Rusa La:

El año uno de la revolución rusa Víctor Serge, 2024-04-27 El revolucionario Víctor Serge pintó en este libro la culminación del proceso en que una generación fue creada para cambiar el mundo. En su relato de primera mano podemos encontrar los aciertos, las dudas y vacilaciones e incluso los errores, marchas y contramarchas de un proceso vivo de una construcción humana a pesar de magnitud titánica. También nos brinda las coordenadas para comprender la motivación específica, la relatividad histórica y las enseñanzas posibles de los hechos pasados comparados con los presentes. Reproducimos algunas de las páginas que describen la relación del partido Bolchevique y la convocatoria a la Asamblea Constituyente. Si el partido socialista revolucionario aguardaba la Asamblea Constituyente con una esperanza que rayaba en el misticismo, este partido renunciando a sus tradiciones revolucionarias vivió desde muchos meses atrás en una especie de xtasis democrático. El partido socialista revolucionario firmó con el sufragio de millones de campesinos, de los intelectuales de las clases medias de las ciudades y hasta de algunos elementos radicales de la burguesía alentado por el socialismo internacional y por los gobiernos aliados seguros de obtener una copiosa mayoría en la próxima Asamblea Constituyente a la que seguiría sin duda una asamblea legislativa creándose el gran partido parlamentario y gubernamental del mañana. Podría ser de otro modo. Los bolcheviques se hallaban algo embarazados previendo el éxito electoral de los socialistas revolucionarios. Lenin habría querido modificar la ley electoral concediendo el voto a los jóvenes de dieciocho años decretando la revocabilidad de los candidatos y de los elegidos negando el derecho del voto a los cadetes y a los contrarrevolucionarios. Pero los bolcheviques mismos habían exigido durante el gobierno provisional la convocatoria de la Asamblea Constituyente que en aquel entonces suponía un progreso. Y en las provincias esperaban la Asamblea. Mucho camino habremos andado si la Asamblea se compone de cadetes, mencheviques y socialistas revolucionarios. Pero se le contestaba: Para cuando se reunan seremos mucho más fuertes que ahora. Lenin se inclinó ante la mayoría no sin expresar su recelo de que no fuese a costar aquel error la cabeza a la revolución. Concretó su criterio sobre la Asamblea Constituyente en las tesis publicadas por Pravda a principios de diciembre. Repasémoslas. En el programa de la socialdemocracia ocupaba un lugar legítimo la Asamblea Constituyente porque venía a realizar la más alta forma de democracia dentro de una república burguesa. Pero los Soviets constituyen una forma de democracia superior, la única que es capaz de asegurar el paso al socialismo con el menor dolor posible. El actual escrutinio está falseado porque se realiza por las listas electorales caducadas anteriores a las grandes transformaciones que han tenido lugar en el país. El partido que goza de mayor popularidad entre los campesinos, el socialista revolucionario, se presenta ante los electores con listas únicas cuando todos sabemos que se encuentra escindido. La mayoría del pueblo no ha tenido todavía tiempo de darse cuenta del alcance de la revolución soviética. Los resultados de las reelecciones de los comités del ejército de los comités de provincias, etc. demuestran en qué forma se están reagrupando los elementos políticos. Por otra parte, los contrarrevolucionarios han dado comienzo a la guerra civil en el sur y en Finlandia suprimiendo así toda posibilidad de
