**21st Century Sociology: A Reference Handbook** Clifton D. Bryant, Dennis L. Peck, 2007 Publisher Description **The Social Science Encyclopedia** Adam Kuper, 2003-12-16 The Social Science Encyclopedia first published in 1985 to acclaim from social scientists librarians and students was thoroughly revised in 1996 when reviewers began to describe it as a classic This third edition has been radically recast Over half the entries are new or have been entirely rewritten and most of the balance have been substantially revised Written by an international team of contributors the Encyclopedia offers a global perspective on the key issues within the social sciences Some 500 entries cover a variety of enduring and newly vital areas of study and research methods Experts review theoretical debates from neo evolutionism and rational choice theory to poststructuralism and address the great questions that cut across the social sciences What is the influence of genes on behaviour What is the nature of consciousness and cognition What are the causes of poverty and wealth What are the roots of conflict wars revolutions and genocidal violence This authoritative reference work is aimed at anyone with a serious interest in contemporary academic thinking about the individual in society **Routledge Library Editions: Political Geography** Various, 2021-06-23 From votes to strikes to street violence politics is intrinsically geographical Many of the books in this set originally published between 1964 and 1990 illustrate that the social contexts provided by localities are crucial in defining distinctive political identities and subsequent political activities *Developments in Electoral Geography* Ron Johnston, Fred M. Shelley, Peter J. Taylor, 2014-10-03 The essays in this collection show how electoral geography has shifted from empiricist activity towards a closer involvement with the wider issues addressed by social scientists They illustrate the potential contributions that electoral geographers can make towards the understanding of global national and local societies [From Columbus to ConAgra](#) Alessandro Bonanno, 1994 This examination of the role of agriculture and food in the new international division of labor argues that the globalized economy creates new winners and losers *Contradictions in Canadian Society* John Allan Fry, 1983 **The Neoliberal Regime in the Agri-Food Sector** Steven Wolf, Alessandro Bonanno, 2013-12-04 For the last three decades the Neoliberal regime emphasising economic growth through deregulation market integration expansion of the private sector and contraction of the welfare state has shaped production and consumption processes in agriculture and food These institutional arrangements emerged from and advanced academic and popular beliefs about the virtues of private market based coordination relative to public state based problem solving This book presents an informed

constructive dialogue around the thesis that the Neoliberal mode of governance has reached some institutional and material limits Is Neoliberalism exhausted How should we understand crisis applied to Neoliberalism What are the opportunities and risks linked to the construction of alternatives The book advances a critical evaluation of the evidence supporting claims of rupture of or incursions into the Neoliberal model It also analyzes pragmatic responses to these critiques including policy initiatives social mobilization and experimentation at various scales and points of entry The book surveys and synthesizes a range of sociological frames designed to grapple with the concepts of regimes systemic crisis and transitions Contributions include historical analysis comparative analysis and case studies of food and agriculture from around the globe These highlight particular aspects of crisis and responses including the potential for continued resilience a neo productivist return as well as the emergence and scaling up of alternative models
