RUSI and Brassey's Defence Yearbook Royal United Services Institute for Defence Studies, 1988-12 RUSI and Brassey's Defence Yearbook, 1987, 1987 Energy Abstracts for Policy Analysis, 1988 Navies in Violent Peace James Cable, 1989-07-24 A study of the political utility of navies not only in past wars and possible future wars but also in the violent peace of the modern era It looks at their use in gunboat diplomacy showing the flag policing coastlines and tackling pirates and terrorists Naval arms control is also discussed *Policymaking under Adversity* Yehezkel Dror, 2017-09-29 This groundbreaking study systematically treats recent policymaking trends starting with a reconsideration of salient theoretical issues of policymaking and its study and culminating with a survey of current policy related predicaments in various countries Dror proposes that the task for social science research is to uncover underlying causes of policymaking inadequacies Standard research methods Dror states have been unable to uncover the realities of important decisions made inside governments In order to gain an understanding of pressing predicaments he believes that policymakers need to examine the foundations of contemporary practices of present assumptions and that they need a multiplicity of approaches to policymaking After prescribing a set of requirements that policymaking must satisfy in order to adequately respond to challenges Dror posits several improvements needed in education and in policy decision making The book concludes with an extensive bibliography including numerous important German works not found in other English language studies This book supplements the earlier basic theory and models propounded in Dror's Public Policymaking Reexamined by dealing with current trends As a guide to public policy literature and related works it will be invaluable to students and practitioners

The Quarterly Index Islamicus, 1989 *American Defense Annual, 1990-1991* Joseph Kruzel, 1990 Top security experts analyze the current state of US security policy and the implications of recent dramatic changes in international politics They cover defense strategy and the budget strategic theater seapower and power projection forces personnel organization and management and arms control issues Special chapters for this year's edition examine the military uses of space and the future of the US Army Annotation copyrighted by Book News Inc Portland OR *The End of the Outer Empire* Alex Pravda, 1992-09-16 It is remarkably easy to take revolutionary changes for granted after the event Yet as this fascinating account shows the disappearance of communist rule in Eastern Europe was the result of a conjunction of long term decay and collapse from within with a fundamental shift in the second half of the 1980s in the policy of the Soviet Union Gorbachev's perestroika and foreign policy revolution meant that the Soviet Union's empire was scrutinized on a far stricter cost benefit basis and subordinated to the higher priorities of domestic reform and detente in Europe This study shows how Gorbachev's liberal policy ran out of control opening the way to far faster and more revolutionary change than he had envisaged The book

sheds light on the dynamics of the decline of an empire on the complex interaction of economic political and security factors in both domestic and foreign policy in shaping revolutionary change It suggests that the East European states have to contend with a burdensome domestic and foreign policy legacy far more intractable than many initially assumed as they redefine their relations with the successor states of the Soviet Union and with the rest of Eastern Europe Europe and the rest of the world *Choice* ,1988 **The Cumulative Book Index** ,1995 A world list of books in the English language
