

Russia And The Russians

Edmund Noble

Russia And The Russians:

Russia and the Russians Geoffrey A. Hosking, 2001 Chronicles the history of the Russian Empire from the Mongol Invasion through the Bolshevik Revolution to the aftereffects of the Cold War **Russia and the Russians** Geoffrey A. Hosking, 2011 Hosking follows the country's history from the Slavs' first emergence in the historical record in the sixth century CE to the Russians' persistent appearances in today's headlines The second edition covers the presidencies of Vladimir Putin and Dmitrii Medvedev and the struggle to make Russia a viable functioning state for all its citizens Russia and the Russians: a History Geoffrey Hosking, 2003 Rulers and Victims Geoffrey Hosking, 2006-01-01 Many westerners used to call the Soviet Union Russia Russians too regarded it as their country but that did not mean they were entirely happy with it In the end in fact Russia actually destroyed the Soviet Union How did this happen and what kind of Russia emerged In this illuminating book Geoffrey Hosking explores what the Soviet experience meant for Russians One of the keys lies in messianism the idea rooted in Russian Orthodoxy that the Russians were a chosen people The communists reshaped this notion into messianic socialism in which the Soviet order would lead the world in a new direction Neither vision however fit the community spirit of the Russian people and the resulting clash defined the Soviet world Hosking analyzes how the Soviet state molded Russian identity beginning with the impact of the Bolshevik Revolution and civil war He discusses the severe dislocations resulting from collectivization and industrialization the relationship between ethnic Russians and other Soviet peoples the dramatic effects of World War II on ideas of homeland and patriotism the separation of Russian and Soviet culture leadership and the cult of personality and the importance of technology in the Soviet world view At the heart of this penetrating work is the fundamental question of what happens to a people who place their nationhood at the service of empire There is no surer guide than Geoffrey Hosking to reveal the historical forces forging Russian identity in the post communist world **Russia** Geoffrey A. Hosking, 1997 The Soviet Union crumbles and Russia rises from the rubble once again the great nation a perfect scenario but for one point Russia was never a nation And this says the eminent historian Geoffrey Hosking is at the heart of the Russians' dilemma today as they grapple with the rudiments of nationhood His book is about the Russia that never was a three hundred year history of empire building at the expense of national identity Russia begins in the sixteenth century with the inception of one of the most extensive and diverse empires in history Hosking shows how this undertaking the effort of conquering defending and administering such a huge mixture of territories and peoples exhausted the productive powers of the common people and enfeebled their civic institutions Neither church nor state was able to project an image of Russian-ness that could unite elites and masses in a consciousness of belonging to the same nation Hosking depicts two Russias that of the gentry and of the peasantry and reveals how the gap between them widened by the Tsarist state's repudiation of the Orthodox messianic myth continued to grow throughout the eighteenth and nineteenth centuries Here we see how this myth on which the empire was originally based returned centuries later in the

form of the revolutionary movement which eventually swept away the Tsarist Empire but replaced it with an even more universalist one Hosking concludes his story in 1917 but shows how the conflict he describes continues to affect Russia right up to the present day [Russia and the Russians](#) Edmund Noble,1900 **Russia and the Russians** Geoffrey A Hosking,2011-01-01 *Russia and the Russians* Edward Crankshaw,1947 **Russia and the Russians or a Journey to St. Petersburg and Moscow, Through Courland and Livonia** Leitch Ritchie,2025-09-27 Reprint of the original first published in 1836 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage *Russia of the Russians* Harold Williams,1919 **Russia and the Russians** Edmund Noble,2015-06-12 Excerpt from Russia and the Russians The works utilized in the preparation of this Sketch include a number of volumes in English French German and Russian About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works [Russia of the Russians](#) Harold Williams,1918 [Russia and the Russians](#) Valerii Tarsis,1970 *Russia of the Russians. [With Plates.]*. Harold Whitmore Williams,1940 [A History of Russia, the Soviet Union, and Beyond](#) David MacKenzie,Michael W. Curran,2002 In this revision of their best selling book MacKenzie and Curran present a clear and objective account of the history of Russians and other eastern Slavs from its beginnings in ancient Rus to the demise of the Soviet Union and most recently the Putin presidency Acclaimed in the field for its clarity comprehensiveness and accuracy the text balances social cultural history with political history The authors approach weaves the external geographic determinism of the Eurasian school and the organic inner oriented approach of Russian historians

A Short History of Russia Mark Galeotti,2020-07-07 A Library Journal 2020 Title to Watch Terrific and an amazing achievement to cover so much ground in such a short and wonderfully readable book Peter Frankopan bestselling author of *The Silk Roads* Russia's epic story told in an accessible lively and short form using the country's fascinating history to help us understand its actions today and what the future might hold A country with no natural borders no single ethnic group no true central identity Russia has mythologized its past to unite its people to justify its military decisions and to signal strength to outsiders Mark Galeotti takes us behind the myths to the heart of the Russian story covering key moments such as the formation of a nation through its early legends including Ivan the Terrible and Catherine the Great the rise and fall of the Romanovs the Russian Revolution the Cold War Chernobyl and the Soviet Union the arrival of an obscure politician named Vladimir Putin and his ambitions for Russia *A Short History of Russia* explores the history of this fascinating extraordinary

desperate and exasperating country through two intertwined issues the way successive influences from beyond its borders have shaped Russia and the way Russians came to terms with this influence writing and rewriting their past to understand their present and try to shape their future In turn this self invented history has come to affect not just their constant nation building project but also their relations with the world **The Russians** Hedrick Smith,1976 Hedrick Smith has done what we all wish we could do he has gone to Russia and spoken to the people Over steaming samovars in cramped flats and on dirt floors he has spoken to peasants and bureaucrats artists and officials He has studied their customs and their governments and shares his fascinating insights and fresh perspectives with us *The Russian Empire* Andreas Kappeler,2001 This survey of Russia as an ethnic empire spans the imperial years from the 16th century to the present with consideration of the Soviet phase It asks how Russians incorporated territories and how they were resisted *Russia in Search of Itself* James H. Billington,2004-03-19 Billington describes the contentious discussion occurring all over Russia and across the political spectrum He finds conflicts raging among individuals as much as between organized groups and finds a deep underlying tension between the Russians attempts to legitimize their new nominally democratic identity and their efforts to craft a new version of their old authoritarian tradition After showing how the problem of Russian identity was framed in the past Billington asks whether Russians will now look more to the West for a place in the common European home or to the East for a new Eurasian identity **A History of Russia and the Soviet Union** David MacKenzie,Michael W. Curran,1987

This is likewise one of the factors by obtaining the soft documents of this **Russia And The Russians** by online. You might not require more get older to spend to go to the ebook inauguration as without difficulty as search for them.
