

Russia After Communism

Timothy J. Colton, Stephen Holmes

Russia After Communism:

Russia After Communism Rick Fawn, Stephen White, 2020-04-28 Russia's transition from communism holds great significance not only for itself but also for the wider world. This collection of essays examines the spectrum of Russia's transition since 1991, considering not only the pattern of events but also what the changes have meant for Russians themselves.

Russia After Communism Anders Aslund, Martha Brill Olcott, 2013-01-25 Five years have passed since the collapse of the Soviet Union and a new political and economic system has evolved in Russia. *Russia After Communism* provides an overall assessment of what has been accomplished and what has failed to date and where Russia is heading. In a unique collaborative effort, the book features chapters on major issues written by pairs of leading Russian and American scholars. Michael McFaul and Nikolai Petrov analyze the Russian elections since 1989 and assess voting behavior. Scott Bruckner and Lilia Shevtsova address the question of whether Russia has become a stable pluralist society. Martha Brill Olcott and Valery Tishkov focus on the nature of the Russian nation as well as regional relations. Russia has become a market economy, but what kind of capitalism is being formed? Anders Aslund and Mikhail Dmitriev examine the continuing challenge of economic reform. Sherman Garnett and Dmitri Trenin analyze Russia's relations with its nearest neighbor. Stephen Sestanovich examines Russia's place in the world.

The State after Communism Timothy J. Colton, Stephen Holmes, 2006-08-11 The Soviet dictatorship was a strong state committed to dominating and transforming society in the name of a utopian ideology. When the communist regime crumbled and the post-Soviet countries committed to democracy, most observers took for granted that their state structures would be effective agents of the popular will. Russia's experience demonstrates that this assumption was overly optimistic. This book, based on a major collaborative research project with American and Russian scholars, shows that state capacity, strength, and coherence were highly problematic after communism, which had major consequences for particular functions of government and for the entire process of regime change. Eleven respected contributors examine governance in post-Soviet Russia in comparative context, investigating the roots, characteristics, and consequences of the crisis as a whole and its manifestations in the specific realms of tax collection, statistics, federalism, social policy, regulation of the banks, currency exchange, energy policy, and parliamentary oversight of the bureaucracy.

A Normal Country Andrei Shleifer, Daniel Treisman, 2015 During the 1990s, Russia underwent an extraordinary transformation from a communist dictatorship to a multi-party democracy, from a centrally planned economy to a market economy, and from a belligerent adversary of the West to a cooperative partner. Yet a consensus in the US circa 2000 viewed Russia as a disastrous and threatening failure and the 1990s as a decade of catastrophe for its citizens. Analyzing a variety of economic and political data, we demonstrate a large gap between this perception and the facts. In contrast to the common image by the late 1990s, Russia had become a typical middle-income capitalist democracy.

The Social History of Post-Communist Russia Piotr Dutkiewicz, Sakwa Richard, Kulikov Vladimir, 2016-03-17 This book tells the

untold story of how ordinary Russian people experienced and coped with Russia's transformations after the end of communism. Unlike most studies of the subject which focus on high politics, developments in the elite and events at the centre, this book includes findings from interviews, memoirs, public opinion surveys and press articles and documents from the regions, portraying a multi-ethnic, multi-confessional society with different groups affected by the deep and varied changes in diverse and different ways. The book covers economic developments, social changes, how official policies played out at the grass roots level, the psychological impact of the changes and the impact on public opinion and how different regions were affected differently. Overall, the book reveals the hidden dynamics of Russian society, including its formal and informal mechanisms and rules for relating to the state and other citizens, and shows how millions of Russians coped despite all the odds and maintained the integrity and stability of the country.

The Communist Party in Post-Soviet Russia Luke

March, 2002. This pioneering analysis uses the results from the first ever Irish election study to provide a comprehensive survey of the motives, outlook and behaviour of voters in the Republic of Ireland. Building on the foundations laid down by previous work on comparative electoral behaviour, it explores long-term influences on vote choice such as party loyalties and enduring values, as well as short-term ones such as the economy, the party leaders and the candidates themselves. It also examines how people use their vote and why so many people do not vote at all. Many features of Irish elections make such a detailed study particularly important. The single transferable vote system allows voters an unusual degree of freedom to pick the candidates they prefer, while electoral trends observed elsewhere can be found in a more extreme form in Ireland. For example, attachment to parties is very low, differences between them are often obscure, candidate profiles are very high and turnout is falling rapidly. However, Irish elections defy international trends in other respects, most notably in the degree of personal contact parties and candidates make with their voters. Findings are presented in a manner that is highly accessible to anyone with an interest in elections, electoral systems and electoral behaviour. The book is essential reading for anyone interested in Irish politics and is an important text for students of European Politics, Parties and Elections, Comparative Politics and Political Sociology.

Russia After Stalin Isaac Deutscher, Joseph Deutscher, 1969

Russia and Eastern

Europe After Communism Michael Kraus, Ron Liebowitz, 2019-09-13. The conference on Russia and East Europe in Transition held at Middlebury College in May 1994, under the auspices of the Center for Russian and East European Studies, provided the impetus for this volume. The two-day gathering was made possible by a Title VI grant from the U.S. Department of Education and the Jessica Swift Endowed Lecture Fund of Middlebury College, for which we are most grateful. Apart from the contributors to this volume, the conference participants included George Bellerose, Raymond E. Benson, Valery Chalidze, Michael Claudon, David Colander, Guntram H. Herb, Lars Lib Tamar Mayer, Noah M. J. Pickus, Sunder Ramaswamy, David A. Rosenberg and Mitchell Smith. Acting as discussants, panel chairs or interested participants, their efforts individually and collectively have made this a better book, and their contribution to this project is gratefully acknowledged.

Identities in

Transition Victoria E. Bonnell, 1996 Russia After Lenin Vladimir N. Brovkin, 1998 In Russian Society and Politics 1921-1929 Vladimir Brovkin offers a comprehensive cultural political economic and social history of developments in Russia in the 1920s *Soviet Russia After Ten Years* James Grover McDonald, 1927 Russia After Four Years of Revolution Sergei Maslov, 1923 Russian Thought After Communism: The Rediscovery of a Philosophical Heritage James P.

Scanlan, 2016-09-16 An examination of Russia's philosophical heritage It extends from the Slavophiles to the philosophers of the Silver Age from emigre religious thinkers to Losev and Bakhtin and assesses the meaning for Russian culture as a whole

Republicanism in Russia Oleg Kharkhordin, 2018-11-05 If Marxism was the apparent loser in the Cold War it cannot be said that liberalism was the winner at least not in Russia Oleg Kharkhordin is not surprised that institutions of liberal democracy failed to take root following the dissolution of the Soviet Union In Republicanism in Russia he suggests that Russians can find a path to freedom by looking instead to the classical tradition of republican self government and civic engagement already familiar from their history Republicanism has had a steadfast presence in Russia in spite of tsarist and communist hostility Originating in the ancient world especially with Cicero it continued by way of Machiavelli Montesquieu Tocqueville and more recently Arendt While it has not always been easy for Russians to read or write classical republican philosophy much less implement it republican ideas have long flowered in Russian literature and are part of a common understanding of freedom dignity and what constitutes a worthy life Contemporary Russian republicanism can be seen in movements defending architectural and cultural heritage municipal participatory budgeting experiments and shared governance in academic institutions Drawing on recent empirical research Kharkhordin elaborates a theory of res publica different from the communal life inherited from the communist period one that opens up the possibility for a genuine public life in Russia By embracing the indigenous Russian reception of the classical republican tradition Kharkhordin argues today's Russians can sever their country's dependence on the residual mechanisms of the communist past and realize a new vision for freedom *Special Issue: Russia After Communism* Rick Fawn, 2002 **Historical Legacies of Communism in**

Russia and Eastern Europe Mark Beissinger, Stephen Kotkin, 2014-07-07 This book takes stock of arguments about the historical legacies of communism that have become common within the study of Russia and East Europe more than two decades after communism's demise and elaborates an empirical approach to the study of historical legacies revolving around relationships and mechanisms rather than correlation and outward similarities Eleven essays by a distinguished group of scholars assess whether post communist developments in specific areas continue to be shaped by the experience of communism or alternatively by fundamental divergences produced before or after communism Chapters deal with the variable impact of the communist experience on post communist societies in such areas as regime trajectories and democratic political values patterns of regional and sectoral economic development property ownership within the energy sector the functioning of the executive branch of government the police and courts the relationship of religion to the state

government language policies and informal relationships and practices

The Russian Province After Communism

Vincent Edwards, G. Polonsky, 2016-04-30 This book investigates the responses of companies in Russia's Volgograd formerly Stalingrad province to the fundamental changes in the economic system and is based primarily on interviews with local managers and decision makers. Company case studies explore the impact of change on the conduct of business and are related to general developments in the economy. The book also questions the future development of Russian companies in a situation of tension between the resilience of the past and enormous pressures for change. *After Lenin* Michael

Farbman, 1924 **State Building in Putin's Russia** Brian D. Taylor, 2011-02-21 This book argues that Putin's strategy for rebuilding the state was fundamentally flawed. Taylor demonstrates that a disregard for the way state officials behave toward citizens and state quality had a negative impact on what the state could do. State capacity: Focusing on those organizations that control state coercion, what Russians call the power ministries. Taylor shows that many of the weaknesses of the Russian state that existed under Boris Yeltsin persisted under Putin. Drawing on extensive field research and interviews as well as a wide range of comparative data, the book reveals the practices and norms that guide the behavior of Russian power ministry officials, the so-called siloviki, especially law enforcement personnel. By examining siloviki behavior from the Kremlin down to the street level, *State Building in Putin's Russia* uncovers the who, where, and how of Russian state building after communism.

Conversations on Russia Padma Desai, 2006-04-13 Much of the discussion of Russia's recent post-Communist history has amounted both in Russia and the West to a series of monologues by strong-minded people with starkly divergent views. In contrast, Padma Desai's conversations with influential intelligent participants and observers provide the reader with a broad nuanced view of what has and has not happened in the last fourteen years and why. *Conversations from Russia* will thus serve as a much needed reference volume both for academics who study Russia and for laypeople who only have vague perceptions of what has occurred in Russia since the collapse of Communism. In conversations with important figures like Boris Yeltsin, George Soros, Anatoly Chubais, and Yegor Gaidar, Desai considers questions like why the Soviet Union fell apart under Gorbachev, what went wrong with economic reforms after Gorbachev, whether the privatization of Russian assets could have been managed differently, and what the prospects are for the Russian economy in the near future. Desai, a recognized expert in the field of Soviet studies, ties the interviews together with an introduction ultimately reaching her own judgment on each issue considered in the conversations. This book will appeal to researchers and students in developmental economics, political economy, and Soviet studies, and educated laypeople interested in Russia.

Adopting the Beat of Phrase: An Emotional Symphony within **Russia After Communism**

In a global eaten by screens and the ceaseless chatter of fast interaction, the melodic splendor and mental symphony created by the prepared term usually fade into the background, eclipsed by the constant noise and disturbances that permeate our lives. But, nestled within the pages of **Russia After Communism** a stunning fictional value overflowing with fresh emotions, lies an immersive symphony waiting to be embraced. Crafted by an elegant composer of language, that captivating masterpiece conducts readers on a mental trip, well unraveling the concealed tunes and profound impact resonating within each carefully crafted phrase. Within the depths of the touching review, we can examine the book is central harmonies, analyze its enthralling writing fashion, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.

Russia After Communism Introduction

In today's digital age, the availability of Russia After Communism books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Russia After Communism books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Russia After Communism books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Russia After Communism versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Russia After Communism books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Russia After Communism books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Russia

After Communism books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Russia After Communism books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Russia After Communism books and manuals for download and embark on your journey of knowledge?

FAQs About Russia After Communism Books

1. Where can I buy Russia After Communism books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Russia After Communism book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
