Vereshchagin,1899 The following pages are not offered to the reader as a history of the invasion of Russia by Napoleon They are but the statement of the basis of observation on which M Verestchagin has founded his great series of pictures illustrative of the campaign These pictures are now to be exhibited in this country and the painter has naturally desired to show us from what point of view he has approached the study of his subject one of the greatest subjects in the whole range of history especially for a Russian artist The point of view is inevitably in his case that of the Realist and this consideration gives

unity to the conception of his whole career and endeavour He has ever painted war as it is and therefore in its horrors as one of its effects though not necessarily as an effect sought in and for itself He has tried to be true in all his representations of the battle field His work may thus be said to constitute a powerful plea in support of the Tsar s Rescript to the Nations in favour of peace My meaning will be best illustrated by a short sketch of M Verestchagin and his work as painter as soldier and as traveller **Just So Stories (Deluxe Library Binding)** Rudyard Kipling,2022-03-15 Rudyard Kipling began working on Just So Stories by telling the first three chapters as bedtime stories to his daughter Josephine These had to be told just so exactly in the words she was used to or she would complain **Scribner's Magazine ...** ,1919
