute analysts of contemporary Canadian foreign policy and its relationship to US global power Using empirical data on production trade investment profits and foreign ownership in Canada as well as a new analysis of the overlap among the boards of directors of the top 250 firms in Canada and the top 500 firms worldwide Klassen argues that it is the increasing
