**Rudiger Dornbusch, Steve Marcus**

## **Rules And Discretion In International Economic Policy:**

International Economic Policy Coordination Centre for Economic Policy Research (Great Britain), National Bureau of Economic Research, 1985 This volume presents some of the best current research on international economic policy coordination *Jahrbuch für Handlungs- und Entscheidungstheorie* Hans-Peter Burth, Thomas Plümper, 2003-01-31 Das Jahrbuch für Handlungs und Entscheidungstheorie bietet ein Forum für Artikel die im weitesten Sinne der Rational Choice Tradition angehören Im zweiten Band des Jahrbuches behandelt Philip Manow die Logik von Patronage und Korruption Michael Neugart und Björn Rother diskutieren Lösungen für wirtschaftspolitische Externalitäten in Wirtschaftsunionen Eine dezidiert empirische Analyse von Sonja Haug und Karsten Weber Befasst sich mit Tauschbeziehungen im Internet Auf der Grundlage einer experimentellen Studie analysieren Eduard Brandstätter und Friedrich Schneider die Entscheidungslogik von Akteuren in riskanten Entscheidungen Theoretische Beiträge zum Neuen Institutionalismus in der Politikwissenschaft von Daniel Diemeier und zu den wissenschaftstheoretischen Grundlagen von Erklärungen Ulrich Druwe runden den zweiten Band ab **The Reality of International Economic Policy Coordination** H. J. Blommestein, 1991 The reality of international economic policy coordination is the subject of this book This reality comprises the objectives of policy makers the various constraints faced by policy makers and current economic knowledge about international coordination The treatment of the subject matter is unique because the principal authors have first hand knowledge based on their current or past involvement in the process of international economic policy coordination This makes the book important and stimulating for both policy makers and academic specialists in this field The study provides an in depth analytical overview of the most important topics in the area of international coordination the role of institutions fiscal policy tax policy the international monetary system the European monetary system policy assignment rules and exchange rate regimes structural policy and structural reform methods and empirical effects of international policy coordination Monetary Policy, Fiscal Policies and Labour Markets R. Beetsma, C. Favero, A. Missale, V. A. Muscatelli, P. Natale, P. Tirelli, 2007-09-24 Following the birth of the European Monetary Union EMU economists are still divided in their assessment of the ability of its key institutions to provide macroeconomic stability and foster the reforms necessary to stimulate economic growth In this collection experts focus on issues of fiscal policy monetary policy and labour markets and ask Can the stability and growth pact provide an adequate framework for the conduct of national fiscal policies Is the ECB reacting with competence and flexibility to a rapidly changing macroeconomic environment How do national labour markets react to the macroeconomic institutions and what are the structural reforms needed in labour markets Blending empirical and theoretical data this book offers one of the most comprehensive surveys of research in macroeconomic policymaking within the EMU **Rules and Discretion in International Economic Policy** Manuel Guitián, Manuel Guitián, 1992 Economic interdependence offers the potential for raising global welfare but there is a fuzzy boundary between national interests and global objectives in the economic policy area This paper examines the

boundary area It concludes that all international economic regimes must entail a mix of rules and discretion and it considers the most appropriate weights to be given to rules and discretion

*Challenges for Economic Policy Coordination within European Monetary Union* Andrew J. Hughes Hallett, Peter Mooslechner, Martin Schürz, 2013-06-29 The launch of European Monetary Union EMU marked the beginning of a new era and its establishment has proved an impressive success at the technical legal and procedural level After all EMU has accelerated economic and political integration in the European Union and tied the economies of the Member States closer together However the performance of the euro high unemployment rates uneven output and investment growth and the issue of structural reforms that have yet to be tackled have raised questions about the performance of EMU in practice There is a general consensus on the justification for economic policy coordination The existing literature on economic policy coordination however seems far from able to provide robust conclusions about how to organize the necessary interaction of institutions and policies Therefore there seems to be a case for re examining the subject under the new framework set by EMU The objective of such a reassessment is to enhance the understanding of what type of coordination and what institutional setting for policy coordination can be expected to be most favorable

*Challenges for Economic Policy Coordination within European Monetary Union* provides an intellectually stimulating contribution to the ongoing debate

*Kyoto University Economic Review*, 1994

**Money, Economic Policy, and Europe** Tommaso Padoa-Schioppa, 1985

*An Open Economy Macroeconomics Reader* Mehmet Ugur, 2002 This book draws together the seminal contributions to the literature on the nature of macroeconomics in open economies and illuminates the material This is an essential guide to the subject for students

**International Money & Debt** Rudiger Dornbusch, Steve Marcus, 1991

**Wirtschaftspolitische Blätter**, 2000

**International Economic Policies** William Smith Culbertson, 1925

*Hamburger Jahrbuch für Wirtschafts- und Gesellschaftspolitik*, 1998

**Special Papers in International Economics**, 1996

**Publications Catalog** International Monetary Fund, 1998

*Wirtschaftspolitische Strategien* Heinz-Peter Spahn, 1990

**Finanzmarktanalysen, internationaler Handel und Politikkoordination** Engelbert Dockner, Edgar Rosenmayr, Alfred Sitz, 1990

**International Economics and International Economic Policy** Philip King, 2000 A collection of essays on international economics drawn from various scholarly sources Topics discussed include free trade versus strategic trade globalization preferential trading arrangements foreign exchange and macro policy the Asian crisis the Euro and trade issues for the 21st century

*Berichte und Studien*, 2001

**International Finance Discussion Papers**, 1996
