## **Russia And China On The Eve Of A New Millennium:**

**Russia and China on the Eve of a New Millenium** Carl A. Linden, Jan S. Prybyla, 1997-01-01 A collection of thoughtful and far ranging essays by two senior scholars The book hangs together better than most edited volumes American Journal of Chinese Studies *Russia and the Challengers* H. Belopolsky, 2015-12-11 An examination of why Russia chose to jeopardize its embryonic partnership with the West in favour of alignment with states like China Iran and Iraq and what this means for the stability of the emerging international system **China und die Europäische Union** Stefan Friedrich, 2000 **Russia** Gregory L. Freeze, 2009 The history of Russia from Kievan Rus to Vladimir Putin Russia A History cuts through the myths and mystery that have surrounded Russia from its earliest days with startling revelations from classified archives that until comparatively recently were not even known to exist A distinguished team of historians has stripped away the propaganda and preconceptions of the past to tell the definitive story of Russia from tenth century Kiev and Muscovy through empire and revolution to the fall of Communism and the new order of the 1990s and early 21st century A compelling story in its own right it is essential reading for anyone with an interest in Russia and its place in the world This updated edition now covers the developments in the Putin era in the first decade of the 21st century **Russia in the Middle East** Andrej Kreutz, 2006-11-30 Kreutz examines the goals and strategies of Russia and the former Soviet Union toward most of the Arab states in the Middle East The author argues that Russia has been an important actor in the region for over a century and has tried to regain its influence in several countries following its strategic retreat after the collapse of the Soviet Union in the early 1990s However according to Kreutz Moscow does not seek confrontation with the United States or with the West in general in the region Rather the Russians are interested in peace and stability in the region which is close to its borders Because of that although Moscow wants to cultivate its links with Israel it also seeks to reach a peaceful and balanced solution to the Palestinian Israel and the Arab Israeli conflicts taking Palestinian and Arab interests into account Washington can better engage Moscow as a stabilizing force in the Middle East and as a collaborator in the struggle against Islamic terrorists At the same time the United States must be cognizant of where Washington and Moscow diverge Although Russia may be too weak now to compete with the United States on a global scale it is not happy to see American or EU encroachment close to its own neighborhood If we take their weakness for granted and become blind to the possibilities for Russian alliances in the region we do so to our disadvantage This book demonstrates Russia s enduring interest and influence in the Arab Middle East **Chinese Yearbook of International Law and Affairs** ,1996 **Resolved that the United States Should Substantially Change Its Foreign Policy Toward Russia** Sherry B. Shapiro, 1998 *Russia as an Aspiring Great Power in East Asia* P. Rangsimaporn, 2009-08-27 Rangsimaporn argues that Russia aspires to become a great power and tries to achieve this through utilizing its position as a Eurasian country with vast territories in East Asia its economic assets primarily arms and energy and careful management of its role in a multipolar East Asia with a complex

balance of power      **Communist Economics in Russia** Bruno S. Sergi, 2004 In this book the author highlights various symbols from Russian history that typify the identity confusion of Russia He takes the reader on a journey of more than a century from the period preceding the communist seizure of power through the various stages of communist power to the ultimate collapse of the communist system and the attempts by Yeltsin and Putin to deal with its appalling legacy Many of the problems of post communist Russia including the heated debates about the best way forward which eventually resulted in virtual stalemate and stalled reforms and the various ramifications of the near absence of the bourgeoisie including the rise of corruption of the so called oligarchs and of nomenklatura privatization can ultimately be traced back to the seriously distorting effects of the logic of communist economics in Russia But misguided Western advisers must also share part of the blame for the problems the Russian economy has experienced in recent years      **Journal of South Asian and Middle Eastern Studies** ,2007
