Plaguespreaders Tale:

The Plague-spreader's Tale Gesualdo Bufalino, 2011-07-31 In the last months of World War II a young man with a fatal disease straight out of the army is sent to a TB sanatorium near Palermo It feels like a leper colony people arrive but never leave until they are dead usually in a matter of months Even the doctor has the illness in his cells But the sap of life cannot be stopped from flowing The men's and women's wings of the sanatorium are strictly segregated but there are permits to go into town for patients who have passed a screening there are little boys to run lovers errands and there is human ingenuity In the long hot summer of 1946 at an evening of amateur theatricals organised by the doctor our narrator falls in love with Marta a young ballerina who has not lost her grace But what sort of future can be expected of such a romance **The**

The Pandemic Visual Regime Julia Ramírez Blanco, Francesco Spampinato, 2023 The Covid 19 pandemic has been expressed in various ways through visibility and performance and some of its more nuanced cultural implications have taken place in a realm that goes beyond words Through the exploration of the visual culture produced during and in response to the Covid 19 pandemic The Pandemic Visual Regime Visibility and Performativity in the Covid 19 Crisis highlights the key role played by images in shaping our understanding of the epochal transformations our society is undergoing This book argues that visibility and its relationships with the performative have played such a significant role in the Covid 19 pandemic that we can even speak of the emergence of a pandemic visual regime a new way of seeing and representing the world under this global emergency Through an interdisciplinary framework The Pandemic Visual Regime aims to answer an array of questions In which ways have the effects of the pandemic been racialized thereby reinforcing white supremacy How are our responses to Covid 19 shaped by the Hollywood outbreak narrative of films such as Contagion How has design responded to our new pandemic needs How have infographics affected our perception In which new ways have we come to inhabit private public and virtual space Regarding the latter what changes have there been in the forms of digital surveillance On the other side of the spectrum what forms has mutual aid taken and what have been our forms of relating with nature both during lockdown and after lockdown was over All these questions open the field to rethinking the visibility of our post pandemic zeitgeist
