Russia And Beyond:

Russia and the World Natasha Kuhrt, 2014-10-14 This volume brings together analyses of key domestic foreign and security policy issues during the Putin and Medvedev administrations. Indeed the chapters demonstrate the extent to which domestic and foreign policy issues are inextricably linked in particular in the domain of security whether hard or soft. Internal debates regarding Russia's trajectory including issues of national identity, economic modernisation, human rights and democracy continue to be at the forefront of concern. Moreover these debates are intimately connected to Russia's self image and the image therefore that it wishes to project in the wider world. The debates focus on Russia as energy superpower as one of the BRICS as an Eurasian landbridge or a window on the Asia Pacific. Such debates are a constant reminder of the uncertainty surrounding Russia's future path. This book expresses these uncertainties which range from the role of nuclear weapons and energy to critiques of Russia's approach to concepts such as sovereignty and self determination, the fight against terrorism, insurgency and the role of Islam within and without Russia. May have left the chaos of the Yeltsin years behind but as we move into Putin 3.0 the concerns of these chapters will remain critical both to Russia itself and to Russia's relations with the wider world. This book was published as a special issue of *Europe Asia Studies*. **Russia and China**

Michal Lubina, 2017-10-23 This book depicts the sophisticated relationship between Russia and China as a pragmatic one, a political marriage of convenience. Yet at the same time the relationship is stable and will remain so. After all bilateral relations are usually based on pragmatic interests and the pursuit of these interests is the very essence of foreign policy. And as often happens in life the most long lasting marriages are those based on convenience. The highly complex, complicated, ambiguous and yet indeed successful relationship between Russia and China throughout the past 25 years is difficult to grasp. Theoretically Russian and Chinese elites are hard core realists in their foreign policies and the neorealist school in international relations seems to be the most adequate one to research Sino Russian relations. Realistically throughout this period China achieved a multidimensional advantage over Russia. Yet simultaneously Russia China relations do not follow the patterns of power politics. Beijing knows its limits and does not go into extremes. Rather China successfully seeks to build a longterm stable relationship based on Chinese terms where both sides gain, albeit China gains a little more. Russia in this agenda does not necessarily lose, just gains a little less out of this asymmetric deal. Thus a new model of bilateral relations emerges which may be called by paraphrasing the slogan of Chinese diplomacy as asymmetric win win formula. This model is a kind of back to the past, a contemporary equivalent of the first model of Russia China relations, the *modus vivendi* from the 17th century achieved after the Nerchinsk treaty. **Trade Unions in Russia and Ukraine** S. Davis, 2001-10-30 As the Soviet Union collapsed many scholars and policymakers predicted that the pillars of Communism would collapse along with the state. The official trade unions not only continued to exist but gained power in the late Soviet and post Soviet period. Sue Davis explains the reasons why the official trade unions survive and thrive and new independent unions remain small and

weak despite massive Western assistance She examines many factors ranging from state policy to labour power in the late Soviet period as well as the first five years of the post Soviet era in Russia and Ukraine

Russia and Europe in a Changing International Environment Katlijn Malfliet, Lien Verpoest, 2001 [Lifestyle in Siberia and the Russian North](#) Joachim Otto Habeck , 2019-11-25 Lifestyle in Siberia and the Russian North breaks new ground by exploring the concept of lifestyle from a distinctly anthropological perspective Showcasing the collective work of ten experienced scholars in the field the book goes beyond concepts of tradition that have often been the focus of previous research to explain how political economic and technological changes in Russia have created a wide range of new possibilities and constraints in the pursuit of different ways of life Each contribution is drawn from meticulous first hand field research and the authors engage with theoretical questions such as whether and how the concept of lifestyle can be extended beyond its conventionally urban Euro American context and employed in a markedly different setting Lifestyle in Siberia and the Russian North builds on the contributors clear commitment to diversifying the field and providing a novel and intimate insight into this vast and dynamic region This book provides inspiring reading for students and teachers of Anthropology Sociology and Cultural Studies and for anyone interested in Russia and its regions By providing ethnographic case studies it is also a useful basis for teaching anthropological methods and concepts both at graduate and undergraduate level Rigorous and innovative it marks an important contribution to the study of Siberia and the Russian North

China, Russia, and the USA in the Middle East Benjamin Houghton, Kasia A. Houghton, 2023-12-01 The shift in international relations towards multipolarity has had profound implications across the world but particularly in highly penetrated regions such as the Middle East This book explores the rivalry between the USA Russia and China in the region investigating its effects and assessing the influence of regional actors and issues Each chapter offers a comprehensive analysis of three core questions How does global power competition manifest itself How does it impact regional political economic and security dynamics How do regional actors and issues influence the trajectory and dynamics of global power competition Expert international contributors take a country case study approach to consider these questions and investigate the most pressing contemporary events issues and trends in Middle Eastern politics Tackling transregional and global issues and themes they analyse the convergence divergence and competition between global powers in managing threats and interests such as terrorism energy and cyber security nuclear non proliferation conflict resolution and warfare This volume will appeal to scholars and students of international relations great power competition China Russia the USA and the Middle East Chapter 3 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
