British Writing from Empire to Brexit Robert Spencer,Howard J. Booth,Anastasia Valassopoulos,2025-02-27 This introduction to British literature from 1900 to 2021 looks at British writing from the perspective of the 2016 Brexit vote and its seismic repercussions The book covers a wide variety of British literature in order to expose the cultural and political history of Britain its repeated challenges and highly class bound patriarchal structure British Writing from Empire to Brexit Writing Identity and Nation offers a stark view of what British culture has come to represent and the repercussions Not shying away from discussions around imperialism nationalism and racism Robert Spencer Howard J Booth and Anastasia Valassopoulos offer a radical deconstruction of what Britishness can and should mean promoting a convincing and accessible way to rethink the texts and field The authors analyse novels poetry and prose which amplify the dissentient and dissident perspectives of women gender non conforming and queer authors as well as the varied viewpoints and insights of working class immigrant postcolonial Black and Asian writers showing how these works open up post national futures after empire and after Brexit Ultimately offering a model to rescue Britain from its current crises and anxieties this book is an essential read for anyone approaching the study of British literature and culture as well as those working on postcolonial studies decolonisation recent British history and politics or with an interest in empire and Brexit **Remembering the First**

World War Bart Ziino,2014-12-05 Remembering the First World War brings together a group of international scholars to understand how and why the past quarter of a century has witnessed such an extraordinary increase in global popular and academic interest in the First World War both as an event and in the ways it is remembered The book discusses this phenomenon across three key areas The first section looks at family history genealogy and the First World War seeking to understand the power of family history in shaping and reshaping remembrance of the War at the smallest levels as well as popular media and the continuing role of the state and its agencies The second part discusses practices of remembering and the more public forms of representation and negotiation through film literature museums monuments and heritage sites focusing on agency in representing and remembering war The third section covers the return of the War and the increasing determination among individuals to acknowledge and participate in public rituals of remembrance with their own contemporary politics What for instance does it mean to wear a poppy on armistice remembrance day How do symbols like this operate today These chapters will investigate these aspects through a series of case studies Placing remembrance of the First World War in its longer historical and broader transnational context and including illustrations and an afterword by Professor David Reynolds this is the ideal book for all those interested in the history of the Great War and its aftermath
