Pity My Simplicity:

Pity My Simplicity Paul Sangster, 2021-07-25 How did the early Evangelicals pass on their beliefs to their children This book is a study of a strangely neglected part of Evangelical history But it is not merely nor even especially a historian's book it is of general interest absorbingly so The reader is plunged into the child's world of the late eighteenth century a world both surprisingly familiar and terrifyingly unknown Their home life is examined their schools and Sunday Schools the sermons preached for them the books and tracts and magazines they read the diaries they wrote Much of the atmosphere is death haunted and repellent entirely foreign to educational thought today And yet the final proof of the efficacy of any system must be its fruits Actual case histories are considered and conclusions attempted The power of Evangelicalism must have vanished from the earth in a generation had the fathers not nurtured the children believing devoutly in their own educational abilities Yet their many detractors have called them bigots fanatics fools and madmen How fair is this judgment And for today how much of those first beliefs do we retain What is our debt to those Evangelical fathers A fascinating piece of social history is unfolded often grim even macabre sometimes pathetic occasionally gay but never never dull **Mushrooms on the Moor** Frank W. Boreham, 2013-08-01 England born preacher Frank W Boreham became widely known as a Baptist thinker and evangelist over the course of his career in the church He was lauded for his plainspoken and often humorous approach This collection of essays aphorisms and speeches highlights his strengths as both a communicator and an insightful religious thinker Cowley s. and abuse which turn her into a zombie Losing five years of her young life to the mental health system Jean finally finds the courage to say no to drugs and turns her life around finds love and returns to the mental health service as a worker Balancing quotes from case number 10826 her actual case notes which reveal a diagnosis of chronic schizophrenia with her own account of interviews with doctors this memoir raises disturbing questions on the treatment of psychiatric patients which are still relevant today Jean Davison was born in 1950 into a working class family in Yorkshire She left school at 15 to work in a factory After leaving the psychiatric system she returned to education to study for GCEs She has worked as a secretary for the NSPCC and within the health service In 1979 she met Ian who she later married She later graduated from university with a first class degree in literature and psychology Still living in Yorkshire with Ian she now works in mental health The Dark Threads is her first book **The Speaker's Complete Program** ,1891 The Methodist Scholars' Hymn Book.
