**Übersicht über die im Jahre ... auf dem Gebiete der englischen Philologie erschienenen Bücher, Schriften und Aufsätze** ,1896      *The Ruling Ideas* Amy E. Wendling,2012-07-30 The concepts that organize our thinking wield by virtue of this fact a great deal of political power This book looks at five concepts whose dominion has increased steadily during the bourgeois period of modernity Labor Time Property Value and Crisis These ruling ideas are central not only to many academic disciplines from philosophy and law to the political social and economic sciences but also to everyday life These ruling ideas explain the cultural attitudes of boredom and multitasking revealing the inescapable internalized consciousness of time that has become a mode of political domination They also explain the terrifying environmental problem of privatized property in water and the terrifying humanitarian problem of privatized property in human bodies and body parts Finally they explain the affective dimensions of the housing crisis and especially why capitalism cultivates the desire to own a home that is beyond one's means

**The Struggle for the Soul of Journalism** Ronald R. Rodgers,2018-04-30 In this study Ronald R Rodgers examines several narratives involving religion's historical influence on the news ethic of journalism its decades long opposition to the Sunday newspaper as a vehicle of modernity that challenged the tradition of the Sabbath the parallel attempt to create an advertising driven Christian daily newspaper and the ways in which religion especially the powerful Social Gospel movement pressured the press to become a moral agent The digital disruption of the news media today has provoked a similar search for a news ethic that reflects a new era for instance in the debate about jettisoning the substrate of contemporary mainstream journalism objectivity But Rodgers argues before we begin to transform journalism's present news ethic we need to understand its foundation and formation in the past      **A Critical and Exegetical**

**Commentary on the Books of Samuel** Henry Preserved Smith,1899      *When Marx Mattered* Harold J. Bershad,2014-06-15 A beautifully written trenchant and moving memoir When Marx Mattered follows Harold J Bershad's odyssey from childhood through his coming of intellectual age The wounds and pleasures of his childhood include fear of Nazis poverty the joys and constraints of Jewishness his caring family and love of music and the confusion surrounding World War II In this book Bershad describes his teenage encounter with Marxism and how it provided some understanding of the world and hope for peace Bershad gives us a serious portrayal of the evolution of scholarly judgment but also a social history of the second half of the twentieth century refracted through the author's own experiences in which Jewish Americans played an important but underappreciated part Along the way the author corrects the misapprehension that Jewish or non Jewish American political radicals only evolve into conservatives Through his own mistakes and hard won lessons Bershad shows the power importance and morality that intellectual standards play in enabling an intellectual to achieve sound and

fair judgments Bershadsky firmly believes that his achievements in the social sciences are grounded in the fact that he also studied philosophy literature and history all of which immeasurably deepened his understanding of social life The generational portrait in this book is both an homage to those who preceded him and a hope for educational broadening of social science in the generation to come      **Annual Report of the Trustees of the Public Library and the Report of the Librarian for the Year Ending ...** Brockton (Mass.).
