## **Run Catch Kiss A Gratifying Novel:**

*Run Catch Kiss* Amy Sohn, 2000 After graduating from university Ariel has big plans to take the world by storm Working as a temp and in bit parts in farcical theatrical productions Ariel finally lands herself a plum part as the city's raciest sex columnist At first her own shenanigans produce tales to shock but when Ariel finally meets a man she likes her torrid tales become thin on the ground The only way to keep up the column is to start twisting the truth a bit until she gets found out fired fed up and friendless Hilarious and wise RUN CATCH KISS is a tongue in cheek commentary on the voyeuristic and avaricious culture that created that dangerous nineties phenomenon the single girl who wants it all **Sexidemic** Lawrence R. Samuel, 2013-02-07 Sexidemic is the first real cultural history of sexuality in the United States since the end of World War II For a people who supposedly love sex the author argues Americans have had no shortage of problems with it Since the end of World War II in fact we've had a contentious relationship with sexuality the subject a source of considerable tension and controversy on both an individual and societal level Rather than being a simple pleasure of life something to be enjoyed sex has served as a challenging and disruptive force in many Americans everyday lives for the last two thirds of a century Our love affair with sex has thus been a rocky one filled with bumps in the road that have caused major instability across our cultural landscape Our individualistic competitive consumerist and anxious national character is both reflected in and reinforced by this sexidemic something few have recognized or perhaps want to admit By charting the cultural trajectory of sex in America since the end of World War II Sexidemic reveals how the nation's continual woes with sexuality helped make us an anxious insecure people The sex lives of many perhaps most Americans have been in a perpetual state of crisis a constant source of concern We've fretted over every dimension of it with problems in both quality and quantity With this unhealthy view of sexuality it was not surprising that we felt we needed a variety of potions and gadgets to make it happen or be pleasurable In tracing the cultural trajectory of sex in our society Samuel illustrates our bipolar approach to sexuality low libido and sex addiction emerged as common disorders and sex scandal after sex scandal has made headlines especially over the last couple of years Only money has surpassed sex as a source of stress for Americans indeed sex has come to be seen and treated as a commodity In this timely work the author traces the role sex plays in our society how it shapes us and the world around us and how we got where we are today in our views treatment and practice of sex and sexuality in our everyday lives Chick Lit Suzanne Ferriss, Mallory Young, 2013-03-07 From the bestselling Bridget Jones's Diary that started the trend to the television sensation Sex and the City that captured it on screen chick lit has become a major pop culture phenomenon Banking on female audiences identification with single urban characters who struggle with the same life challenges publishers have earned millions and even created separate imprints dedicated to the genre Not surprisingly some highbrow critics have dismissed chick lit as trashy fiction but fans have argued that it is as empowering as it is entertaining This is the first volume of its kind to examine the chick lit phenomenon from a variety of angles accounting for both its

popularity and the intense reactions positive and negative it has provoked The contributors explore the characteristics that cause readers to attach the moniker chick to a particular book and what if anything distinguishes the category of chick lit from the works of Jane Austen on one end and Harlequin romance novels on the other They critique the genre from a range of critical perspectives considering its conflicted relationship with feminism and postfeminism heterosexual romance body image and consumerism The fourteen original essays gathered here also explore such trends and subgenres as Sistah Lit Mommy Lit and Chick Lit Jr as well as regional variations As the first book to consider the genre seriously Chick Lit offers real insight into a new generation of women s fiction      *The May Queen* Andrea N. Richesin,2006-03-23 If recent bestsellers such as *The Bitch in the House* and *Midlife Crisis at Thirty* serve as any indication of how women are experiencing their thirties who can blame women embarking upon this decade in their life for panicking Yet as the contributors to this thoughtful and inspiring book attest it doesn t have to be so scary In *The May Queen* a wide array of women including bestselling author Jennifer Weiner and star of the hit independent film *Kissing Jessica Stein* Heather Juergensen describe the conflicting emotions they ve felt in response to the anything is possible message women of their generation receive And yet all of the women featured in this book have found their thirties to be a time of great opportunity a period in their lives in which they re taking the time to consider what they have lost what they have gained and what they still need to learn This book gives a powerful voice to a new generation of women beginning to make its mark on the world      **Chick Lit and Postfeminism** Stephanie Harzewski,2011-02-09 Originally a euphemism for Princeton University s Female Literary Tradition course in the 1980s chick lit mutated from a movement in American women s avant garde fiction in the 1990s to become by the turn of the century a humorous subset of women s literature journalism and advice manuals Stephanie Harzewski examines such best sellers as Bridget Jones s *Diary* *The Devil Wears Prada* and *Sex and the City* as urban appropriations of and departures from the narrative traditions of the novel of manners the popular romance and the bildungsroman Further Harzewski uses chick lit as a lens through which to view gender relations in U S and British society in the 1990s Chick Lit and Postfeminism is the first sustained historicization of this major pop cultural phenomenon and Harzewski successfully demonstrates how chick lit and the critical study of it yield social observations on upheavals in Anglo American marriage and education patterns heterosexual rituals feminism and postmodern values      **Run Catch Kiss** Amy Sohn,2000-07-10 An aspiring New York actress just out of university submits a sexy story to an alternative newspaper The piece *Vanya in My Vulva* is a hit and Ariel Steiner becomes a sex columnist until she goes too far and gets into trouble      **The Publishers Weekly** ,2002      *The Body as Interface* Sabine Sielke,Elisabeth Schäfer-Wünsche,2007 The body is a battleground As such it has been at the center of debates in cultural and gender studies for over two decades The concept of a culturally constructed gendered racialized and class contoured body which emerged from these debates is meanwhile being challenged though by an increasing impact of the life sciences Evolving from neurobiology molecular genetics and biotechnology are

projections of a post or transhuman subject as well as new insights into our corporeality and the ways our bodies interrelate with the world Situating the body at an intersection of a range of discourses in the human social and natural sciences this collection of essays explores this fundamental shift by way of dialogues between disciplines in the course of which our sense of beauty and human nature memory and trauma immunity power and pain is being transformed     *Access* ,2001
