**Ascension Theology and Habakkuk** Neal D. Presa, 2018-03-31 This book describes Reformed ecclesiology through the lived faith of the Filipino American Christian diaspora. It proposes a contextual constructive ecclesiology by engaging with the Presbyterian Reformed theological tradition's understanding of the ascension of Jesus Christ with the Old Testament book of Habakkuk as a conversation partner.

**Empire of the Senses** David Howes, 2021-08-05 With groundbreaking contributions by Marshall McLuhan, Oliver Sacks, Italo Calvino, and Alain Corbin among others, *Empire of the Senses* overturns linguistic and textual models of interpretation and places sensory experience at the forefront of cultural analysis. The senses are gateways of knowledge, instruments of power, sources of pleasure and pain, and they are subject to dramatically different constructions in different societies and periods. *Empire of the Senses* charts the new terrains opened up by the sensual revolution in scholarship as it takes the reader into the sensory worlds of the medieval witch and the postmodern mall, a Japanese tea ceremony and a Boston shelter for the homeless. This compelling revisioning of history and cultural studies sparkles with wit and insight and is destined to become a landmark in the field.

**Chinese Overseas** Chee-Beng Tan, Colin Storey, Julia Zimmerman, 2007 The issue of Chinese diaspora is a fascinating phenomenon in the midst of globalism, and there is a growing interest in studies of overseas Chinese not only overseas but in China itself. This volume, the result of an international conference on Chinese overseas studies, deals with issues of research and documentation of Chinese migration and migrants. It brings together the efforts of scholars and librarians in examining the research and documentation of Chinese overseas. Documentation must go hand in hand with research, and this book reiterates the need for greater cooperation between librarians and scholars. In addition to discussion on research and library and archival documentation, the book also takes a look at Chinese overseas in different parts of the world, especially Southeast Asia and North America, as well as South Africa and Cuba.

**Power and Perspective** Karina Corrigan, Stephanie H. Tung, Bing Wang (Museum cataloging assistant), Tingting Xu, 2022-01-01 A critical reconsideration of the history of photography that explores how commerce and conflict fueled its practice in nineteenth-century China. Photography's development as a new form of art and technology coincided with profound changes in the way China engaged with the world in the nineteenth century. The medium evolved in response to war, trade, travel, and a desire for knowledge about an unfamiliar place. *Power and Perspective* provides a rich account of the exchanges among photographers, artists, patrons, and subjects in the treaty port cities that connected China and the West. Drawing primarily from the Peabody Essex Museum's historic and largely unpublished collection of photographs, this generously illustrated volume examines the confrontations and collaborations that shaped the adoption and practice of photography in China. Offering an original reassessment of the colonial legacy of the medium, *Power and Perspective* addresses photography's representations of racial hierarchy and its entanglement with histories of European imperialism in

**Essential Outsiders** Daniel Chirot, Anthony Reid, 2011-10-01 Ethnic Chinese in Southeast Asia like Jews in Central Europe until the Holocaust have been remarkably successful as an entrepreneurial and professional minority Whole regimes have sometimes relied on the financial underpinnings of Chinese business to maintain themselves in power and recently Chinese businesses have led the drive to economic modernization in Southeast Asia But at the same time they remain as the Jews were the quintessential outsiders In some Southeast Asian countries they are targets of majority nationalist prejudices and suffer from discrimination even when they are formally integrated into the nation The essays in this book explore the reasons why the Jews in Central Europe and the Chinese in Southeast Asia have been both successful and stigmatized Their careful scholarship and measured tone contribute to a balanced view of the subject and introduce a historical depth and comparative perspective that have generally been lacking in past discussions Those who want to understand contemporary Southeast Asian and the legacy of the Jewish experience in Central Europe will gain new insights from the book      **The Fookien Times Philippines Yearbook** , 1986      Overseas Chinese and Trade Between the Philippines and China Rupert Hodder, 2006 As China s economic political and military strength grows scholars will need to take a broader and deeper interest in the Philippines and its people This book examines business organization the practice of trade and the political support of these activities within and between the Philippines and China      War in the Philippines Joseph L.
